ING Life Insurance and Annuity Company

and its

Variable Annuity Account C

State University of New York Defined Contribution Retirement Plan

Supplement dated April 28, 2006

This supplement updates certain information contained in your current variable annuity Contract Prospectus, Contract Prospectus Summary and Statement of Additional Information (SAI). Please read it carefully and keep it with your variable annuity Contract Prospectus, Contract Prospectus Summary and SAI.

NOTICE OF FUND SUBSTITUTIONS

ING Life Insurance and Annuity Company (the "Company") and Variable Annuity Account C (the "Separate Account") have filed an application with the Securities and Exchange Commission to permit certain funds in which the subaccounts of the Separate Account invest (the "Replaced Funds") to be replaced with certain other funds (the "Substitute Funds").

Reasons for the Substitution. The principal purposes of the substitutions are as follows:

- **Implement Business Plan.** The substitutions are part of an overall business plan to provide a more streamlined, standardized, simplified and consolidated current array of funds available through the Company's products.
- Reduced Costs and Greater Influence. Including too many different funds with different investment advisers within the Company's products makes those products more costly to administer. The Company believes that making available affiliated funds managed by expert third party asset managers will lead to increased efficiencies, greater influence over the administrative aspects of the funds and reduced costs.
- **Due Diligence.** The substitutions will allow the Company to respond to concerns that it has identified in its due diligence review of the funds available through the products, including concerns related to changes in fund managers, performance and well-publicized investigations, claims and regulatory actions and the corresponding negative publicity.

The following funds are involved in the substitutions:

Replaced Funds	Substitute Funds
Fidelity® VIP Equity-Income Portfolio (Initial Class)	ING FMR SM Equity Income Portfolio (Class I)
MFS Total Return Series (Initial Class)	ING MFS Total Return Portfolio (Class I)
Fidelity® VIP High-Income Portfolio (Initial Class)	ING PIMCO High Yield Portfolio (Class I)
Fidelity® VIP Asset Manager SM Portfolio (Initial Class)	ING VP Balanced Portfolio, Inc. (Class I)

Important Information about the Proposed Substitutions.

- Prior to the effective date of the substitutions you will receive another supplement which will indicate the effective date of the substitutions, provide you with further details about each Substitute Fund and reiterate your rights related to the substitutions. You will also receive a prospectus or one-page summary for each of the Substitute Funds, if you have not already received one.
- Prior to the effective date of the substitutions and for thirty days thereafter you may transfer amounts allocated
 to a subaccount which invests in a Replaced Fund to any other subaccount or any available fixed account free
 of charge and any such transfer will not count as a transfer when imposing any applicable restriction or limit
 on transfers.
- On the effective date of the substitutions, all amounts you have allocated to a subaccount which invests in a
 Replaced Fund will automatically be reallocated to the corresponding Substitute Fund. Thereafter, all future
 allocations directed to a subaccount which invested in a Replaced Fund will be automatically allocated to the
 corresponding Substitute Fund.
- You will not incur any fees or charges or any tax liability because of the substitutions, and your account value immediately before the substitutions will equal your account value immediately after the substitutions.
- The total expenses of each Substitute Fund are less than or equal to the total expenses of the corresponding Replaced Fund.
- The investment objective and policies of each Substitute Fund are substantially the same as, similar to or consistent with the investment objective and policies of the corresponding Replaced Fund.

Securities offered through ING Financial Advisers, LLC (Member SIPC), 151 Farmington Avenue, Hartford, CT 06156, or through other Broker-Dealers with which it has a selling agreement.

CONTRACT PROSPECTUS - APRIL 28, 2006

The Contracts. The contracts described in this prospectus are group deferred fixed and variable annuity contracts issued by ING Life Insurance and Annuity Company (the Company). They are intended to be used as funding vehicles for certain types of retirement plans, including those that qualify for beneficial tax treatment and/or to provide current income reduction under certain sections of the Internal Revenue Code of 1986, as amended (Tax Code).

Why Reading this Prospectus is Important. Before you participate in the contract through a retirement plan, you should read this prospectus. It provides facts about the contract and its investment options. Plan sponsors (generally your employer) should read this prospectus to help determine if the contract is appropriate for their plan. Keep this document for future reference.

Table of Contents . . . Page 3

You may participate in this contract if you are an eligible employee participating in the State University of New York (SUNY) defined contribution retirement plan or any predecessor SUNY plan under section 403(b) of the Tax Code.

Investment Options. The contracts offer variable investment options and fixed interest options. When we establish your account, you instruct us to direct account dollars to any of the available options. Some investment options may be unavailable through certain contracts and plans.

The ING GET U.S. Core Portfolio is not currently available for investment.

This fund has changed its name to the name listed above. See Appendix III - Fund Descriptions for a complete list of former and current fund names.

Transfers or deposits to this subaccount are only allowed for participants who had a current balance in the Oppenheimer Strategic Bond Fund/VA subaccount on October 17, 2003 or who were currently directing periodic contributions into the subaccount as of that date. The Oppenheimer Strategic Bond Fund/VA was replaced with the ING Oppenheimer Strategic Income Portfolio (Initial Class) on April 15, 2005. Investment in the substitute fund is subject to the same restrictions as those that applied to the replaced fund. If at any time a participant has no balance in the subaccount and is not making a current allocation into the subaccount, no further transfers or deposits into the subaccount will be allowed. As soon as all those who have current allocations to the subaccount under the contract have redirected their allocations to other investment options, we will close the subaccount to all new transfers and deposits.

Transfers or deposits are not allowed into the subaccount investing in this fund, except from accounts established under the contract before May 1, 1998. As soon as all those who have current allocations to the subaccount under the contract have redirected their allocations to other investment options, we will close the subaccount to all new transfers or deposits.

CONTRACT PROSPECTUS - APRIL 28, 2006 (CONTINUED)

Variable Investment Options. These options are called subaccounts. The subaccounts are within Variable Annuity Account C (the separate account). Each subaccount invests in one of the mutual funds (funds) listed on the previous page. Earnings on amounts invested in a subaccount will vary depending upon the performance of its underlying fund. You do not invest directly in or hold shares of the funds.

Risks Associated with Investing in the Funds. Information about the risks of investing in the funds is located in the "Investment Options" section in this prospectus on page 10 and in each fund prospectus. Read this prospectus in conjunction with the fund prospectuses, and retain the prospectuses for future reference.

Fixed Interest Options.

- □ Guaranteed Accumulation Account
- ⊳ Fixed Plus Account

Except as specifically mentioned, this prospectus describes only the variable investment options. However, we describe the fixed interest options in the appendices to this prospectus. There is also a separate prospectus for the Guaranteed Accumulation Account.

Compensation. We pay compensation to broker-dealers whose registered representatives sell the contracts. See "Contract Distribution" for further information about the amount of compensation we pay.

Getting Additional Information You may obtain the April 28, 2006, Statement of Additional Information (SAI) free of charge by indicating your request on your enrollment materials, by calling the Company at 1-800-677-4636, or by writing to us at the address listed in "Contract Overview-Questions: Contacting the Company." You may also obtain an SAI for any of the funds, or a Guaranteed Accumulation Account prospectus, by calling that number. This prospectus, the Guaranteed Accumulation Account prospectus, the SAI and other information about the separate account may be obtained by accessing the Securities and Exchange Commission's (SEC) website, http://www.sec.gov. Copies of this information may also be obtained, after paying a duplicating fee, by contacting the SEC Public Reference Branch. Information on the operation of the SEC Public Reference Branch may be obtained by calling 1-202-551-5850 or 1-800-SEC-0330, e-mailing publicinfo@sec.gov, or by writing to SEC Public Reference Branch, 100 F Street, NE, Room 1580, Washington, D.C. 20549. When looking for information regarding the contracts offered through this prospectus, you may find it useful to use the number assigned to the registration statement under the Securities Act of 1933. This number is 033-81216. The number assigned to the registration statement for the Guaranteed Accumulation Account is 333-133151. The SAI table of contents is listed on page 40 of this prospectus. The SAI is incorporated into this prospectus by reference.

Additional Disclosure Information. Neither the SEC, nor any state securities commission, has approved or disapproved the securities offered through this prospectus or passed on the accuracy or adequacy of this prospectus. Any representation to the contrary is a criminal offense. This prospectus is valid only when accompanied by current prospectuses of the funds. We do not intend for this prospectus to be an offer to sell or a solicitation of an offer to buy these securities in any state that does not permit their sale. We have not authorized anyone to provide you with information that is different than that contained in this prospectus.

Questions: Contacting the

Company. To answer your questions, contact your local representative or write or call the Company through:

For all regular mail, please use: Service Center ING Life Insurance and Annuity Company P.O. Box 9780 Providence, RI 02940-9780

For overnight mail, please use: Service Center ING Life Insurance and Annuity Company 101 Sabin Street Pawtucket, RI 02860 (1-800-677-4636)

Sending Forms and Written Requests in Good Order.

If you are writing to change your beneficiary, request a withdrawal, or for any other purpose, contact your local representative or the Company through the Service Center to learn what information is required in order for the request to be in "good order." By contacting us, we can provide you with the appropriate administrative form for your requested transaction.

Generally, a request is considered to be in "good order" when it is signed, dated and made with such clarity and completeness that we are not required to exercise any discretion in carrying it out.

We can only act upon written requests that are received in good order.

CONTRACT OVERVIEW

The following is a summary. Please read each section of this prospectus for additional information.

Who's Who

You (the participant): The individual participating in a retirement plan, where the plan uses the contract as a funding option.

Plan Sponsor: The sponsor of your retirement plan. Generally, your employer.

Contract Holder: The person or entity to whom we issue the contract. The contract holder is the trustee of a multiple employer trust approved by the Company to apply for and own the contract as authorized by SUNY.

We, Us, Our (the Company): ING Life Insurance and Annuity Company. We issue the contract.

The Contract and Your Retirement Plan

Retirement Plan (plan). A plan sponsor has established a retirement plan for you. The contract is offered as a funding option for that plan. We are not a party to the plan, so the terms and the conditions of the contract and the plan may differ.

Plan Type. We refer to plans in this prospectus as 403(b), 401(a) and 414(h) plans. For a description, see "Taxation."

Use of an Annuity Contract in your Plan. Under the federal tax laws, earnings on amounts held in annuity contracts are generally not taxed until they are withdrawn. However, in the case of a qualified retirement account (such as a 403(b), 401(a) or 414(h) retirement plan), an annuity contract is not necessary to obtain this favorable tax treatment and does not provide any tax benefits beyond the deferral already available to the tax qualified account itself. Annuities do provide other features and benefits (such as the guaranteed death benefit or the option of lifetime income phase options at established rates) which may be valuable to you. You should discuss your alternatives with your financial representative taking into account the additional fees and expenses you may incur in an annuity. See "Contract Purchase or Participation."

Contract Rights

Under each contract, we establish an employee account and an employer account for you. You have a nonforfeitable right to the value of your employee account and employer account, as determined by the plan administrator in accordance with the terms of the plan. You may exercise certain rights under the contract as permitted by the plan. See "Contract Ownership and Rights."

Contract Facts

Free Look/Right to Cancel. Participants may cancel their purchase no later than 10 days after they receive the document evidencing their participation in the contract. See "Right To Cancel."

Death Benefit. A beneficiary may receive a benefit in the event of your death during both the accumulation and income phases. The availability of a death benefit during the income phase depends upon the income phase payment option selected. See "Death Benefit" and "The Income Phase."

Withdrawals. During the accumulation phase, you may, subject to the limits in the contract and certification from the plan administrator that you are eligible, withdraw all or a part of your account value. Certain fees and taxes may apply. See "Withdrawals" and "Taxation." Amounts withdrawn from the Guaranteed Accumulation Account may be subject to a market value adjustment. See Appendix I.

Systematic Distribution Options. Subject to the terms of the plan, you may elect to receive regular payments from your account, while retaining the account in the accumulation phase. See "Systematic Distribution Options."

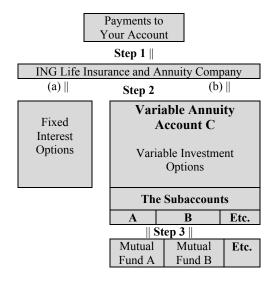

Fees. Certain fees are deducted from your account value. See "Fee Table" and "Fees."

Taxation. Taxes will generally be due when you receive a distribution. Tax penalties may apply in some circumstances. See "Taxation."

Contract Phases

I. The Accumulation Phase. (accumulating retirement benefits under your contract)

- **STEP 1:** You or the contract holder provide ING Life Insurance and Annuity Company with your completed enrollment materials. The contract holder directs us to set up an employee account and employer account under each contract.
- **STEP 2:** You direct us to invest your account dollars in one or more of the following investment options:
- a) Fixed Interest Options; or
- b) Variable Investment Options. (The variable investment options are the subaccounts of Variable Annuity Account C. Each one invests in a specific mutual fund.)
- **STEP 3:** The subaccount(s) selected purchases shares of its corresponding fund.

II. The Income Phase. (receiving income phase payments from your contract)

If you wish to begin receiving payments from your contract, you may elect from the options available. The contract offers several income phase payment options. See "The Income Phase." In general, you may:

- ▶ Receive income phase payments over a lifetime or for a specified period;
- Receive income phase payments monthly, quarterly, semi-annually or annually;
- > Select an income phase payment option that provides a death benefit to your beneficiary(ies); and
- Select fixed income phase payments or payments that vary based upon the performance of the variable investment options you select.

In This Section:

- ▶ Maximum Contract Holder Transaction Expenses
- ► Total Annual Fund Operating Expenses
- ▶ Hypothetical Examples
- Fees Deducted by the Funds

Also see the "Fees" section for:

- ▶ Redemption Fees
- Premium and Other Taxes

See "The Income Phase" for:

Fees During the Income Phase

FEE TABLE

The following tables describe the fees and expenses that you will pay when buying, owning, and withdrawing from your contract, taking a loan from the contract or transferring cash value between investment options. State premium taxes may also be deducted.* See "The Income Phase" for fees that may apply after you begin receiving payments under the contract.

The following table describes the fees and expenses that you will pay periodically during the time that you own the contract, not including fund fees and expenses.

Maximum Contract Holder Transaction Expenses

Loan Interest Rate Spread (per annum) ¹

2.5%

This is the difference between the rate applied and the rate credited on loans under your contract. See "Loans." Currently the loan interest rate spread is 2.5% per annum.

Separate Account Annual Expenses (as a percentage of average account value)	ING VP Money Market Portfolio Subaccount	ING GET U.S. Core Portfolio Subaccount	All Other ING Fund/ Portfolio Subaccounts	All non-ING Subaccounts
Mortality and Expense Risk Charge	0.10%	0.75%	0.75%	0.85%
Administrative Expense Charge	0.25%	0.25%	0.25%	0.25%
ING GET Fund Guarantee Charge ²	<u>N/A</u>	0.25%	<u>N/A</u>	<u>N/A</u>
Total Separate Account Annual Expenses	<u>0.35%</u>	<u>1.25%</u>	<u>1.00%</u>	<u>1.10%</u>

The ING GET Fund Guarantee Charge is deducted daily during the guarantee period only from amounts allocated to the ING GET U.S. Core Portfolio investment option. See "Investment Options-ING GET U.S. Core Portfolio" and "Fees-ING GET U.S. Core Portfolio Guarantee Charge" for a description of the ING GET Fund Guarantee Charge. No series of the ING GET U.S. Core Portfolio is currently available for investment under the contract.

^{*}State premium taxes (which currently range from 0% to 4% of premium payments) may apply, but are not reflected in the fee tables or examples. See "Premium and Other Taxes."

The next item shows the minimum and maximum total operating expenses charged by the funds that you may pay periodically during the time that you own the contract. The minimum and maximum expenses listed below are based on expenses for the funds' most recent fiscal year ends without taking into account any fee waiver or expense reimbursement arrangements that may apply. More detail concerning each fund's fees and expenses is contained in the prospectus for each fund.

Total Annual Fund Operating Expenses

Minimum Maximum 0.10% 1.33%

(expenses that are deducted from fund assets, including management fees and other expenses)

Hypothetical Examples

The following Examples are intended to help you compare the cost of investing in the contract with the cost of investing in other variable annuity contracts. These costs include the separate account annual expenses applicable to the particular fund, and fund fees and expenses.

Example 1: The following Example assumes that you invest \$10,000 in the contract for the time periods indicated. The Example also assumes that your investment has a 5% return each year and assumes the **maximum** fees and expenses of any of the funds. Although your actual costs may be higher or lower, based on these assumptions, your costs would be:

1 Year	3 Years	<u>5 Years</u> <u>10 Y</u>	
\$236	\$727	\$1,245	\$2,666

Example 2: The following Example assumes that you invest \$10,000 in the contract for the time periods indicated. The Example also assumes that your investment has a 5% return each year and assumes the **minimum** fees and expenses of any of the funds. Although your actual costs may be higher or lower, based on these assumptions, your costs would be:

<u> 1 Year</u>	<u> 3 Years</u>	<u> 5 Years</u>	<u> 10 Years</u>
\$122	\$381	\$660	\$1,455

Fees Deducted by the Funds

Fund Fee Information. The fund prospectuses show the investment advisory fees, 12b-1 fees and other expenses including service fees (if applicable) charged annually by each fund. See the "Fees" section of this prospectus, and the fund prospectuses, for further information. Fund fees are one factor that impacts the value of a fund share. To learn about additional factors, refer to the fund prospectuses.

The Company may receive compensation from each of the funds or the funds' affiliates based on an annual percentage of the average net assets held in that fund by the Company. The percentage paid may vary from one fund company to another. For certain funds, some of this compensation may be paid out of 12b-1 fees or service fees that are deducted from fund assets. Any such fees deducted from fund assets are disclosed in the fund prospectuses. The Company may also receive additional compensation from certain funds for administrative, recordkeeping or other services provided by the Company to the funds or the funds' affiliates. These additional payments may also be used by the Company to finance distribution. These additional payments are made by the funds or the funds' affiliates to the Company and do not increase, directly or indirectly, the fund fees and expenses. See "Fees - Fund Fees and Expenses" for additional information.

In the case of fund companies affiliated with the Company, where the Company or an affiliated investment adviser employs subadvisers to manage the funds, no direct payments are made to the Company or the affiliated investment adviser by the subadvisers. Subadvisers may provide reimbursement for employees of the Company or its affiliates to attend business meetings or training conferences. Investment management fees are apportioned between the Company or other affiliated investment adviser and subadviser. This apportionment varies by subadviser, resulting in varying amounts of revenue retained by the investment adviser, including the Company. This apportionment of the investment advisory fee does not increase, directly or indirectly, fund fees and expenses. See "Fees - Fund Fees and Expenses" for additional information.

How Fees are Deducted. Fees are deducted from the value of the fund shares on a daily basis, which in turn affects the value of each subaccount that purchases fund shares.

CONDENSED FINANCIAL INFORMATION

Understanding Condensed Financial Information. In Appendix IV, we provide condensed financial information about the Variable Annuity Account C subaccounts available under the contracts. The tables show the value of the subaccounts over the past 10 years. For subaccounts that were not available 10 years ago, we give a history from the date of first availability.

Financial Statements. The statements of assets and liabilities, the statements of operations, the statements of changes in net assets and the related notes to financial statements for Variable Annuity Account C and the consolidated financial statements and the related notes to financial statements for ING Life Insurance and Annuity Company are located in the Statement of Additional Information.

VARIABLE ANNUITY ACCOUNT C

We established Variable Annuity Account C (the "separate account") under Connecticut Law in 1976 as a continuation of the separate account established in 1974 under Arkansas law of Aetna Variable Annuity Life Insurance Company. The separate account was established as a segregated asset account to fund variable annuity contracts. The separate account is registered as a unit investment trust under the Investment Company Act of 1940 (the "40 Act"). It also meets the definition of "separate account" under the federal securities laws.

The separate account is divided into "subaccounts." These subaccounts invest directly in shares of a pre-assigned fund.

Although we hold title to the assets of the separate account, such assets are not chargeable with the liabilities of any other business that we conduct. Income, gains or losses of the separate account are credited to or charged against the assets of the separate account without regard to other income, gains or losses of ING Life Insurance and Annuity Company. All obligations arising under the contracts are obligations of ING Life Insurance and Annuity Company.

THE COMPANY

ING Life Insurance and Annuity Company (the Company, we, us, our) issues the contracts described in this prospectus and is responsible for providing each contract's insurance and annuity benefits. We are a direct, wholly owned subsidiary of Lion Connecticut Holdings Inc.

We are a stock life insurance company organized under the insurance laws of the State of Connecticut in 1976 and an indirect wholly owned subsidiary of ING Groep N.V., a global financial institution active in the fields of insurance, banking and asset management. Through a merger, our operations include the business of Aetna Variable Annuity Life Insurance Company (formerly known as Participating Annuity Life Insurance Company, an Arkansas life insurance company organized in 1954). Prior to May 1, 2002, the Company was known as Aetna Life Insurance and Annuity Company.

We are engaged in the business of issuing life insurance and annuities.

Our principal executive offices are located at:

151 Farmington Avenue Hartford, Connecticut 06156 Regulatory Developments – the Company and the Industry. As with many financial services companies, the Company and its affiliates have received informal and formal requests for information from various state and federal governmental agencies and self-regulatory organizations in connection with inquiries and investigations of the products and practices of the financial services industry. In each case, the Company and its affiliates have been and are providing full cooperation.

Investment Product Regulatory Issues. Since 2002, there has been increased governmental and regulatory activity relating to mutual funds and variable insurance products. This activity has primarily focused on inappropriate trading of fund shares; revenue sharing and directed brokerage; compensation; sales practices, suitability, and supervision; arrangements with service providers; pricing; compliance and controls; adequacy of disclosure; and document retention.

In addition to responding to governmental and regulatory requests on fund trading issues, ING management, on its own initiative, conducted, through special counsel and a national accounting firm, an extensive internal review of mutual fund trading in ING insurance, retirement, and mutual fund products. The goal of this review was to identify any instances of inappropriate trading in those products by third parties or by ING investment professionals and other ING personnel.

The internal review identified several isolated arrangements allowing third parties to engage in frequent trading of mutual funds within the variable insurance and mutual fund products of certain affiliates of the Company, and identified other circumstances where frequent trading occurred despite measures taken by ING intended to combat market timing. Each of the arrangements has been terminated and disclosed to regulators, to the independent trustees of ING Funds (U.S.) and in Company reports previously filed with the Securities and Exchange Commission ("SEC") pursuant to the Securities Exchange Act of 1934, as amended.

In September 2005, an affiliate of the Company, ING Fund Distributors, LLC ("IFD") and one of its registered persons settled an administrative proceeding with the National Association of Securities Dealers, Inc. ("NASD") in connection with frequent trading arrangements. IFD neither admitted nor denied the allegations or findings and consented to certain monetary and non-monetary sanctions. IFD's settlement of this administrative proceeding is not material to the Company.

Other regulators, including the SEC and the New York Attorney General, are also likely to take some action with respect to certain ING affiliates before concluding their investigations relating to fund trading. The potential outcome of such action is difficult to predict but could subject certain affiliates to adverse consequences, including, but not limited to, settlement payments, penalties, and other financial liability. It is not currently anticipated, however, that the actual outcome of any such action will have a material adverse effect on ING or ING's U.S.-based operations, including the Company.

ING has agreed to indemnify and hold harmless the ING Funds from all damages resulting from wrongful conduct by ING or its employees or from ING's internal investigation, any investigations conducted by any governmental or self-regulatory agencies, litigation or other formal proceedings, including any proceedings by the SEC. Management reported to the ING Funds Board that ING management believes that the total amount of any indemnification obligations will not be material to ING or ING's U.S.-based operations, including the Company.

Insurance and Other Regulatory Matters. The New York Attorney General and other federal and state regulators are also conducting broad inquiries and investigations involving the insurance industry. These initiatives currently focus on, among other things, compensation and other sales incentives; potential conflicts of interest; potential anti-competitive activity; reinsurance; marketing practices; specific product types (including group annuities and indexed annuities); and disclosure. It is likely that the scope of these industry investigations will further broaden before they conclude. The Company and certain of its U.S. affiliates have received formal and informal requests in connection with such investigations, and are cooperating fully with each request for information.

These initiatives may result in new legislation and regulation that could significantly affect the financial services industry, including businesses in which the Company is engaged.

In light of these and other developments, U.S. affiliates of ING, including the Company, periodically review whether modifications to their business practices are appropriate.

INVESTMENT OPTIONS

The contract offers variable investment options and fixed interest options. When we establish your account(s), you instruct us to direct account dollars to any of the available options.

Variable Investment Options. These options are called subaccounts. The subaccounts are within Variable Annuity Account C (the separate account), a separate account of the Company. Each subaccount invests in a specific mutual fund. Earnings on amounts invested in a subaccount will vary depending upon the performance and fees of its underlying fund. You do not invest directly in or hold shares of the funds.

▶ **Fund Descriptions.** We provide brief descriptions of the funds in Appendix III. Please refer to the fund prospectuses for additional information. Fund prospectuses may be obtained free of charge from the Service Center at the address and phone number listed in "Contract Overview-Questions: Contacting the Company," by accessing the SEC's website, or by contacting the SEC Public Reference Branch.

Fixed Interest Options. For descriptions of the fixed interest options, see Appendix I and II and the Guaranteed Accumulation Account prospectus, which may be obtained free of charge from the Service Center at the address and phone number listed in "Questions: Contacting the Company," by accessing the SEC's website, or by contacting the SEC Public Reference Branch.

ING GET U.S. Core Portfolio. An ING GET U.S. Core Portfolio ("ING GET Fund") series may be available during the accumulation phase of the contract. We make a guarantee, as described below, when you allocate money into an ING GET Fund series. Each ING GET Fund series has an offering period of three months or longer which precedes the guarantee period. The ING GET Fund investment option may not be available under your contract, under your plan, or in your state.

Various series of the ING GET Fund may be offered from time to time and additional charges will apply if you elect to invest in one of these series. We are not currently offering any series of the ING Get Fund for investment under the contract. The Company makes a guarantee when you direct money into an ING GET Fund series. We guarantee that the value of an accumulation unit of the ING GET Fund subaccount for that series under the Contract on the maturity date will not be less than its value as determined after the close of business on the last day of the offering period for that ING GET Fund series. If the value on the maturity date is lower than it was on the last day of the offering period, we will add funds to the ING GET Fund subaccount for that series to make up the difference. This means that if you remain invested in the ING GET Fund series until the maturity date, at the maturity date, you will receive no less than the value of your separate account investment directed to the ING GET Fund series as of the last day of the offering period, less charges not reflected in the accumulation unit value such as the maintenance fee and less any amounts you transfer or withdraw from the ING GET Fund subaccount for that series. The value of dividends and distributions made by the ING GET Fund series throughout the guarantee period is taken into account in determining whether, for purposes of the guarantee, the value of your ING GET Fund investment on the maturity date is no less than its value as of the last day of the offering period. If you withdraw or transfer funds from an ING GET Fund series prior to the maturity date, we will process the transactions at the actual unit value next determined after we receive your request. The ING GET Fund subaccount is not available for dollar cost averaging, automatic rebalancing, or for income phase payments.

Before the maturity date, we will send a notice to each participant who has allocated amounts to the ING GET Fund series. This notice will remind you that the maturity date is approaching and that you must choose other investment options for your ING GET Fund series amounts. If you do not make a choice, on the maturity date we will transfer your ING GET Fund series amounts to another available series of the ING GET Fund that is then accepting deposits under your contract or plan. If no ING GET Fund is then available under your contract or plan, we will transfer your ING GET Fund series amounts to a balanced fund advised by ING Investments, LLC (or another adviser affiliated with the Company) available under the contract that has the best 5-year standardized performance. If there are no such balanced funds available under the contract, we will transfer your ING GET Fund series amounts to a core U.S. equity fund advised by ING Investments, LLC (or another adviser affiliated with the Company) available under the contract that has the best 5-year standardized performance. All amounts not transferred to a new ING GET Fund series, as outlined above, will be subject to market risk including the possible loss of principal.

Please see the ING GET U.S. Core Portfolio prospectus for a complete description of the ING GET Fund investment option, including charges and expenses.

Selecting Investment Options

- Choose options appropriate for you. Your ING representative can help you evaluate which investment options may be appropriate for your financial goals.
- Understand the risks associated with the options you choose. Some subaccounts invest in funds that are considered riskier than others. Funds with additional risks are expected to have a value that rises and falls more rapidly and to a greater degree than other funds. For example, funds investing in foreign or international securities are subject to additional risks not associated with domestic investments, and their performance may vary accordingly. Also, funds using derivatives in their investment strategy may be subject to additional risks.
- **Be informed.** Read this prospectus, the fund prospectuses, the fixed interest option appendices and the Guaranteed Accumulation Account prospectus.

Limits on Option Availability. Some funds and fixed interest options may not be available through certain contracts or plans. We may add, withdraw or substitute funds, subject to the conditions in the contract and in compliance with regulatory requirements. In the case of a substitution, the new fund may have different fees and charges than the fund it replaced.

Limits on Number of Options Selected. No more than 18 investment options may be selected for your account at any one time during the accumulation phase. If you have an outstanding loan, we reserve the right to restrict the number of investment options selected to a total of 18 cumulative selections over the life of your account. We do not currently impose this restriction. Each subaccount, the Fixed Plus Account and each classification of the Guaranteed Accumulation Account counts as one option. If you have a loan on the account, each option counts toward the limit, even after the full value is transferred to other options.

Each subaccount, the Fixed Plus Account and each classification of the Guaranteed Accumulation Account counts as one option.

Limits Imposed by Underlying Funds. Most underlying funds have their own excessive trading policies, and orders for the purchase of fund shares are subject to acceptance or rejection by the underlying fund. We reserve the right to reject, without prior notice, any allocation or transfer to a subaccount if the corresponding fund will not accept the allocation or transfer for any reason.

Additional Risks of Investing in the Funds. (Mixed and Shared Funding)

"Mixed funding" occurs when shares of a fund, which the subaccounts buy for variable annuity contracts, are bought for variable life insurance contracts issued by us or other insurance companies.

"Shared funding" occurs when shares of a fund, which the subaccounts buy for variable annuity contracts, are also bought by other insurance companies for their variable annuity contracts.

- ▶ Mixed-bought for annuities and life insurance
- Shared-bought by more than one company

It is possible that a conflict of interest may arise due to mixed and/or shared funding that could adversely impact the fund. For example, if a conflict of interest occurred and one of the subaccounts withdrew its investment in a fund, the fund may be forced to sell its securities at disadvantageous prices, causing its share values to decrease. Each fund's board of directors or trustees will monitor events to identify any conflicts which might arise and to determine what action, if any, should be taken to address such conflicts.

TRANSFERS

Transfers Among Investment Options. During the accumulation phase, and up to twelve times per calendar year during the income phase, you may transfer among variable investment options. You may make a request in writing, by telephone or, where applicable, electronically. Transfers to an ING GET Fund series may only be made during the offering period for that ING GET Fund series. Transfers must be made in accordance with the terms of the contract and your plan. Transfers from fixed interest options are restricted as outlined in Appendices I and II.

Value of Transferred Dollars. The value of amounts transferred into or out of subaccounts will be based on the subaccount unit values next determined after we receive your request in good order at our Service Center.

Telephone and Electronic Transfers: Security Measures. To prevent fraudulent use of telephone and electronic transactions (including, but not limited to, Internet transactions), we have established security procedures. These include recording calls on our toll-free telephone lines and requiring use of a personal identification number (PIN) to execute transactions. You are responsible for keeping your PIN and account information confidential. If we fail to follow reasonable security procedures, we may be liable for losses due to unauthorized or fraudulent telephone or other electronic transactions. We are not liable for losses resulting from following telephone or electronic instructions we believe to be genuine. If a loss occurs when we rely on such instructions, you will bear the loss.

Limits Imposed by Underlying Funds. Most underlying funds have their own excessive trading policies, and orders for the purchase of fund shares are subject to acceptance or rejection by the underlying fund. We reserve the right to reject, without prior notice, any allocation or transfer to a subaccount if the corresponding fund will not accept the allocation or transfer for any reason.

Limits on Frequent or Disruptive Transfers. The contract is not designed to serve as a vehicle for frequent transfers. Frequent transfer activity can disrupt management of a fund and raise its expenses through:

- Increased trading and transaction costs;
- Forced and unplanned portfolio turnover;
- Lost opportunity costs; and
- Large asset swings that decrease the fund's ability to provide maximum investment return to all contract owners and participants.

This in turn can have an adverse effect on fund performance. Accordingly, individuals or organizations that use market-timing investment strategies or make frequent transfers should not purchase or participate in the contract.

We have an excessive trading policy and monitor transfer activity. You will violate our excessive trading policy if your transfer activity:

- Exceeds our current definition of excessive trading, as defined below;
- Is identified as problematic by an underlying fund (even if the activity does not exceed our monitoring standard for excessive trading);
- Is determined, in our sole discretion, to be disruptive due to the excessive dollar amounts involved; or
- Is determined, in our sole discretion, to be not in the best interests of other contract owners or participants.

If we determine that you have violated our excessive trading policy we will take the following actions. Upon the first violation, we will send to you a one time warning letter. After a second violation we will suspend your transfer privileges via facsimile, telephone, email and the Internet, and your transfer privileges will be limited to submission by regular U.S. mail for a period of six months. Our suspension of your electronic transfer privileges will relate to all transfers, not just those fund(s) involved in the excessive transfer activity, and may extend to other Company variable annuity contracts that you own or participate in. It may also be extended to other variable contracts and variable life insurance policies that are issued to you by our affiliates, or that you participate in. At the end of the six month suspension period, your electronic transfer privileges will be reinstated. If, however, you violate our excessive trading policy again, after your electronic transfer privileges have been reinstated, we will suspend your electronic transfer privileges permanently. We will notify you in writing if we take any of these actions.

Additionally, if we determine that our excessive trading policy has been violated by a market-timing organization or an individual or other party that is authorized to give transfer instructions on your behalf, whether such violation relates to your contract or to another contract owner or participant's variable contract or policy, we will also take the following actions, without prior notice:

- Not accept transfer instructions from that organization individual or other party; and
- Not accept preauthorized transfer forms from market timing organizations individuals or other parties acting on behalf of more than one contract owner or participant at a time.

Our current definition of excessive trading is more than one purchase and sale of the same underlying fund within a 30-day period. We do not count transfers associated with scheduled dollar cost averaging or automatic rebalancing programs and transfers involving certain de minimis amounts when determining whether transfer activity is excessive.

The Company does not allow exceptions to our excessive trading policy. We reserve the right to modify our excessive trading policy, or the policy as it relates to a particular fund, at any time without prior notice, depending on, among other factors, the needs of the underlying fund(s), the best interests of contract owners, participants, and fund investors, and/or state or federal regulatory requirements. If we modify our policy, it will be applied uniformly to all contract owners and participants or, as applicable, to all contract owners and participants investing in the underlying fund.

Our excessive trading policy may not be completely successful in preventing market timing or excessive trading activity. If it is not completely successful, fund performance and management may be adversely affected, as noted above.

The Dollar Cost Averaging Program. The contracts allow you to participate in our dollar cost averaging program. There is no additional charge for this service. Dollar cost averaging is a system for investing that buys fixed dollar amounts of an investment at regular intervals, regardless of price. Our program transfers, at regular intervals, a fixed dollar amount from the ING VP Money Market Portfolio to the Fixed Plus Account, Guaranteed Accumulation Account, or one or more subaccounts that you select. Amounts transferred to or from the Fixed Plus Account and subsequently withdrawn from the contract during the accumulation phase may be subject to the Fixed Plus Account transfer and partial surrender restrictions. (See Appendix II). Amounts transferred from the Guaranteed Accumulation Account before the end of a guaranteed term may be subject to a market value adjustment. (See Appendix I and the Guaranteed Accumulation Account prospectus.) Dollar cost averaging is not permitted into the ING Oppenheimer Strategic Income Portfolio, ING GET Fund and ING VP Natural Resources Trust subaccounts. Dollar cost averaging neither ensures a profit nor guarantees against loss in a declining market. You should consider your financial ability to continue purchases through periods of low price levels. For additional information about this program, contact your local representative or call the Company at the number or address listed in "Contract Overview-Questions: Contacting the Company." This program is not available to participants in the Asset Rebalancing Program.

The Asset Rebalancing Program. This program allows you to have your account value automatically reallocated to specified percentages on a scheduled basis. There is no additional charge for this service. If elected, account values invested in the subaccounts (excluding the ING GET Fund subaccount) will be rebalanced. Account values invested in the Guaranteed Accumulation Account and the Fixed Plus Account will not be rebalanced. To elect to participate in the Asset Rebalancing Program, contact the Service Center at the number or address listed in "Contract Overview-Questions: Contacting the Company." This program is not available to participants in the Dollar Cost Averaging Program.

CONTRACT PURCHASE OR PARTICIPATION

Contracts Available for Purchase. The contracts available for purchase are group flexible premium deferred variable and fixed annuity contracts that the Company offers in connection with retirement plans under Code Section 403(b), 401(a) and 414(h). They are designed to fund the State University of New York (SUNY) defined contribution retirement plan (the SUNY Plan), and to accept transfers of amounts made to the predecessor program which is qualified under Section 403(b) of the Code.

There are two group deferred variable and fixed annuity contracts:

- 1) The rollover contracts, for transferred assets from the predecessor Section 403(b) optional retirement program; and
- 2) The modal contracts for ongoing contributions and transferred assets made to the SUNY Plan, a plan qualified under sections 401(a) and 414(h) of the Code.

When considering whether to purchase or participate in the contract, you should consult with your financial representative about your financial goals, investment time horizon and risk tolerance.

Use of an Annuity Contract in Your Plan. Under the federal tax laws, earnings on amounts held in annuity contracts are generally not taxed until they are withdrawn. However, in the case of a qualified retirement account (such as a 403(b), 401(a) or 414(h) retirement plan), an annuity contract is not necessary to obtain this favorable tax treatment and does not provide any tax benefits beyond the deferral already available to the tax qualified account itself. However, annuities do provide other features and benefits (such as the guaranteed death benefit or the option of lifetime income phase options at established rates) which may be valuable to you. You should discuss your alternatives with your financial representative, taking into account the additional fees and expenses you may incur in an annuity.

Purchasing the Contract. The contract holder submits the required forms and application to the Company. We approve the forms and issue a contract to the contract holder.

Participating in the Contract. To participate in the contract, complete an enrollment form and submit it to the Service Center. (See "Contract Overview-Questions: Contacting the Company.") If your enrollment is accepted, we establish an employee account and an employer account for each participant.

- ▶ Under the rollover contract, we will allocate purchase payments attributable to transfers of after-tax employee contributions made to a predecessor 403(b) plan to the employee account, and purchase payments attributable to a transfer of employer contributions made under the same plan to the employer account.
- ▶ Under the modal contract, we will allocate funds attributable to Code section 414(h) contributions to an employee account, and ongoing payments under Code section 401(a) and transferred funds attributable to Code section 401(a) contributions from another investment provider to an employer account.

Acceptance or Rejection of Application or Enrollment Forms. We must accept or reject an application or your enrollment forms within two business days of receipt. If the application or enrollment forms are incomplete, we may hold any forms and accompanying purchase payments for five days, unless you consent to our holding them longer. Under limited circumstances, we may also agree to hold purchase payments for longer periods with the permission of the contract holder. If we agree to this, we will deposit the payments in the ING VP Money Market Portfolio subaccount until the forms are completed (for a maximum of 105 days). If we reject the application or enrollment forms, we will return the forms and any payments.

Allocating Purchase Payments to the Investment Options. You direct us to allocate initial purchase payments among the investment options available under the plan. Generally you will specify this information on your enrollment materials. After your enrollment, changes to allocations for future purchase payments or transfer of existing balances among investment options may be requested in writing and, where available, by telephone or electronically.

Allocations must be in whole percentages and there may be limitations on the number of investment options that can be selected at any one time. See "Investment Options" and "Transfers."

Factors to Consider in the Purchase Decision. The decision to purchase or participate in the contract should be discussed with your financial representative. Make sure that you understand the investment options it provides, its other features, the risks and potential benefits you will face, and the fees and expenses you will incur when, together with your financial representative, you consider an investment in the contract. You should pay attention to the following issues, among others:

- 1) Long-Term Investment This contract is a long-term investment, and is typically most useful as part of a personal retirement plan. Early withdrawals may be restricted by the Tax Code or your plan, or may expose you to tax penalties. The value of deferred taxation on earnings grows with the amount of time funds are left in the contract. You should not participate in this contract if you are looking for a short-term investment or expect to need to make withdrawals before you are 59½.
- 2) Investment Risk The value of investment options available under this contract may fluctuate with the markets and interest rates. You should not participate in this contract in order to invest in these options if you cannot risk getting back less money than you put in.
- 3) Features and Fees The fees for this contract reflect costs associated with the features and benefits it provides. As you consider this contract, you should determine the value that these various benefits and features have for you, given your particular circumstances, and consider the charges for those features.
- 4) Exchanges Replacing an existing insurance contract with this contract may not be beneficial to you. If this contract will be a replacement for another annuity contract or mutual fund option under the plan, you should compare the two options carefully, compare the costs associated with each, and identify additional benefits available under this contract. You should consider whether these additional benefits justify any increased charges that might apply under this contract. Also, be sure to talk to your financial professional or tax adviser to make sure that the exchange will be handled so that it is tax-free.

Other Products. We and our affiliates offer various other products with different features and terms than these contracts, which may offer some or all of the same funds. These products have different benefits, fees and charges, and may offer different share classes of the funds offered in this contract that are less expensive. These other products may or may not better match your needs. You should be aware that there are alternative options available, and, if you are interested in learning more about these other products, contact your registered representative. These alternative options may not be available under your plan.

CONTRACT OWNERSHIP AND RIGHTS

Who owns the Contract? We issue the contract to a trustee of a multiple employer trust that has applied for and owns the contract as authorized by SUNY and the Company.

Who Owns Money Accumulated under the Contract? You have the right to the nonforfeitable value of your employee account and employer account, as determined by the plan administrator in accordance with the terms of the plan.

What Rights Do I Have under the Contract? You may select the investment options to be used for allocations to your employee account and employer account. You may elect an income phase payment if the plan administrator certifies that you are eligible for a distribution and that the form of annuity is permitted under the terms of the plan.

RIGHT TO CANCEL

When and How to Cancel. You may cancel your purchase within ten days after receiving the document evidencing your interest by returning it to the Service Center at the address listed in "Contract Overview-Questions: Contacting the Company," along with a written notice of cancellation.

Refunds. We will produce a refund to you not later than seven calendar days after we receive the document evidencing your interest and the written notice of cancellation at the Service Center. The refund will equal the dollars contributed to your accounts plus any earnings or less any losses attributable to the purchase payments allocated to the variable investment options. Any mortality and expense risk charges and administrative expense charges deducted during the period you held the contract will not be returned. No market value adjustment will be applied to any amounts you contributed to the Guaranteed Accumulation Account.

FEES

Types of Fees

There are five types of fees your account may incur:

- Maximum Transaction Fees Redemption Fees
- ▶ Fees Deducted from the Subaccounts
 - Mortality and Expense Risk Charge
 - Administrative Expense Charge
- - Types of Revenue Received from Affiliated Funds
 - Types of Revenue Received from Unaffiliated Funds
- ▶ Premium and Other Taxes
- ▶ ING GET Fund Guarantee Charge

The following repeats and adds to information provided in the "Fee Table" section. Please review both this section and the Fee Table for information on fees.

Maximum Transaction Fees

Redemption Fees

Certain funds may deduct redemption fees as a result of withdrawals, transfers, or other fund transactions you initiate. If applicable, we may deduct the amount of any redemption fees imposed by the underlying mutual funds as a result of withdrawals, transfers or other fund transactions you initiate. Redemption fees, if any, are separate and distinct from any transaction charges or other charges deducted from your account value. For a more complete description of the funds' fees and expenses, review each fund's prospectus.

Fees Deducted from the Subaccounts

Mortality and Expense Risk Charge

Amount. The mortality and expense risk charge during the accumulation phase is the following percentage on an annual basis of your account value invested in the subaccounts.

ING VP Money Market Portfolio Subaccount	0.10%
All Other ING Fund/Portfolio subaccounts	0.75%
Non-ING subaccounts	0.85%

During the income phase, the mortality and expense risk charge is 1.25% on an annual basis of your account value invested in the subaccounts.

When/How. We deduct this fee daily from the subaccounts corresponding to the funds you select. We do not deduct this fee from any fixed interest option. We deduct this fee during the accumulation phase and the income phase. See also "The Income Phase - Charges Deducted."

Purpose. The fee compensates us for the mortality and expense risks we assume under the contracts.

- ➤ The mortality risks are those risks associated with our promise to make lifetime payments based on annuity rates specified in the contracts and our funding of the death benefit and other payments we make to owners or beneficiaries of the accounts.
- ➤ The expense risk is the risk that the actual expenses we incur under the contracts will exceed the maximum costs that we can charge.

If the amount we deduct for this fee is not enough to cover our mortality costs and expenses under the contracts, we will bear the loss. We may use any excess to recover distribution costs relating to the contract and as a source of profit. We expect to make a profit from this fee.

Administrative Expense Charge

Amount. 0.25% on an annual basis from your account value invested in the subaccounts.

When/How. We deduct this fee daily during the accumulation phase from your account value held in the subaccounts corresponding to the funds you select. We do not currently deduct this fee during the income phase, although we reserve the right to do so. If we are imposing this fee under the contract when you enter the income phase, the fee will apply to you during the entire income phase.

Purpose. This fee helps defray our administrative expenses that cannot be covered by the mortality and expense risk charge described above. The fee is intended to exceed the average expected cost of administering the contracts. We do not expect to make a profit from this fee.

Fund Fees and Expenses

As shown in the fund prospectuses and described in the "Fees Deducted by the Funds" section of this prospectus, each fund deducts management fees from the amounts allocated to the fund. In addition, each fund deducts other expenses which may include service fees that may be used to compensate service providers, including the Company and its affiliates, for administrative and contract owner services provided on behalf of the fund. Furthermore, certain funds deduct a distribution or 12b-1 fee, which is used to finance any activity that is primarily intended to result in the sale of fund shares. For a more complete description of the funds' fees and expenses, review each fund's prospectus.

The Company or its U.S. affiliates receive varying levels of revenue from each of the funds available through the contract. In terms of total dollar amounts received, the greatest amount of revenue generally comes from assets allocated to funds managed by the Company or other Company affiliates (including but not limited to ING Investments, LLC and Directed Services, Inc.), which funds may or may not also be subadvised by a Company affiliate. Assets allocated to funds managed by the Company or a Company affiliate but subadvised by unaffiliated third parties generally generate the next greatest amount of revenue. Finally, assets allocated to unaffiliated funds generate the least amount of revenue.

In addition to the types of revenue received from affiliated and unaffiliated funds described below, affiliated and unaffiliated funds and their investment advisers, subadvisers or affiliates may participate at their own expense in Company sales conferences or educational and training meetings. In relation to such participation, a fund's investment adviser, subadviser or affiliate may help offset the cost of the meetings or sponsor events associated with the meetings. In exchange for these expense offset or sponsorship arrangements, the investment adviser, subadviser or affiliate may receive certain benefits and access opportunities to Company sales representatives and wholesalers rather than monetary benefits. These benefits and opportunities include, but are not limited to co-branded marketing materials; targeted marketing sales opportunities; training opportunities at meetings; training modules for sales personnel; and opportunity to host due diligence meetings for representatives and wholesalers.

Types of Revenue Received from Affiliated Funds

Affiliated funds are (a) funds managed by the Company, ING Investments, LLC, Directed Services, Inc. or other Company affiliates, which may or may not also be subadvised by another Company affiliate; and (b) funds managed by the Company or a Company affiliate but that are subadvised by unaffiliated third parties.

Revenues received by the Company from affiliated funds include:

- For those funds which the Company serves as investment adviser, a share of the management fee deducted from fund assets, which are disclosed in each fund prospectus;
- Service fees that are deducted from fund assets, which are disclosed in each fund prospectus; and
- For certain share classes, the Company or its affiliates may also receive compensation paid out of 12b-1 fees that are deducted from fund assets and disclosed in each fund prospectus.

Additionally, the Company receives other revenues from affiliated funds which may be based either on an annual percentage of average net assets held in the fund by the Company or a percentage of the fund's management fees. These revenues may be received as cash payments or according to a variety of financial accounting techniques which are used to allocate revenue and profits across the organization. In the case of affiliated funds subadvised by unaffiliated third parties, any sharing of the management fee between the Company and the affiliated investment

adviser is based on the amount of such fee remaining after the subadvisory fee has been paid to the unaffiliated subadviser. Because subadvisory fees vary by subadviser, varying amounts of revenue are retained by the affiliated investment adviser and ultimately shared with the Company.

Types of Revenue Received from Unaffiliated Funds

Revenue received from each of the unaffiliated funds or their affiliates is based on an annual percentage of the average net assets held in that fund by the Company. Some unaffiliated funds or their affiliates pay us more than others and some of the amounts we receive may be significant.

Revenues received by the Company or its affiliates from unaffiliated funds include:

- For certain funds, compensation paid from 12b-1 fees or service fees that are deducted from fund assets. Any such fees deducted from fund assets are disclosed in the applicable fund prospectus; and
- Additional payments for administrative, recordkeeping or other services which we provide to the funds or their
 affiliates or as an incentive for us to make the funds available through the contract. These additional payments
 do not increase directly or indirectly the fees and expenses shown in each fund prospectus. These additional
 payments may be used by us to finance distribution of the contract.

The following table shows the 5 unaffiliated fund families and/or investment management groups which have funds currently offered through the contract, ranked according to the total amount they paid to the Company or its affiliates in 2005, in connection with the registered variable annuity contracts issued by the Company:

- 1. Fidelity Investments
- 2. Lord Abbett Funds
- 3. MFS Investment Management
- 4. Franklin Templeton Investments
- 5. Calvert Funds

Some of the fund families listed above may not have paid any amounts to the Company or its affiliates during 2005 in connection with the registered variable annuity contracts issued by the Company. If the revenues received from affiliated funds were included in the table above, payments from ING Investments, LLC and other Company affiliates would be at the top of the list.

Please note certain management personnel and other employees of the Company or its affiliates may receive a portion of their total employment compensation based on the amount of net assets allocated to affiliated funds.

Premium and Other Taxes

Currently, there is no premium tax on annuities under New York regulations. If the state does impose a premium tax, it would be deducted from the amount applied to an income phase payment option. We reserve the right to deduct a charge for state premium tax from the purchase payment(s) or from the account value at any time, but no earlier than when we have a tax liability under state law.

In addition, the Company reserves the right to assess a charge for any federal taxes due against the separate account. See "Taxation."

ING GET Fund Guarantee Charge

Various series of ING GET Fund may be offered from time to time, and additional charges may apply if you elect to invest in one of these series. The ING GET Fund guarantee charge is deducted each business day during the guarantee period if you elect to invest in the ING GET Fund. The amount of the ING GET Fund guarantee charge is 0.25% and is deducted from amounts allocated to the ING GET Fund investment option. This charge compensates us for the cost of providing a guarantee of accumulation unit values of the ING GET Fund subaccount. See "Investment Options - ING GET U.S. Core Portfolio."

YOUR ACCOUNT VALUE

During the accumulation phase, your account value at any given time equals:

- > Account dollars directed to the fixed interest options, including interest earnings to date; less
- ▶ Deductions, if any, from the fixed interest options (e.g., withdrawals, fees); plus
- ▶ The current dollar value of amounts held in the subaccounts, which takes into account investment performance and fees deducted from the subaccounts.

Subaccount Accumulation Units. When a fund is selected as an investment option, your account dollars invest in "accumulation units" of the Variable Annuity Account C subaccount corresponding to that fund. The subaccount invests directly in the fund shares. The value of your interests in a subaccount is expressed as the number of accumulation units you hold multiplied by an "Accumulation Unit Value," as described below, for each unit.

Accumulation Unit Value (AUV). The value of each accumulation unit in a subaccount is called the accumulation unit value or AUV. The value of accumulation units vary daily in relation to the underlying fund's investment performance. The value also reflects deductions for fund fees and expenses, the mortality and expense risk charge, and the administrative expense charge. We discuss these deductions in more detail in "Fee Table" and "Fees."

Valuation. We determine the AUV every business day after the close of the New York Stock Exchange (normally at 4:00 p.m. Eastern Time). At that time, we calculate the current AUV by multiplying the AUV last calculated by the "net investment factor" of the subaccount. The net investment factor measures the investment performance of the subaccount from one valuation to the next.

Current AUV = Prior AUV x Net Investment Factor

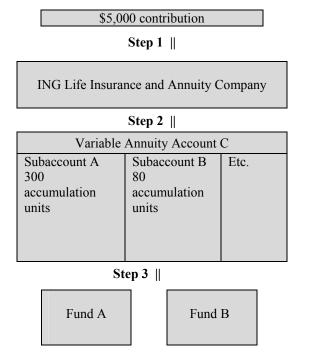

Net Investment Factor. The net investment factor for a subaccount between two consecutive valuations, equals the sum of 1.0000 plus the net investment rate.

Net Investment Rate. The net investment rate is computed according to a formula that is equivalent to the following:

- ▶ The net assets of the fund held by the subaccount as of the current valuation, minus;
- > The net assets of the fund held by the subaccount at the preceding valuation, plus or minus;
- Taxes or provisions for taxes, if any, due to subaccount operations (with any federal income tax liability offset by foreign tax credits to the extent allowed);
- Divided by the total value of the subaccount units at the preceding valuation;
- Minus a daily deduction for the mortality and expense risk charge and the administrative expense charge and any other fees, such as guarantee charges for the ING GET Fund, deducted from investments in the separate account. See "Fees."

The net investment rate may be either positive or negative.

Hypothetical Illustration. As a hypothetical illustration, assume that an investor contributes \$5,000 to his account and directs us to invest \$3,000 in Fund A and \$2,000 in Fund B. After receiving the contribution and following the next close of business of the New York Stock Exchange (normally at 4:00 p.m. Eastern Time), the applicable AUV's are \$10 for Subaccount A and \$25 for Subaccount B. Your account is credited with 300 accumulation units of Subaccount A and 80 accumulation units of Subaccount B.

Step 1: You make an initial contribution of \$5,000.

Step 2:

- A. You direct us to invest \$3,000 in Fund A. The purchase payment purchases 300 accumulation units of Subaccount A (\$3,000 divided by the current \$10 AUV).
- B. You direct us to invest \$2,000 in Fund B. The purchase payment purchases 80 accumulation units of Subaccount B (\$2,000 divided by the current \$25 AUV).

Step 3: The separate account then purchases shares of the applicable funds at the current market value (net asset value or NAV).

The fund's subsequent investment performance, expenses and charges, and the daily charges deducted from the subaccount, will cause the AUV to move up or down on a daily basis.

Purchase Payments to Your Account. If all or a portion of initial payments are directed to the subaccounts, they will purchase subaccount accumulation units at the AUV next computed after our acceptance of the applicable application or enrollment forms. Any subsequent purchase payments or transfers directed to the subaccounts that we receive by the close of business of the New York Stock Exchange (Exchange) (normally at 4:00 p.m. Eastern Time) will purchase subaccount accumulation units at the AUV computed after the close of the Exchange on that day. The value of subaccounts may vary day to day.

WITHDRAWALS

Making a Withdrawal. Subject to limitations on withdrawals from the Fixed Plus Account, you may withdraw all or a portion of your account value at any time during the accumulation phase, except for a distribution due to a financial hardship as defined by the plan. Your plan administrator must certify that you are eligible, both as to the timing and form of distribution.

Steps for Making a Withdrawal. You must:

- > Select the withdrawal amount.
- Full Withdrawal: You will receive, reduced by any required withholding tax and redemption fees, if applicable, your account value allocated to the subaccounts, the Guaranteed Accumulation Account (plus or minus any applicable market value adjustment) plus the amount available for withdrawal from the Fixed Plus Account.
- 2) Partial Withdrawal (Percentage or Specified Dollar Amount): You will receive, reduced by any required withholding tax and redemption fees, if applicable, the amount you specify, subject to the value available in your account. The amounts available from the Fixed Plus Account may be limited.

For a description of limitations on withdrawals from the Fixed Plus Account, see Appendix II.

- Select Investment Options. If this is not specified, we will withdraw dollars in the same proportion as the values you hold in the various investment options from each investment option in which you have an account value.
- ▶ Properly complete a disbursement form and submit it to the Service Center at the address listed in "Contract Overview-Questions: Contacting the Company."

Calculation of Your Withdrawal. We determine your account value every normal business day after the close of the New York Stock Exchange (normally at 4:00 p.m. Eastern Time). We pay withdrawal amounts based on your account value either: (1) As of the next valuation after we receive a request for withdrawal in good order at the Service Center, or (2) On such later date as specified on the disbursement form (as allowed under our administrative procedures).

Delivery of Payment. Payments for withdrawal requests will be made in accordance with SEC requirements. Normally, the payment will be sent not later than seven calendar days following our receipt of the disbursement form in good order at the Service Center.

Taxes, Fees and Deductions

Amounts withdrawn may be subject to one or more of the following:

- ▶ Market Value Adjustment (see Appendix I)
- ▶ Redemption Fees (See "Fees -Redemption Fees")
- ► Tax Penalty (see "Taxation")
- ► Tax Withholding (see "Taxation")

To determine which may apply, refer to the appropriate sections of this prospectus, contact your ING representative or call the Service Center at the number listed in "Contract Overview-Questions: Contacting the Company."

Reinvestment Privilege. The contracts allow the one-time use of a reinvestment privilege. Within 30 days after a full withdrawal, if allowed by law, you may elect to reinvest all or a portion of the proceeds. We must receive reinvested amounts within 60 days of the withdrawal. We will credit the account for the amount reinvested based upon the subaccount values next computed following our receipt of your request and the amount to be reinvested. We will reinvest in the same investment options and proportions in place at the time of withdrawal. If you withdraw amounts from a series of the ING GET Fund and then elect to reinvest them, we will reinvest them in a GET Fund series that is then accepting deposits, if one is available. If one is not available, we will reallocate your GET amounts among other investment options in which you invested, on a pro rata basis. Special rules apply to reinvestments of amounts withdrawn from the Guaranteed Accumulation Account (see Appendix I). Seek competent advice regarding the tax consequences associated with reinvestment.

LOANS

Availability. You may take out a loan from your account value during the accumulation phase. Loans are only allowed from amounts allocated to certain subaccounts and fixed interest options. Additional restrictions may apply under the Tax Code or due to our administrative practices or plan requirements. We reserve the right not to grant a loan request if the participant has an outstanding loan in default.

Requests. If you are eligible to obtain a loan, you may request one by properly completing the loan request form and submitting it to our Service Center at the address listed in "Contract Overview-Questions: Contacting the Company." Read the terms of the loan agreement before submitting any request.

Loan Interest. Interest will be applied on loan amounts. The difference between the rate applied and the rate credited on the loans under your contract is currently 2.5% (i.e., a 2.5% loan interest rate spread).

SYSTEMATIC DISTRIBUTION OPTIONS

Availability of Systematic Distribution Options. These options may be exercised at any time during the accumulation phase of the contract. To exercise one of these options the account value must meet any minimum dollar amount and age criteria applicable to that option. In addition, for the employer account and certain employee accounts, except for a distribution due to a financial hardship as defined by the plan, the contract holder must provide written certification that the distribution is in accordance with the terms of the plan. To determine what systematic distribution options are available, check with the Company at the Service Center.

The systematic distribution options currently available under the contract include the following:

- ⊳ SWO-Systematic Withdrawal Option. SWO is a series of automatic partial withdrawals from your account based on the payment method selected. It is designed for those who want a periodic income while retaining investment flexibility for amounts accumulated under the contract. (This option may not be available if you have an outstanding loan.)
- ▶ **LEO-Life Expectancy Option.** This option provides for annual payments for a number of years equal to your life expectancy or the expectancy of you and a designated beneficiary. It is designed to meet the substantially equal periodic payment exception to the 10% premature distribution penalty under Tax Code Section 72. See "Taxation."
- ▶ **ECO-Estate Conservation Option.** ECO offers the same investment flexibility as SWO, but is designed for those who want to receive only the minimum distribution that the Tax Code requires each year. Under ECO, we calculate the minimum distribution amount required by law at the later of age 70½ or retirement, and pay you that amount once a year.
- ▶ Other Systematic Distribution Options. We may add additional systematic distribution options from time to time. You may obtain additional information relating to any of the systematic distribution options from your local representative or from the Company at the Service Center.

Availability of Systematic Distribution Options. The Company may discontinue the availability of one or all of the systematic distribution options at any time, and/or change the terms of future elections.

Terminating a Systematic Distribution Option. Once a systematic distribution option is elected, you may revoke it at any time by submitting a written request to the Service Center at the address listed in "Contract Overview-Contacting the Company." Any revocation will apply only to the amount not yet paid. Once an option is revoked for an account, it may not be elected again, until the next calendar year, nor may any other systematic distribution option be elected unless the Tax Code permits it.

Tax Consequences Withdrawals received through these options and revocations of elections may have tax consequences. See "Taxation."

Features of a Systematic Distribution Option

A systematic distribution option allows you to receive regular payments from your account, without moving into the income phase. By maintaining your account in the accumulation phase, certain rights and flexibility are retained and any accumulation phase fees may apply. Because the account remains in the accumulation phase, all accumulation phase charges continue to apply.

During the Income Phase

This section provides information about the accumulation phase. For death benefit information applicable to the income phase see "The Income Phase."

DEATH BENEFIT

The contract provides a death benefit in the event of your death, which is payable to the beneficiary you name for your account.

During the Accumulation Phase

Payment Process

- 1. Following your death, your beneficiary must provide the Company with proof of death acceptable to us and a payment request in good order.
- 2. The payment request should include selection of a benefit payment option.
- 3. Within seven calendar days after we receive proof of death acceptable to us and payment request in good order at the Service Center at the address listed in "Contract Overview-Contacting the Company," we will mail payment, unless otherwise requested.

Until one of the benefit payment options listed below is selected, account dollars will remain invested as at the time of your death, and no distribution will be made.

If you die during the accumulation phase of your account, the following payment options are available to your beneficiary, if allowed by the Tax Code:

- ▶ Lump-sum payment;
- ▶ Payment in accordance with any of the available income phase payment options see "The Income Phase-Payment Options"; or
- ▶ If the beneficiary is your spouse, payment in accordance with an available systematic distribution option. See "Systematic Distribution Options."

The beneficiary may also leave the account value invested in the contract, subject to Tax Code limits on the length of time amounts may remain invested, and subject to market fluctuation.

The Value of the Death Benefit. The death benefit will be based on your account value as calculated on the next valuation following the date on which we receive proof of death and a death claim in good order. Interest on amounts invested in the fixed interest options, if any, will be paid from the date of death at a rate no less than required by law. For amounts held in the Guaranteed Accumulation Account, any positive aggregate market value adjustment (the sum of all market value adjustments calculated due to a withdrawal) will be included in your account value. If a negative aggregate market value adjustment applies, it would be deducted only if the death benefit is withdrawn more than six months after your death. We describe the market value adjustment in Appendix I and in the Guaranteed Accumulation Account prospectus.

The contracts provide a guaranteed death benefit which can be elected within the first six months after your death. A beneficiary who either elects an income phase payment option, takes a total distribution of the account, or if the spouse, registers the account in his or her name, may elect to receive the guaranteed death benefit provided he or she has notified the Company of such election within six months after the participant's death. The guaranteed death benefit is the greater of:

- (a) The sum of payments (minus any applicable premium tax and any outstanding loan amount) made to your account, adjusted for amounts withdrawn or applied to an income phase payment option from your account; or
- (b) Your account value on the day that notice of death and request for payment or notice of election of the death benefit are received in good order at our Service Center, plus any positive aggregate market value adjustment that applies to amounts allocated to the GAA.

A beneficiary may not make this election after he or she has initiated income phase payments or taken a total account distribution.

The amount payable above to the beneficiary in (a) is initially equal to the first payment made to your account (minus any applicable premium tax). This amount is then adjusted upon each subsequent payment, partial withdrawal, or any amount applied to an income phase payment option. The adjustment for subsequent payments made will be dollar for dollar. For accounts established on or after February 1, 2004, the adjustment for amounts withdrawn or applied to an income phase payment option will be proportionate, reducing the sum of all payments made in the same proportion that the account value was reduced on the date of the partial withdrawal or application to an income phase payment option. For accounts established before February 1, 2004, the adjustment for amounts withdrawn or applied to an income phase payment option will be dollar for dollar.

If the amount of the death benefit in (a) is greater than the account value in (b), the Company will deposit to the account the amount by which the death benefit exceeds the account value. The amount paid to the beneficiary will equal the account value on the date the payment request is processed. The amount paid to the beneficiary may be more or less than the amount of the death benefit determined in (a) when the notice of death was received.

Tax Code Requirements. The Tax Code requires distribution of death benefit proceeds within a certain period of time. Failure to begin receiving death benefit payments within those time periods can result in tax penalties. Regardless of the method of payment, death benefit proceeds will generally be taxed to the beneficiary in the same manner as if you had received those payments. See "Taxation" for additional information.

THE INCOME PHASE

We may have used the following terms in prior prospectuses:

Annuity Phase-Income Phase

Annuity Option-Payment Option

Annuity Payment-Income Phase Payment

Annuitization-Initiating Income Phase Payments

During the income phase you stop contributing dollars to your account and start receiving payments from your accumulated account value.

Initiating Payments. At least 30 days prior to the date you want to start receiving income phase payments, you must notify us in writing of the following:

- ▶ Payment start date;
- ▶ Income phase payment option (see the income phase payment options table in this section);
- > Payment frequency (i.e., monthly, quarterly, semi-annually or annually);
- Choice of fixed, variable or a combination of both fixed and variable payments; and
- > Selection of an assumed net investment rate (only if variable payments are elected).

The account will continue in the accumulation phase until you properly initiate income phase payments. Once an income phase payment option is selected, it may not be changed; however, certain options allow you to withdraw a lump sum.

What Affects Payment Amounts? Some of the factors that may affect the amount of your income phase payment include: your age, your account value, the income phase payment option selected, number of guaranteed payments (if any) selected, whether fixed, variable or a combination of both fixed and variable payments are selected, and, for variable payments, the assumed net investment rate selected.

Fixed Payments. Amounts funding fixed income phase payments will be held in the Company's general account. The amount of fixed payment amounts do not vary over time.

Variable Payments. Amounts funding your variable income phase payments will be held in the subaccount(s) selected. The contracts may restrict the subaccounts available during the income phase. You may make up to twelve transfers per calendar year among available variable investment options. For variable income phase payments, an assumed net investment rate must be selected.

Payments from Fixed Plus Account Values. If a nonlifetime income phase payment option is selected, for amounts held in the Fixed Plus Account during the accumulation phase, income phase payments may only be made on a fixed basis.

Assumed Net Investment Rate. If you select variable income phase payments, you must also select an assumed net investment rate of either 5% or 3.5%. If you select a 5% rate, your first payment will be higher, but subsequent payments will increase only if the investment performance of the subaccounts selected is greater than 5% annually, after deduction of fees. Payment amounts will decline if the investment performance is less than 5%, after deduction of fees.

If you select a 3.5% rate, your first income phase payment will be lower and subsequent payments will increase more rapidly or decline more slowly depending upon the investment performance of the subaccounts selected. For more information about selecting an assumed net investment rate, request a copy of the Statement of Additional Information by calling the Company. See "Contract Overview-Questions: Contacting the Company."

Minimum Payment Amounts. The income phase payment option selected must result in one or both of the following:

- → A first income phase payment of at least \$20; or
- ▶ Total yearly income phase payments of at least \$100.

If your account value is too low to meet these minimum payment amounts, you must elect a lump-sum payment.

Charges Deducted. When you select an income payment phase option (one of the options listed in the tables on the following page), a mortality and expense risk charge, consisting of a daily deduction of 1.25% on an annual basis, will be deducted from amounts held in the subaccounts. This charge compensates us for mortality and expense risks we assume under variable income phase payout options and is applicable to all variable income phase payout options, including variable nonlifetime options under which we do not assume mortality risk. In this situation, this charge will be used to cover expenses. Although we expect to make a profit from this fee, we do not always do so. We may also deduct a daily administrative charge of 0.25% annually from amounts held in the subaccounts. For variable options under which we do not assume a mortality risk, we may make a larger profit than under other options.

Death Benefit During the Income Phase. The death benefits that may be available to a beneficiary are outlined in the payment option table below. If a lump-sum payment is due as a death benefit, we will make payment within seven calendar days after we receive proof of death acceptable to us and the payment request in good order at the following address:

ING Customer Service Settlements - 5906 151 Farmington Avenue Hartford, CT 06156-8732

Unless the beneficiary elects otherwise, lump-sum payments will generally be made into an interest bearing account that is backed by our general account. This account can be accessed by the beneficiary through a checkbook feature. The beneficiary may access death benefit proceeds at any time through the checkbook without penalty. Interest credited under this account may be less than under other settlement options.

Taxation. To avoid certain tax penalties, you and any beneficiary must meet the distribution rules imposed by the Tax Code. See "Taxation."

Income Phase Payment Options

The following tables list the income phase payment options and accompanying death benefits which may be available under the contracts. Some contracts restrict the options and the terms available. Check with your contract holder for details. We may offer additional income phase payment options under the contract from time to time.

Terms used in the Tables:

Annuitant: The person(s) on whose life expectancy the income phase payments are calculated.

Beneficiary: The person designated to receive the death benefit payable under the contract.

Lifetime Income Phase Payment Options		
	Length of Payments: For as long as the annuitant lives. It is possible that only one payment will be made should the annuitant die prior to the second payment's due date.	
Life Income	Death Benefit-None: All payments end upon the annuitant's death.	
Life Income-	Length of Payments: For as long as the annuitant lives, with payments guaranteed for a choice of 5-20 years or as otherwise specified in the contract.	
Guaranteed Payments*	Death Benefit-Payment to the Beneficiary: If the annuitant dies before we have made all the guaranteed payments, we will pay the beneficiary a lump sum (unless otherwise requested) equal to the present value of the remaining guaranteed payments.	
	Length of Payments: For as long as either annuitant lives. It is possible that only one payment will be made should both annuitants die before the second payment's due date.	
	Continuing Payments:	
	(a) This option allows a choice of 100% , $66^2/_3\%$ or 50% of the payment to continue to the surviving annuitant after the first death; or	
Life Income- Two Lives	(b) 100% of the payment to continue to the annuitant on the second annuitant's death, and 50% of the payment to continue to the second annuitant on the annuitant's death.	
	Death Benefit-None: Payments end after the deaths of both annuitants.	
	Length of Payments: For as long as either annuitant lives, with payments guaranteed for a minimum of 60 months, or as otherwise specified in the contract.	
Life Income-Two	Continuing Payments: 100% of the payment will continue to the surviving annuitant after the first death.	
Lives- Guaranteed Payments*	Death Benefit-Payment to the Beneficiary: If both annuitants die before the guaranteed payments have all been paid, we will pay the beneficiary a lump sum (unless otherwise requested) equal to the present value of the remaining guaranteed payments.	
Life Income-	Length of Payments: For as long as the annuitant lives.	
Cash Refund Option-fixed payment only	Death Benefit-Payment to the Beneficiary: Following the annuitant's death, we will pay a lump-sum payment equal to the amount originally applied to the payment option (less any premium tax) and less the total amount of fixed income payments paid.	
	Length of Payments: For as long as either annuitant lives.	
Life Income-Two	Continuing Payment: 100% of the payment to continue after the first death.	
Lives-Cash Refund Option-fixed payment only	Death Benefit-Payment to the Beneficiary: When both annuitants die, we will pay a lump-sum payment equal to the amount applied to the income phase payment option (less any premium tax) and less the total amount of fixed income payments paid.	

Lifetime Income Phase Payment Options Continued:

	Nonlifetime Income Phase Payment Options		
Nonlifetime- Guaranteed	Length of Payments: Payments generally may be fixed or variable and may be made for 3-30 years. However, for amounts held in the Fixed Plus Account during the accumulation phase, the payment must be on a fixed basis and must be for 6-30 years. In certain cases a lump-sum payment may be requested at any time (see below).		
Payments*	Death Benefit-Payment to the Beneficiary: If the annuitant dies before we make all the guaranteed payments, we will continue to pay the beneficiary the remaining payments. Unless prohibited by a prior election of the contract holder, the beneficiary may elect to receive a lump-sum payment equal to the present value of the remaining guaranteed payments.		

Lump-Sum Payment: If the "Nonlifetime-Guaranteed Payments" option is elected with variable payments, you may request at any time that all or a portion of the present value of the remaining payments be paid in one lump sum. Lump-sum payments will be sent within seven calendar days after we receive the request for payment in good order at the Service Center.

Calculation of Lump-Sum Payments. If a lump-sum payment is available to a beneficiary or to you in the options above, the rate we use to calculate the present value of the remaining guaranteed payments is the same rate we use to calculate the income phase payments (i.e., the actual fixed rate used for fixed payments, or the 3.5% or 5% assumed net investment rate for variable payments).

CONTRACT DISTRIBUTION

General. The Company's subsidiary, ING Financial Advisers, LLC, serves as the principal underwriter for the contracts. ING Financial Advisers, LLC, a Delaware limited liability company, is registered as a broker-dealer with the SEC. ING Financial Advisers, LLC is also a member of the National Association of Securities Dealers, Inc. ("NASD") and the Securities Investor Protection Corporation. ING Financial Advisers, LLC's principal office is located at 151 Farmington Avenue, Hartford, Connecticut 06156.

The contracts are offered to the public by individuals who are registered representatives of ING Financial Advisers, LLC or other broker-dealers that have entered into a selling arrangement with ING Financial Advisers, LLC. We refer to ING Financial Advisers, LLC and the other broker-dealers selling the contracts as "distributors."

All registered representatives selling the contracts must also be licensed as insurance agents for the Company.

The following is a list of broker-dealers that are affiliated with the Company:

Bancnorth Investment Group, Inc.

Directed Services, Inc.

Financial Network Investment Corporation

Guaranty Brokerage Services, Inc.

ING America Equities, Inc.

ING Financial Markets LLC

ING Direct Funds Limited

ING DIRECT Securities, Inc.

ING Financial Partners, Inc.

ING Funds Distributor, LLC

Multi-Financial Securities Corporation

PrimeVest Financial Services, Inc.

Systematized Benefits Administrators, Inc.

Registered representatives of distributors who solicit sales of the contracts typically receive a portion of the compensation paid to the distributor in the form of commissions or other compensation, depending upon the agreement between the distributor and the registered representative. This compensation, as well as other incentives or payments, is not paid directly by contract owners or the separate account. We intend to recoup this compensation and other sales expenses paid to distributors through fees and charges imposed under the contracts.

^{*}Guaranteed period payments may not extend beyond the shorter of your life expectancy or until your age 95.

Commission Payments. Persons who offer and sell the contracts may be paid a commission. The maximum percentage amount that may be paid with respect to a given purchase payment is the first-year percentage which ranges from 1% to a maximum of 4% of the first year of payments to an account. We may also pay renewal commissions on payments made after the first year up to 1.00%, and asset-based service fees up to 0.15% may also be paid.

In addition, we may also pay ongoing annual compensation of up to 20% of the commissions paid during the year in connection with certain premium received during that year, if the registered representative attains a certain threshold of sales of Company contracts. Individual registered representatives may receive all or a portion of compensation paid to their distributor, depending upon the firm's practices. Commissions and annual payments, when combined, could exceed 4% of total premium payments. To the extent permitted by SEC and NASD rules and other applicable laws and regulations, we may also pay or allow other promotional incentives or payments in the form of cash payments or other compensation to distributors, which may require the registered representative to attain a certain threshold of sales of Company products.

We may also enter into special compensation arrangements with certain distributors based on those firms' aggregate or anticipated sales of the contracts or other criteria. These special compensation arrangements will not be offered to all distributors, and the terms of such arrangements may differ among distributors based on various factors. Any such compensation payable to a distributor will not result in any additional direct charge to you by us.

Some sales personnel may receive various types of non-cash compensation as special sales incentives, including trips, and we may also pay for some sales personnel to attend educational and/or business seminars. Any such compensation will be paid in accordance with SEC and NASD rules. Management personnel of the Company, and of its affiliated broker-dealers, may receive additional compensation if the overall amount of investments in funds advised by the Company or its affiliates meets certain target levels or increases over time. Compensation for certain management personnel, including sales management personnel, may be enhanced if the overall amount of investments in the contracts and other products issued or advised by the Company or its affiliates increases over time. Certain sales management personnel may also receive compensation that is a specific percentage of the commissions paid to distributors or of purchase payments received under the contracts.

In addition to direct cash compensation for sales of contracts described above, distributors may also be paid additional compensation or reimbursement of expenses for their efforts in selling contracts to you and other customers. These amounts may include:

- Wholesaling fees calculated as a percentage of the commissions paid to distributors or of purchase payments received under the contracts;
- Marketing allowances;
- Education and training allowances to facilitate our attendance at certain educational and training meetings to provide information and training about our products, including holding training programs at our expense;
- Sponsorship payments to support attendance at meetings by registered representatives who sell our products;
- Reimbursement for the cost of attendance by registered representatives at conventions that we sponsor;
- Loans or advances of commissions in anticipation of future receipt of premiums (a form of lending to registered representatives). These loans may have advantageous terms, such as reduction or elimination of the interest charged on the loan and/or forgiveness of the principal amount of the loan, which may be conditioned on contract sales.

We pay dealer concessions, wholesaling fees, overrides, bonuses, other allowances and benefits and the costs of all other incentives or training programs from our resources, which include the fees and charges imposed under the contracts.

The following is a list of the top 25 selling firms that, during 2005, received the most compensation, in the aggregate, from us in connection with the sale of registered variable annuity contracts issued by the Company, ranked by total dollars received.

- 1) Symetra Investment Services, Inc.
- 2) SunAmerica Securities, Inc.
- 3) Lincoln Investment Planning Inc.
- 4) Valor Insurance Agency Inc.
- 5) Edward D. Jones & Co., L.P.
- 6) National Planning Corporation
- 7) Securities America Inc.
- 8) Walnut Street Securities, Inc.
- 9) Cadaret, Grant & Co., Inc.
- 10) Multi-Financial Securities Corporation
- 11) ING Financial Partners, Inc.
- 12) Proequities, Inc.
- 13) Linsco/Private Ledger Corp.

- 14) Huckin Financial Group, Inc.
- 15) A. G. Edwards & Sons, Inc.
- 16) Jefferson Pilot Securities Corporation
- 17) Waterstone Financial Group, Inc.
- 18) Royal Alliance Associates, Inc.
- 19) AIG Financial Advisors Inc.
- 20) McGinn, Smith & Co., Inc.
- 21) NIA Securities, L.L.C.
- 22) Financial Network Investment Corporation
- 23) Mutual Service Corporation
- 24) Horan Securities, Inc.
- 25) Tower Square Securities, Inc.

If the amounts paid to ING Financial Advisers, LLC, were included, ING Financial Advisers, LLC would be at the top of the list.

This is a general discussion of the types and levels of compensation paid by us for the sale of our variable annuity contracts. It is important for you to know that the payment of volume or sales-based compensation to a distributor or registered representative may provide that registered representative a financial incentive to promote our contracts over those of another company, and may also provide a financial incentive to promote one of our contracts over another.

The names of the distributor and the registered representative responsible for your account are stated in your enrollment materials.

Third Party Compensation Arrangements. Occasionally:

- ▶ Commissions and fees may be paid to distributors affiliated or associated with the contract holder, you and/or other contract participants; and/or
- ➤ The Company may enter into agreements with entities associated with the contract holder, you and/or other participants. Through such agreements, we may pay the entities for certain services in connection with administering the contract.

In both these circumstances there may be an understanding that the distributor or entities would endorse us as a provider of the contract. You will be notified if you are purchasing a contract that is subject to these arrangements.

Taxation

I. Introduction

This section discusses our understanding of current federal income tax laws affecting the contracts. You should keep the following in mind when reading it:

- Your tax position (or the tax position of the designated beneficiary, as applicable) determines federal taxation of amounts held or paid out under the contracts;
- ▶ Tax laws change. It is possible that a change in the future could affect contracts issued in the past;
- ➤ This section addresses federal income tax rules and does not discuss federal estate and gift tax implications, state and local taxes or any other tax provisions; and
- ▶ We do not make any guarantee about the tax treatment of the contract or any transaction involving the contracts.

We do not intend this information to be tax advice. For advice about the effect of federal income taxes or any other taxes on amounts held or paid out under the contracts, consult a tax adviser. No attempt is made to provide more than general information about the use of the contracts with tax-qualified retirement arrangements. For more comprehensive information contact the Internal Revenue Service (IRS).

Oualified Contracts

The contracts are designed to provide retirement benefits to participants under the SUNY Plan, and are available for purchase on a tax-qualified basis (qualified contracts).

Qualified contracts are designed for use by individuals whose premium payments are comprised solely of proceeds from and/or contributions under retirement plans or programs intended to qualify for special income tax treatment under the Tax Code.

II. Taxation of Qualified Contracts

General

The contracts are primarily designed for use with Tax Code section 401(a), 403(b), and 414(h) plans. (We refer to all of these as "qualified plans"). The tax rules applicable to participants in these qualified plans vary according to the type of plan and the terms and conditions of the plan itself. The ultimate effect of federal income taxes on the amounts held under a contract, or on income phase payments, depends on the type of retirement plan or program, the tax and employment status of the individual concerned, and on your tax status. Special favorable tax treatment may be available for certain types of contributions and distributions. In addition, certain requirements must be satisfied in purchasing a qualified contract with proceeds from tax-qualified plan or program in order to continue receiving favorable tax treatment.

Adverse tax consequences may result from: contributions in excess of specified limits, distributions before age 59½ (subject to certain exceptions), distributions that do not conform to specified commencement and minimum distribution rules, and in other specified circumstances. Some qualified plans are subject to additional distribution or other requirements that are not incorporated into our contract. No attempt is made to provide more than general information about the use of the contracts with qualified plans. Contract owners, participants, annuitants, and beneficiaries are cautioned that the rights of any person to any benefit under these qualified plans may be subject to the terms and conditions of the plan themselves, regardless of the terms and conditions of the contract. The

In this Section

I. Introduction

II. Taxation of Qualified Contracts

III. Possible Changes in Taxation

IV. Taxation of the Company

When consulting a tax adviser, be certain that he or she has expertise in the Tax Code sections applicable to your tax concerns.

Company is not bound by the terms and conditions of such plans to the extent such terms contradict the contract, unless we consent.

Contract owners, participants, and beneficiaries are responsible for determining that contributions, distributions and other transactions with respect to the contract comply with applicable law. Therefore, you should seek competent legal and tax advice regarding the suitability of a contract for your particular situation. The following discussion assumes that qualified contracts are purchased with proceeds from and/or contributions under retirement plans or programs that qualify for the intended special federal tax treatment.

Tax Deferral

Under the federal tax laws, earnings on amounts held in annuity contracts are generally not taxed until they are withdrawn. However, in the case of a qualified plan, such as a 401(a), 403(b), or 414(h) plan, an annuity contract is not necessary to obtain this favorable tax treatment and does not provide any tax benefits beyond the deferral already available to the qualified plan itself. Annuities do provide other features and benefits (such as death benefits or the option of lifetime income phase options at established rates) that may be valuable to you. You should discuss your alternatives with your financial representative taking into account the additional fees and expenses you may incur in an annuity.

Section 403(b) Tax-Deferred Annuities. The contracts are available as Tax Code section 403(b) tax-deferred annuities. Section 403(b) of the Tax Code allows employees of certain Tax Code section 501(c)(3) organizations and public schools to exclude from their gross income the premium payments made, within certain limits, to a contract that will provide an annuity for the employee's retirement. The SUNY Plan permitted only employee after-tax and employer contributions to their 403(b) plan. The contracts are only available as Section 403(b) contracts to accept transferred assets from this predecessor 403(b) plan.

In November, 2004 the Treasury Department proposed regulations which, if finalized, are not scheduled to take effect until after 2006. These proposed regulations may not be relied upon until they become final. We reserve the right to modify the contracts to comply with these regulations where allowed, or where required by law. The proposed regulations include (a) the ability to terminate a 403(b) plan, which would entitle a participant to a distribution; (b) a revocation of IRS Revenue Ruling 90-24, which would increase restrictions on a participant's right to transfer his or her 403(b) accounts; and (c) the imposition of withdrawal restrictions on non-salary reduction contribution amounts, as well as other changes.

Section 401(a) Plans. Sections 401(a) of the Tax Code permit certain employers to establish various types of retirement plans for employees, and permits self-employed individuals to establish these plans for themselves and their employees. These retirement plans may permit the purchase of the contracts to accumulate retirement savings under the plans. Employers intending to use the contract with such plans should seek competent legal advice.

414(h) Plans. Under Tax Code section 414(h), a governmental employer "picks up" plan contributions otherwise designated as employee contributions, and the contributions are treated as employer contributions. The 414(h) contributions are excluded from the employee's taxable income and are not subject to federal income tax withholding. Generally, the Tax Code provisions applicable to 401(a) plans are also applicable to 414(h) plans. There is no further disclosure specific to 414(h) plans in this prospectus.

Contributions

In order to be excludable from gross income for federal income tax purposes, total annual contributions to certain qualified plans are limited by the Tax Code. We provide general information on these requirements for certain plans below. You should consult with your tax adviser in connection with contributions to a qualified contract. The SUNY plan only accepts ongoing contributions to its plan qualified under Sections 401(a) and 414(h). It does not accept ongoing contributions to the 403(b) plan, and no information about 403(b) contributions is included in this prospectus.

401(a) Plans. Total annual contributions by you and your employer cannot exceed, generally, the lesser of 100% of your compensation or \$44,000. Compensation means your compensation for the year from the employer sponsoring the plan and, for years beginning after December 31, 1997, includes any elective deferrals under Tax Code section 402(g) and any amounts not includible in gross income under Tax Code sections 125 or 457.

Purchase payments to your account(s) will be excluded from your gross income only if the plan meets certain nondiscrimination requirements, as applicable.

Distributions - General

Certain tax rules apply to distributions from the contracts. A distribution is any amount taken from a contract including withdrawals, income phase payments, rollovers, exchanges and death benefit proceeds. We report the taxable portion of all distributions to the IRS.

Section 401(a) and 403(b) Plans. All distributions from these plans are taxed as received unless one of the following is true:

- ▶ The distribution is an eligible rollover distribution and is rolled over to another plan eligible to receive rollovers or to a traditional IRA in accordance with the Tax Code; or
- > You made after-tax contributions to the plan. In this case, depending upon the type of distribution, the amount will be taxed according to the rules detailed in the Tax Code.

A payment is an eligible rollover distribution unless it is:

- part of a series of substantially equal periodic payments (at least one per year) made over the life expectancy of the participant or the joint life expectancy of the participant and his designated beneficiary or for a specified period of 10 years or more;
- a required minimum distribution under Tax Code section 401(a)(9);
- a hardship withdrawal;
- otherwise excludable from income; or
- not recognized under applicable regulations as eligible for rollover.

The Tax Code imposes a 10% penalty tax on the taxable portion of any distribution from a contract used with a 401(a) or 403(b) plan unless certain exceptions, including one or more of the following, have occurred:

- a) You have attained age $59\frac{1}{2}$;
- b) You have become disabled, as defined in the Tax Code;
- c) You have died and the distribution is to your beneficiary;
- d) You have separated from service with the sponsor at or after age 55;
- e) The distribution amount is rolled over into another eligible retirement plan or to an IRA in accordance with the terms of the Tax Code;
- f) You have separated from service with the plan sponsor and the distribution amount is made in substantially equal periodic payments (at least annually) over your life or the life expectancy or the joint lives or joint life expectancies of you and your designated beneficiary;
- g) The distribution is made due to an IRS levy upon your plan; or
- h) The withdrawal amount is paid to an alternate payee under a Qualified Domestic Relations Order (ODRO).

In addition, the 10% penalty tax does not apply to the amount of a distribution equal to unreimbursed medical expenses incurred by you during the taxable year that qualify for deduction as specified in the Tax Code. The Tax Code may impose other exceptions or penalty taxes in other circumstances.

Section 403(b) Plans. The Tax Code places no restrictions on the distribution of employee after-tax contributions or employer contributions. The SUNY Plan, however, may impose restrictions on distributions.

Special Hurricane-Related Relief. The Katrina Emergency Tax Relief Act and the Gulf Opportunity Zone Act provide tax relief to victims of Hurricanes Katrina, Rita and Wilma. The relief includes a waiver of the 10% penalty tax on qualified hurricane distributions from eligible retirement plans, including 401(a) and 403(b) plans. In addition, the 20% mandatory withholding rules do not apply to these distributions and the tax may be spread out ratably over a three-year period. A recipient of qualified hurricane distribution may also elect to re-contribute all or a portion of the distribution to an eligible retirement plan within three (3) years of receipt without tax consequences. Other relief may also apply. You should consult a competent tax adviser for further information.

Lifetime Required Minimum Distributions (Section 401(a) and 403(b) Plans)

To avoid certain tax penalties, you and any designated beneficiary must meet the required minimum distribution requirements imposed by the Tax Code. These rules dictate the following:

- > Start date for distributions;
- > The time period in which all amounts in your contract(s) must be distributed; and
- ▶ Distribution amounts.

Start Date. Generally, you must begin receiving distributions by April 1 of the calendar year following the calendar year in which you attain age 70½ or retire, whichever occurs later, unless:

- Under 401(a) plans, you are a 5% owner, in which case such distributions must begin by April 1 of the calendar year following the calendar year in which you attain age 70½; or
- Under 403(b) plans, the Company maintains separate records of amounts held as of December 31, 1986. In this case distribution of these amounts generally must begin by the end of the calendar year in which you attain age 75 or retire, if later. However, if you take any distributions in excess of the minimum required amount, then special rules require that the excess be distributed from the December 31, 1986 balance.

Time Period. We must pay out distributions from the contract over a period not extending beyond one of the following time periods:

- > Over your life or the joint lives of you and your designated beneficiary; or
- Over a period not greater than your life expectancy or the joint life expectancies of you and your designated beneficiary.

Distribution Amounts. The amount of each required minimum distribution must be calculated in accordance with Tax Code Section 401(a)(9). The entire interest in the account includes the amount of any outstanding rollover, transfer, recharacterization, if applicable, and the actuarial present value of any other benefits provided under the account, such as guaranteed death benefits.

50% Excise Tax. If you fail to receive the required minimum distribution for any tax year, a 50% excise tax may be imposed on the required amount that was not distributed.

Further information regarding required minimum distributions may be found in your contract or certificate.

Required Distributions Upon Death (Section 401(a) and 403(b) Plans)

Different distribution requirements apply after your death, depending upon if you have begun receiving required minimum distributions. Further information regarding required distributions upon death may be found in your contract or certificate.

If your death occurs on or after you begin receiving minimum distributions under the contract, distributions generally must be made at least as rapidly as under the method in effect at the time of your death. Tax Code section 401(a)(9) provides specific rules for calculating the minimum required distributions at your death.

If your death occurs before you begin receiving minimum distributions under the contract, your entire balance must be distributed by December 31 of the calendar year containing the fifth anniversary of the date of your death. For example, if you died on September 1, 2006, your entire balance must be distributed to the designated beneficiary by December 31, 2011. However, if distributions begin by December 31 of the calendar year following the calendar year of your death, then payments may be made within one of the following timeframes:

- ▷ Over the life of the designated beneficiary; or
- > Over a period not extending beyond the life expectancy of the designated beneficiary.

Start Dates for Spousal Beneficiaries. If the designated beneficiary is your spouse, distributions must begin on or before the later of the following:

- December 31 of the calendar year following the calendar year of your death; or
- December 31 of the calendar year in which you would have attained age 70½.

No designated beneficiary. If there is no designated beneficiary, the entire interest generally must be distributed by the end of the calendar year containing the fifth anniversary of the contract owner's.

Withholding

Any taxable distributions under the contract are generally subject to withholding. Federal income tax liability rates vary according to the type of distribution and the recipient's tax status.

401(a) and **403(b)** Plans. Generally, distributions from these plans are subject to a mandatory 20% federal income tax withholding. However, mandatory withholding will not be required if you elect a direct rollover of the distributions to an eligible retirement plan or in the case of certain distributions described in the Tax Code.

Non-resident Aliens. If you or your designated beneficiary is a non-resident alien, then any withholding is governed by Tax Code section 1441 based on the individual's citizenship, the country of domicile and treaty status.

Assignment and Other Transfers.

401(a) and 403(b) Plans. Adverse tax consequences to the plan and/or to you may result if your beneficial interest in the contract is assigned or transferred to persons other than:

- → A plan participant as a means to provide benefit payments;
- ▶ An alternate payee under a qualified domestic relations order in accordance with Tax Code section 414(p); or
- ▶ The Company as collateral for a loan.

III. Possible Changes in Taxation

Although the likelihood of legislative change and tax reform is uncertain, there is always the possibility that the tax treatment of the contracts could change by legislation or other means. It is also possible that any change could be retroactive (that is, effective before the date of the change). In addition, legislative changes implemented under the Economic Growth and Tax Relief Reconciliation Act of 2001 are scheduled to sunset or expire after December 31, 2010 unless further extended by future legislation. You should consult a tax adviser with respect to legislative developments and their effect on the contract.

IV. Taxation of the Company

We are taxed as a life insurance company under the Tax Code. Variable Annuity Account C is not a separate entity from us. Therefore, it is not taxed separately as a "regulated investment company" but is taxed as part of the Company.

We automatically apply investment income and capital gains attributable to the separate account to increase reserves under the contracts. Because of this, under existing federal tax law we believe that any such income and gains will not be taxed to the extent that such income and gains are applied to increase reserves under the contracts. In addition, any foreign tax credits attributable to the separate account will be first used to reduce any income taxes imposed on the separate account before being used by the Company.

In summary, we do not expect that we will incur any federal income tax liability attributable to the separate account and we do not intend to make any provision for such taxes. However, changes in federal tax laws and/or their interpretation may result in our being taxed on income or gains attributable to the separate account. In this case we may impose a charge against the separate account (with respect to some or all of the contracts) to set aside provisions to pay such taxes. We may deduct this amount from the separate account, including from your contract value invested in the subaccounts.

OTHER TOPICS

Performance Reporting

We may advertise different types of historical performance for the subaccounts including:

- Standardized average annual total returns; and
- ▶ Non-standardized average annual total returns.

We may also advertise certain ratings, rankings or other information related to the Company, the subaccounts or the funds.

Standardized Average Annual Total Returns. We calculate standardized average annual total returns according to a formula prescribed by the SEC. This shows the percentage return applicable to \$1,000 invested in the subaccount over the most recent month end, one, five and 10-year periods. If the investment option was not available for the full period, we give a history from the date money was first received in that option under the separate account or from the date the fund was first available under the separate account. As an alternative to providing the most recent month-end performance, we may provide a phone number, website or both where these returns may be obtained. Standardized average annual total returns reflect the deduction of all recurring charges during each period (e.g., mortality and expense risk charges, administrative expense charges and ING GET Fund guarantee charges, if any).

Non-Standardized Average Annual Total Returns. We calculate non-standardized average annual total returns in a similar manner as that stated above, except that we may also include performance from the Fund's inception date, if that date is earlier than the one we use for standardized returns.

Voting Rights

Each of the subaccounts holds shares in a fund and each is entitled to vote at regular and special meetings of that fund. Under our current view of applicable law, we will vote the shares for each subaccount as instructed by persons having a voting interest in the subaccount. Under the contracts described in this prospectus, you have a fully vested interest in the value of your account. Therefore, under the plan you generally have the right to instruct the contract holder how to direct us to vote shares attributable to your account. Currently, we obtain participant voting instructions directly from participants, subject to receipt of authorization from the contract holder to accept such instructions. We will vote shares for which instructions have not been received in the same proportion as those for which we received instructions. Each person who has a voting interest in the separate account will receive periodic reports relating to the funds in which he or she has an interest, as well as any proxy materials and a form on which to give voting instructions. Voting instructions will be solicited by a written communication at least 14 days before the meeting.

The number of votes (including fractional votes) any person is entitled to direct will be determined as of the record date set by any fund in which that person invests through the subaccounts.

- During the accumulation phase, the number of votes is equal to the portion of the account value invested in the fund, divided by the net asset value of one share of that fund.
- During the income phase, the number of votes is equal to the portion of reserves set aside for the contract's share of the fund, divided by the net asset value of one share of that fund.

Transfer of Ownership; Assignment

No assignment of a contract will be binding on us unless made in writing and sent to us at the Service Center. We will use reasonable procedures to confirm that the assignment is authentic, including verification of signature. If we fail to follow our own procedures, we will be liable for any losses to you directly resulting from the failure. Otherwise, we are not responsible for the validity of any assignment. The rights of the contract holder and the interest of the annuitant and any beneficiary will be subject to the rights of any assignee of record.

Contract Modification

We may change the contract as required by federal or state law. In addition, we may, upon 30 days' written notice to the contract holder, make other changes to group contracts that would apply only to individuals who become participants under that contract after the effective date of such changes. If the group contract holder does not agree to a change, we reserve the right to refuse to establish new accounts under the contract. Certain changes will require the approval of appropriate state or federal regulatory authorities.

Legal Matters and Proceedings

We are not aware of any pending legal proceedings which involve the separate account as a party.

The Company is involved in threatened or pending lawsuits/arbitrations arising from the normal conduct of business. Due to the climate in insurance and business litigation/arbitrations, suits against the Company sometimes include claims for substantial compensatory, consequential, or punitive damages and other types of relief. Moreover, certain claims are asserted as class actions, purporting to represent a group of similarly situated individuals. While it is not possible to forecast the outcome of such lawsuits/arbitrations, in light of existing insurance, reinsurance, and established reserves, it is the opinion of management that the disposition of such lawsuits/arbitrations will not have a materially adverse effect on the Company's operations or financial position.

ING Financial Advisers, LLC, the principal underwriter and distributor of the contract (the "distributor"), is a party to threatened or pending lawsuits/arbitration that generally arise from the normal conduct of business. Some of these suits may seek class action status and sometimes include claims for substantial compensatory, consequential or punitive damages and other types of relief. ING Financial Advisers, LLC is not involved in any legal proceeding which, in the opinion of management, is likely to have a material adverse effect on its ability to distribute the contract.

Payment Delay or Suspension

We reserve the right to suspend or postpone the date of any payment of benefits or values under the following circumstances: (a) on any valuation date when the New York Stock Exchange is closed (except customary weekend and holidays) when trading on the Exchange is restricted; (b) when an emergency exists as determined by the SEC so that disposal of the securities held in the subaccounts is not reasonably practicable or it is not reasonably practicable fairly to determine the value of the subaccount's assets; (c) during any other periods the SEC may by order permit for the protection of investors. The conditions under which restricted trading or an emergency exists shall be determined by the rules and regulations of the SEC.

Intent to Confirm Quarterly

We will provide confirmation of scheduled transactions quarterly rather than immediately to the participant.

CONTENTS OF THE STATEMENT OF ADDITIONAL INFORMATION

The Statement of Additional Information contains more specific information on the separate account and the contract, as well as the financial statements of the separate account and the Company. A list of the contents of the SAI is set forth below:

General Information and History
Variable Annuity Account C
Offering and Purchase of Contracts
Income Phase Payments
Sales Material and Advertising
Independent Registered Public Accounting Firm
Financial Statements of the Separate Account
Consolidated Financial Statements of ING Life Insurance and Annuity Company

You may request an SAI by calling the Service Center at the number listed in "Contract Overview-Questions: Contacting the Company."

APPENDIX I GUARANTEED ACCUMULATION ACCOUNT

The Guaranteed Accumulation Account (GAA) is a fixed interest option that may be available during the accumulation phase under the contracts. This appendix is only a summary of certain facts about GAA. Please read the GAA prospectus before investing in this option. You may obtain a copy of the Guaranteed Accumulation Account prospectus by contacting us at the address or telephone number listed in "Contract Overview-Questions: Contacting the Company."

General Disclosure. Amounts that you invest in GAA will earn a guaranteed interest rate if amounts are left in GAA for the specified period of time. If you withdraw or transfer those amounts before the specified period of time has elapsed, we may apply a "market value adjustment," which may be positive or negative.

When you decide to invest money in GAA, you will want to contact your representative or the Company to learn:

- ▶ The interest rate we will apply to the amounts that you invest in GAA. We change this rate periodically, so be certain you know what rate we guarantee on the day your account dollars are invested into GAA.
- ➤ The period of time your account dollars need to remain in GAA in order to earn that rate. You are required to leave your account dollars in GAA for a specified period of time (guaranteed term), in order to earn the guaranteed interest rate.

Deposit Periods. A deposit period is the time during which we offer a specific interest rate if you deposit dollars for a certain guaranteed term. For a particular interest rate and guaranteed term to apply to your account dollars, you must invest them during the deposit period during which that rate and term are offered.

Interest Rates. We guarantee different interest rates, depending upon when account dollars are invested in GAA. The interest rate we guarantee is an annual effective yield; that means that the rate reflects a full year's interest. We credit interest daily at a rate that will provide the guaranteed annual effective yield over one year. The guaranteed interest rate will never be less than the rate stated in the contract.

Fees and Other Deductions. If all or a portion of your account value in GAA is withdrawn, you may incur the following:

- Market Value Adjustment (MVA)-as described in this appendix and in the GAA prospectus; or
- ▶ Tax Penalties and/or Tax withholding-see "Taxation."

We do not make deductions from amounts in GAA to cover mortality and expense risks. Rather, we consider these risks when determining the credited rate.

Market Value Adjustment (MVA). If you withdraw or transfer your account value from GAA before the guaranteed term is completed, an MVA may apply. The MVA reflects the change in the value of the investment due to changes in interest rates since the date of deposit. The MVA may be positive or negative.

- ▶ If interest rates at the time of withdrawal have increased since the date of deposit, the value of the investment decreases and the MVA will be negative. This could result in your receiving less than the amount you paid into GAA.
- ▶ If interest rates at the time of withdrawal have decreased since the date of deposit, the value of the investment increases and the MVA will be positive.

Guaranteed Terms. The guaranteed term is the period of time account dollars must be left in GAA in order to earn the guaranteed interest rate specified for that guaranteed term. We offer different guaranteed terms at different times. Check with your representative or the Company to learn the details about the guaranteed term(s) currently being offered.

In general, we offer the following guaranteed terms:

- Short-term-three years or fewer; and
- ▶ Long-term-ten years or less, but greater than three years.

At the end of a guaranteed term, you may:

- ► Transfer dollars to a new guaranteed term;
- > Transfer dollars to other available investment options; or
- ▶ Withdraw dollars.

Deductions may apply to withdrawals. See "Fees and Other Deductions" in this section.

Transfer of Account Dollars. Generally, account dollars invested in GAA may be transferred among guaranteed terms offered through GAA, and/or to other investment options offered through the contract. However, transfers may not be made during the deposit period in which your account dollars are invested in GAA or for 90 days after the close of that deposit period. We will apply an MVA to transfers made before the end of a guaranteed term.

Income Phase. GAA can not be used as an investment option during the income phase. However, you may notify us at least 30 days in advance to elect a variable payment option and to transfer your GAA account dollars to any of the subaccounts available during the income phase.

Loans. You cannot take a loan from your account value in the Guaranteed Accumulation Account. However, we include your account value in the Guaranteed Accumulation Account when determining the amount of your account value we may distribute as a loan.

Reinvesting Amounts Withdrawn from GAA. If amounts are withdrawn from GAA and then reinvested in GAA, we will apply the reinvested amount to the current deposit period. This means that the guaranteed annual interest rate, and guaranteed terms available on the date of reinvestment will apply. Amounts will be reinvested proportionately in the same way as they were allocated before withdrawal. Your account value will not be credited for any negative MVA that was deducted at the time of withdrawal.

APPENDIX II FIXED PLUS ACCOUNT

The Fixed Plus Account is an investment option available under the contracts. Amounts allocated to the Fixed Plus Account are held in the Company's general account which supports insurance and annuity obligations.

Additional information about this option may be found in the contract.

General Disclosure. Interests in the Fixed Plus Account have not been registered with the SEC in reliance on exemptions under the Securities Act of 1933, as amended. Disclosure in this prospectus about the Fixed Plus Account may be subject to certain generally applicable provisions of the federal securities laws relating to the accuracy and completeness of the statements. Disclosure in this Appendix regarding the Fixed Plus Account has not been reviewed by the SEC.

Interest Rates. The Fixed Plus Account guarantees that amounts allocated to this option will earn the minimum interest rate specified in the contract. We may credit a higher interest rate from time to time, but the rate we credit will never fall below the guaranteed minimum specified in the contract. Among other factors, the safety of the interest rate guarantees depends upon the claims-paying ability of the Company. We credit amounts held in the Fixed Plus Account with a rate 0.25% higher than the then-declared rate beginning in the tenth year after your account was established. Amounts applied to the Fixed Plus Account will earn the interest rate in effect at the time money is applied. Amounts in the Fixed Plus Account will reflect a compound interest rate as credited by us. The rate we quote is an annual effective yield. We do not make deductions from amounts in the Fixed Plus Account to cover mortality and expense risks. We consider these risks in determining the credited rate.

Our determination of credited interest rates reflects a number of factors, including mortality and expense risks, interest rate guarantees, the investment income earned on invested assets and the amortization of any capital gains and/or losses realized on the sale of invested assets. Under this option, we assume the risk of investment gain or loss by guaranteeing the amounts you allocate to this option and promising a minimum interest rate and income phase payment.

Partial Withdrawal. Partial withdrawals are limited to 20% of the amount held in the Fixed Plus Account on the day we receive a request in good order at the Service Center. The 20% limit is reduced by any Fixed Plus withdrawals, loans, transfers or income phase payments made in the last 12 months. In calculating the 20% limit, we reserve the right to include payments made through a Systematic Distribution Option.

Full Withdrawal. If the contract holder or you, if allowed by the plan, request a full withdrawal of your account value, we will pay any amounts held in the Fixed Plus Account, with interest, in five annual payments equal to:

- One-fifth of the Fixed Plus Account value on the day we receive the request, reduced by any Fixed Plus Account withdrawals, transfers, loans or income phase payments made during the past 12 months;
- ▷ One-fourth of the remaining Fixed Plus Account value 12 months later:
- ▷ One-third of the remaining Fixed Plus Account value 12 months later;
- ▷ One-half of the remaining Fixed Plus Account value 12 months later; and
- ▶ The balance of the Fixed Plus Account value 12 months later.

A full withdrawal may be canceled at any time before the end of the five-payment period.

Once we receive a request for full withdrawal, no further withdrawals, loans or transfers will be permitted from Fixed Plus Account.

We will waive the above full withdrawal five-payment period if full withdrawal is made due to any of the following:

- Your death before income phase payments have begun;
- ▶ Election of any income phase payment option with fixed payments or a lifetime payment option with variable payments;
- ➤ Your account value in the Fixed Plus Account value is \$3,500 or less and the amount withdrawn is to be transferred to another investment program under the SUNY Plan provided no withdrawals, loans, transfers or income phase payments have been made from your account within the past 12 months; or
- ▶ When the account value is \$4,000 or less and paid to you in a lump sum.

Alternative Payment of Fixed Plus Account Values. As an alternative to the payment of Fixed Plus Account values in five annual payments, the contract holder may instead elect an alternative method of payment.

Under the alternative method of payment, within 60 days of the proposed withdrawal date, the contract holder must notify the Company that it intends to surrender the entire contract. Within 30 days after receiving that notice, the Company will tell the contract holder the specific period and interest rate that would apply to a complete surrender of the contract in level, annual payments for a period of up to ten years. Under that payment method, the Company may reduce the interest rate credited to the Fixed Plus Account up to 1.5% from the interest rate being credited upon the date of withdrawal, and the interest rate would remain constant throughout the payment period.

When the contract holder receives the specific information from the Company about the alternative method of payment, the contract holder must irrevocably elect in writing to use either the alternative method of payment, or the payment of Fixed Plus Account values in five annual payments.

Transfers. Transfers are limited to 20% of the amount held in the Fixed Plus Account on the day a request in good order is received at our Service Center. The 20% limit is reduced by any Fixed Plus Account withdrawals, transfers, loans or income phase payments made in the past 12 months. We reserve the right to include payments made through a Systematic Distribution Option in calculating the 20% limit. The 20% limit will be waived if your account value in Fixed Plus Account is \$1,000 or less.

If you transfer 20% of your account value held in the Fixed Plus Account in each of four consecutive 12-month periods, you may transfer the remaining balance in the succeeding 12-month period provided you do not allocate any amount to or transfer any other amount from the Fixed Plus Account during the five-year period. The 20% amount available to transfer under this provision will be reduced by any amount transferred or applied to income phase payment options within the 12-month period preceding the first 20% transfer. Also, we may reduce it for payments we made from your Fixed Plus Account value under any Systematic Distribution Option.

Income Phase. Amounts accumulating under the Fixed Plus Account can be transferred to the subaccounts to fund variable lifetime income phase payment options during the income phase. However, Fixed Plus Account values may not be used to fund nonlifetime income options with variable payments.

Contract Loans. Loans may be made from account values held in the Fixed Plus Account. See the loan agreement for a description of the amount available and possible consequences upon loan default if Fixed Plus Account values are used for a loan.

APPENDIX III FUND DESCRIPTIONS

List of Fund Name Changes

Current Fund Name	Former Fund Name
ING JPMorgan International Portfolio	ING JPMorgan Fleming International Portfolio
ING Legg Mason Partners Aggressive Growth Portfolio	ING Salomon Brothers Aggressive Growth Portfolio
ING VP Strategic Allocation Conservative Portfolio	ING VP Strategic Allocation Income Portfolio
ING VP Strategic Allocation Moderate Portfolio	ING VP Strategic Allocation Balanced Portfolio

The investment results of the mutual funds (funds) are likely to differ significantly and there is no assurance that any of the funds will achieve their respective investment objectives. You should consider the investment objectives, risks and charges, and expenses of the funds carefully before investing. Please refer to the fund prospectuses for additional information. Shares of the funds will rise and fall in value and you could lose money by investing in the funds. Shares of the funds are not bank deposits and are not guaranteed, endorsed or insured by any financial institution, the Federal Deposit Insurance Corporation or any other government agency. Except as noted, all funds are diversified, as defined under the Investment Company Act of 1940. Fund prospectuses may be obtained free of charge at the address and telephone number listed in "Contract Overview-Questions: Contacting the Company" by accessing the SEC's website or by contacting the SEC Public Reference Branch.

Certain funds offered under the contracts have investment objectives and policies similar to other funds managed by the fund's investment adviser. The investment results of a fund may be higher or lower than those of other funds managed by the same adviser. There is no assurance and no representation is made that the investment results of any fund will be comparable to those of another fund managed by the same investment adviser.

GENERAL INFORMATION AND HISTORY

ING Life Insurance and Annuity Company (the "Company," we, us, our) is a stock life insurance company which was organized under the insurance laws of the State of Connecticut in 1976. Prior to May 1, 2002, the Company was known as Aetna Life Insurance and Annuity Company. Through a merger, it succeeded to the business of Aetna Variable Annuity Life Insurance Company (formerly Participating Annuity Life Insurance Company organized in 1954).

As of December 31, 2005, the Company and its subsidiary life company had \$54 billion invested through their products, including \$37 billion in their separate accounts (of which the Company, or its management affiliates, ING Investment Management Co. and ING Investments, LLC manages or oversees the management of \$18 billion). The Company is ranked based on assets among the top 2% of all life and health insurance companies rated by A.M. Best Company as of July 19, 2005. The Company is an indirect wholly owned subsidiary of ING Groep, N.V., a global financial institution active in the fields of insurance, banking and asset management and is a direct, wholly owned subsidiary of Lion Connecticut Holdings Inc. The Company is engaged in the business of issuing life insurance policies and annuity contracts. Our Home Office is located at 151 Farmington Avenue, Hartford, Connecticut 06156.

In addition to serving as the depositor for the separate account, the Company is a registered investment adviser under the Investment Advisers Act of 1940. We provide investment advice to several of the registered management investment companies offered as variable investment options under the contracts funded by the separate account (see "Variable Annuity Account C" below).

The Company has established the Service Center to provide administrative support to the contract holder and participants of the State University of New York Defined Contribution Retirement Plan (SUNY). This office will handle enrollments, billing, transfers, redemptions, and inquiries for all SUNY contract holders and participants. All forms and correspondence should be sent to the address listed on the cover of this Statement of Additional Information.

Other than the mortality and expense risk charge, administrative expense charge and ING GET Fund guarantee charge described in the prospectus, all expenses incurred in the operations of the separate account are borne by the Company. However, the Company does receive compensation for certain administrative or distribution costs from the funds or affiliates of the funds used as funding options under the contract. (See "Fees" in the prospectus.)

The assets of the separate account are held by the Company. The separate account has no custodian. However, the funds in whose shares the assets of the separate account are invested each have custodians, as discussed in their respective prospectuses.

From this point forward, the term "contract(s)" refers only to those offered through the prospectus.

VARIABLE ANNUITY ACCOUNT C

Variable Annuity Account C is a separate account established by the Company for the purpose of funding variable annuity contracts issued by the Company. The separate account is registered with the Securities and Exchange Commission ("SEC") as a unit investment trust under the Investment Company Act of 1940, as amended. Payments to accounts under the contract may be allocated to one or more of the subaccounts. Each subaccount invests in the shares of only one of the funds listed below. We may make additions to, deletions from or substitutions of available investment options as permitted by law and subject to the conditions of the contract. The availability of the funds is subject to applicable regulatory authorization.

The funds currently available under the contract are as follows:

Calvert Social Balanced Portfolio

Fidelity® VIP Asset ManagerSM Portfolio (Initial Class)

Fidelity® VIP Contrafund® Portfolio (Initial Class)

Fidelity® VIP Equity-Income Portfolio (Initial Class)

Fidelity® VIP High Income Portfolio (Initial Class)

ING VP Strategic Allocation Moderate Portfolio (Class I) (formerly ING VP Allocation Balanced Portfolio)

ING VP Value Opportunity Portfolio (Class I)

Lord Abbett Series Fund - Mid-Cap Value Portfolio (Class VC)

MFS® Total Return Series (Initial Class)

- (1) ING GET U.S. Core Portfolio is not currently available for investment.
- (2) Transfers or deposits to this subaccount are only allowed for participants who had a current balance in the Oppenheimer Strategic Bond Fund/VA subaccount on October 17, 2003 or who were currently directing periodic contributions into the subaccount as of that date. The Oppenheimer Strategic Bond Fund/VA was replaced with the ING Oppenheimer Strategic Income Portfolio (Initial Class) on April 15, 2005. Investment in the substitute fund is subject to the same restrictions as those that applied to the replaced fund. If at any time a participant has no balance in the subaccount and is not making a current allocation into the subaccount, no further transfers or deposits into the subaccount will be allowed. As soon as all those who have current allocations to the subaccount under the contract have redirected their allocations to other investment options, we will close the subaccount to all new transfers and deposits.
- (3) Transfers or deposits are not allowed into the subaccount investing in this fund, except from accounts established under the contract before May 1, 1998. As soon as all those who have current allocations to the subaccount under the contract have redirected their allocations to other investment options, we will close the subaccount to all new transfers or deposits.

Complete descriptions of each of the funds, including their investment objectives, policies, risks and fees and expenses, is contained in the prospectuses and statements of additional information for each of the funds.

OFFERING AND PURCHASE OF CONTRACTS

The Company is the depositor and the Company's subsidiary, ING Financial Advisers, LLC serves as the principal underwriter for the contracts. ING Financial Advisers, LLC, a Delaware limited liability company, is registered as a broker-dealer with the SEC. ING Financial Advisers, LLC is also a member of the National Association of Securities Dealers, Inc. and the Securities Investor Protection Corporation. ING Financial Advisers, LLC's principal office is located at 151 Farmington Avenue, Hartford, Connecticut 06156. The contracts are distributed through life insurance agents licensed to sell variable annuities who are registered representatives of ING Financial Advisers, LLC or of other registered broker-dealers who have entered into sales arrangements with ING Financial Advisers, LLC. The offering of the contracts is continuous. A description of the manner in which contracts are purchased may be found in the prospectus under the sections entitled "Contract Ownership and Rights" and "Your Account Value."

Compensation paid to the principal underwriter, ING Financial Advisers, LLC, for the years ending December 31, 2005, 2004, and 2003 amounted to \$36,978,063.93, \$33,938,738.36, and \$32,306,093, respectively. These amounts reflect compensation paid to ING Financial Advisers, LLC attributable to regulatory and operating expenses associated with the distribution of all registered variable annuity products issued by Variable Annuity Account C of ING Life Insurance and Annuity Company.

INCOME PHASE PAYMENTS

When you begin receiving payments under the contract during the income phase (see "Income Phase" in the prospectus), the value of your account is determined using accumulation unit values as of the tenth valuation before the first payment is due. Such value (less any applicable premium tax charge) is applied to provide payments to you in accordance with the payment option and investment options elected.

The Annuity option tables found in the Contract show, for each option, the amount of the first payment for each \$1,000 of value applied. Thereafter, variable payments fluctuate as the Annuity Unit value(s) fluctuates with the investment experience of the selected investment option(s). The first payment and subsequent payments also vary depending on the assumed net investment rate selected (3.5% or 5% per annum). Selection of a 5% rate causes a higher first payment, but payments will increase thereafter only to the extent that the net investment rate increases by more than 5% on an annual basis. Payments would decline if the rate failed to increase by 5%. Use of the 3.5% assumed rate causes a lower first payment, but subsequent payments would increase more rapidly or decline more slowly as changes occur in the net investment rate.

When the income phase begins, the annuitant is credited with a fixed number of Annuity Units (which does not change thereafter) in each of the designated investment options. This number is calculated by dividing (a) by (b), where (a) is the amount of the first payment based on a particular investment option, and (b) is the then current Annuity Unit value for that investment option. As noted, Annuity Unit values fluctuate from one valuation to the next (see "Your Account Value" in the prospectus); such fluctuations reflect changes in the net investment factor for the appropriate subaccount(s) (with a ten day valuation lag which gives the Company time to process payments) and a mathematical adjustment which offsets the assumed net investment rate of 3.5% or 5% per annum.

The operation of all these factors can be illustrated by the following hypothetical example. These procedures will be performed separately for the investment options selected during the income phase.

EXAMPLE:

Assume that, at the date payments are to begin, there are 3,000 accumulation units credited under a particular contract or account and that the value of an accumulation unit for the tenth valuation prior to retirement was \$13.650000. This produces a total value of \$40,950.

Assume also that no premium tax charge is payable and that the Annuity table in the contract provides, for the payment option elected, a first monthly variable annuity payment of \$6.68 per \$1000 of value applied; the annuitant's first monthly payment would thus be 40.950 multiplied by \$6.68, or \$273.55.

Assume then that the value of an Annuity Unit upon the valuation on which the first payment was due was \$13.400000. When this value is divided into the first monthly payment, the number of Annuity Units is determined to be 20.414. The value of this number of Annuity Units will be paid in each subsequent month.

Suppose there were 30 days between the initial and second payment valuation dates. If the net investment factor with respect to the appropriate subaccount is 1.0032737 as of the tenth valuation preceding the due date of the second monthly income phase payment, multiplying this factor by .9971779* = .9999058^30 (to take into account 30 days of the assumed net investment rate of 3.5% per annum built into the number of Annuity Units determined above) produces a result of 1.000442. This is then multiplied by the Annuity Unit value for the prior valuation (\$13.400000 from above) to produce an Annuity Unit value of \$13.405928 for the valuation occurring when the second income phase payment is due.

The second monthly income phase payment is then determined by multiplying the number of Annuity Units by the current Annuity Unit value, or 20.414 times \$13.405928, which produces a payment of \$273.67.

*If an assumed net investment rate of 5% is elected, the appropriate factor to take into account such assumed rate would be .9959968 = .9998663^30.

SALES MATERIAL AND ADVERTISING

We may include hypothetical illustrations in our sales literature that explain the mathematical principles of dollar cost averaging, compounded interest, tax deferred accumulation, and the mechanics of variable annuity contracts. We may also discuss the difference between variable annuity contracts and other types of savings or investment products such as personal savings accounts and certificates of deposit.

We may distribute sales literature that compares the percentage change in accumulation unit values for any of the subaccounts to established market indices such as the Standard & Poor's 500 Stock Index and the Dow Jones Industrial Average or to the percentage change in values of other management investment companies that have investment objectives similar to the subaccount being compared.

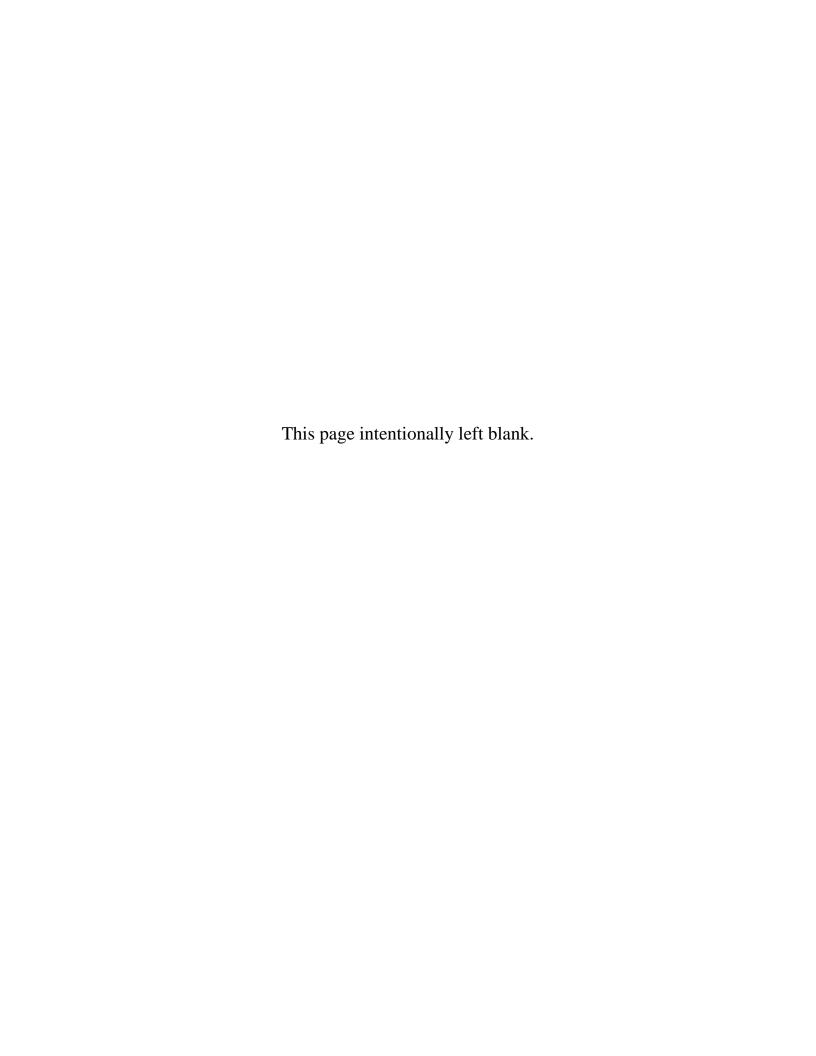

We may publish in advertisements and reports, the ratings and other information assigned to us by one or more independent rating organizations such as A.M. Best Company, Duff & Phelps, Standard & Poor's Corporation and Moody's Investors Service, Inc. The purpose of the ratings is to reflect our financial strength and/or claims-paying ability. We may also quote ranking services such as Morningstar's Variable Annuity/Life Performance Report and Lipper's Variable Insurance Products Performance Analysis Service (VIPPAS), which rank variable annuity or life subaccounts or their underlying funds by performance and/or investment objective. We may categorize the underlying funds in terms of the asset classes they represent and use such categories in marketing materials for the contracts. We may illustrate in advertisements the performance of the underlying funds, if accompanied by performance which also shows the performance of such funds reduced by applicable charges under the separate account. We may also show in advertisements the portfolio holdings of the underlying funds, updated at various intervals. From time to time, we will quote articles from newspapers and magazines or other publications or reports such as The Wall Street Journal, Money magazine, USA Today and The VARDS Report.

We may provide in advertising, sales literature, periodic publications or other materials information on various topics of interest to current and prospective contract holders or participants. These topics may include the relationship between sectors of the economy and the economy as a whole and its effect on various securities markets, investment strategies and techniques (such as value investing, market timing, dollar cost averaging, asset allocation, constant ratio transfer and account rebalancing), the advantages and disadvantages of investing in tax-deferred and taxable investments, customer profiles and hypothetical purchase and investment scenarios, financial management and tax and retirement planning, and investment alternatives to certificates of deposit and other financial instruments, including comparison between the contracts and the characteristics of and market for such financial instruments.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Ernst & Young LLP, 600 Peachtree Street, Suite 2800, Atlanta, GA 30308 is the independent registered public accounting firm for the separate account and for the Company. The services provided to the separate account include primarily the audit of the separate account's financial statements.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Account's internal control over financial reporting. Our audits include consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Account's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. Our procedures included confirmation of securities owned as of December 31, 2005, by correspondence with the transfer agents. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of each of the respective Divisions constituting ING Life Insurance and Annuity Company Variable Annuity Account C at December 31, 2005, the results of their operations and changes in their net assets for the periods disclosed in the financial statements, in conformity with U.S. generally accepted accounting principles.

Notes to Financial Statements

1. Organization

ING Life Insurance and Annuity Company Variable Annuity Account C (the "Account") was established by ING Life Insurance and Annuity Company ("ILIAC" or the "Company") to support the operations of variable annuity contracts ("Contracts"). The Company is an indirect wholly owned subsidiary of ING America Insurance Holdings, Inc. ("ING AIH"), an insurance holding company domiciled in the State of Delaware. ING AIH is an indirect wholly owned subsidiary of ING Groep, N.V., a global financial services holding company based in The Netherlands.

The Account is registered as a unit investment trust with the Securities and Exchange Commission under the Investment Company Act of 1940, as amended. ILIAC provides for variable accumulation and benefits under the Contracts by crediting annuity considerations to one or more divisions within the Account or the fixed separate account, which is not part of the Account, as directed by the contractowners. The portion of the Account's assets applicable to Contracts will not be charged with liabilities arising out of any other business ILIAC may conduct, but obligations of the Account, including the promise to make benefit payments, are obligations of ILIAC. The assets and liabilities of the Account are clearly identified and distinguished from the other assets and liabilities of ILIAC.

At December 31, 2005, the Account had 177 investment divisions (the "Divisions"), 81 of which invest in independently managed mutual funds and 96 of which invest in mutual funds managed by affiliates, either ING Investments, LLC, Directed Services, Inc., or ING Life Insurance and Annuity Company. The assets in each Division are invested in shares of a designated fund ("Fund") of various investment trusts (the "Trusts"). Investment Divisions with asset balances at December 31, 2005 and related Trusts are as follows:

2. Significant Accounting Policies

The following is a summary of the significant accounting policies of the Account:

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investments

Investments are made in shares of a Fund and are recorded at fair value, determined by the net asset value per share of the respective Fund. Investment transactions in each Fund are recorded on the trade date. Distributions of net investment income and capital gains from each Fund are recognized on the ex-distribution date. Realized gains and losses on redemptions of the shares of the Fund are determined on a first-in, first-out basis. The difference between cost and current market value on the day of measurement is recorded as unrealized appreciation or depreciation of investments.

Federal Income Taxes

Operations of the Account form a part of, and are taxed with, the total operations of ILIAC, which is taxed as a life insurance company under the Internal Revenue Code. Earnings and realized capital gains of the Account attributable to the contractowners are excluded in the determination of the federal income tax liability of ILIAC.

Notes to Financial Statements

Contractowner Reserves

Prior to the annuity date, the Contracts are redeemable for the net cash surrender value of the Contracts. The annuity reserves of the Company are represented by net assets on the Statement of Assets and Liabilities and are equal to the aggregate account values of the contractowners invested in the Account Divisions. Net assets allocated to contracts in the payout period are computed according to the 1983a Individual Annuitant Mortality Table. The assumed investment return is 3.5% unless the contractowner elects otherwise, in which case the rate may vary from 3.5% to 7%, as regulated by the laws of the respective states. The mortality risk is fully borne by ILIAC and may result in additional amounts being transferred into the Account by ILIAC to cover greater longevity of annuitants than expected. Conversely, if amounts allocated exceed amounts required, transfers may be made to the Company.

Reclassifications

Certain reclassifications have been made to prior year financial information to conform to the current year classifications.

3. Charges and Fees

Under the terms of the Contracts, certain charges are allocated to the Contracts to cover ILIAC's expenses in connection with the issuance and administration of the Contracts. Following is a summary of these charges:

Mortality and Expense Risk Charges

ILIAC assumes mortality and expense risks related to the operations of the Account and, in accordance with the terms of the Contracts, deducts a daily charge from the assets of the Account. Daily charges are deducted at annual rates of up to 1.50% of the average daily net asset value of each Division of the Account to cover these risks, as specified in the Contract.

Administrative Charges

A daily charge at an annual rate of up to 0.25% of the assets attributable to the Contracts is deducted, as specified in the Contract, for administrative charges related to the Account.

Notes to Financial Statements

Contract Maintenance Charges

For certain Contracts, an annual Contract maintenance fee of up to \$30 may be deducted from the accumulation value of Contracts to cover ongoing administrative expenses, as specified in the Contract.

Contingent Deferred Sales Charges

For certain Contracts, a contingent deferred sales charge is imposed as a percentage of each premium payment if the Contract is surrendered or an excess partial withdrawal is taken, and currently ranges up to 7%, as specified in the Contract.

Premium Taxes

For certain Contracts, premium taxes are deducted, where applicable, from the accumulation value of each Contract. The amount and timing of the deduction depends on the contractowner's state of residence and currently ranges up to 4.0% of premiums.

Other Contract Charges

For certain Contracts, an additional annual charge of 1.0% is deducted daily from the accumulation value of Contracts for contractowners who select the Five-Year Guaranteed Minimum Income feature.

4. Related Party Transactions

During the year ended December 31, 2005, management and service fees were paid indirectly to ING Investments, LLC, an affiliate of the Company, in its capacity as investment adviser to the ING Equity Trust, ING GET Fund, ING Series Fund, Inc., ING VP Intermediate Bond Portfolio, ING VP Money Market Portfolio, ING VP Balanced Portfolio, Inc., ING Strategic Allocation Portfolios, Inc., ING Variable Funds, ING Variable Insurance Trust, ING Variable Portfolios, Inc., and ING VP Natural Resources Trust. The annual fee rate ranged from 0.25% to 1.00% of the average net assets of each respective Fund or Fund of the Trust.

In addition, management fees were paid to ILIAC in its capacity as investment adviser to ING Partners, Inc. The annual fee rate ranged from 0.10% to 1.00% of the average net assets of each respective Fund of the Trust.

Management fees were also paid indirectly to Directed Services, Inc., an affiliate of the Company, in its capacity as investment manager to ING Investors Trust. The Fund's advisory agreement provided for a fee at an annual rate ranging from 0.26% to 1.25% of the average net assets of each respective Portfolio.

Notes to Financial Statements

5. Fund of Funds

The Account had one Lifestyle Fund, "Moderate Allocation Portfolio" at December 31, 2004 which invested in other Divisions of the Account, as well as in fixed interest divisions, which are not part of the Account. As of December 31, 2005 the fund was closed to contractowners and had no net assets.

Notes to Financial Statements

6. Purchases and Sales of Investment Securities

Notes to Financial Statements

ING MAP PLUS

Group contracts issued in connection with ING MAP Plus NP, shown separately for differing daily asset charges.

Qualified I

Individual Contracts issued prior to May 1, 1975 in connection with "Qualified Corporate Retirement Plans" established pursuant to Section 401 of the Internal Revenue Code ("Code"); tax-deferred annuity Plans established by the public school systems and tax-exempt organizations pursuant to Section 403(b) of the Code, and certain individual retirement annuity plans established by or on behalf of individuals pursuant to section 408(b) of the Code; individual Contracts issued prior to November 1, 1975 in connection with "H.R. 10 Plans" established by persons entitled to the benefits of the Self-Employed Individuals Tax Retirement Act of 1962, as amended; allocated group Contracts issued prior to May 1, 1975 in connection with qualified corporate retirement plans; and group Contracts issued prior to October 1, 1978 in connection with tax-deferred annuity plans.

Qualified V

Certain group AetnaPlus Contracts issued since August 28, 1992 in connection with "Optional Retirement Plans" established pursuant to Section 403(b) or 401(a) of the Internal Revenue Code.

Qualified VI

Certain group AetnaPlus Contracts issued in connection with tax-deferred annuity plans, Retirement Plus plans and deferred compensation plans since August 28, 1992.

Qualified VII

Certain existing Contracts that were converted to ACES, an administrative system (previously valued under Qualified I).

Qualified VIII

Group AetnaPlus Contracts issued in connection with Tax-Deferred Annuity Plans and Deferred Compensation Plans adopted by state and local governments since June 30, 1993.

Qualified IX

Certain large group Contracts (Jumbo) that were converted to ACES, an administrative system (previously valued under Qualified VI).

Notes to Financial Statements

Qualified X

Individual retirement annuity and Simplified Employee Pension ("SEP") plans issued or converted to ACES, an administrative system.

Qualified XII

Group Retirement Plus and Voluntary TDA Contracts issued since 1996 in connection with plans established pursuant to Section 403(b) or 401(a) of the Internal Revenue Code, shown separately by applicable daily charge; and Contracts issued since October 1, 1996 in connection with optional retirement plans established pursuant to Section 403(b) or 403(a) of the Internal Revenue Code.

Qualified XV

Certain existing Contracts issued in connection with deferred compensation plans issued through product exchange on December 16, 1996 (previously valued under Qualified VI), and new Contracts issued after that date in connection with certain deferred compensation plans.

Qualified XVI

Group AetnaPlus Contracts assessing an administrative expense charge effective April 7, 1997 issued in connection with tax-deferred annuity plans, Retirement Plus plans and deferred compensation plans.

Qualified XVII

Group AetnaPlus Contracts containing contractual limits on fees issued in connection with tax-deferred annuity plans and deferred compensation plans, which resulted in reduced daily charges for certain funding options effective May 29, 1997.

Qualified XVIII

Individual retirement annuity and SEP plan Contracts containing contractual limits on fees, which resulted in reduced daily charges for certain funding options effective May 29, 1997.

Qualified XIX

Group Corporate 401 Contracts containing contractual limits on fees, which resulted in reduced daily charges for certain funding options effective May 29, 1997.

Notes to Financial Statements

Qualified XX

Group HR 10 Contracts containing contractual limits on fees, which resulted in reduced daily charges for certain funding options effective May 29, 1997.

Qualified XXI

Certain existing Contracts issued in connection with deferred compensation plans having Contract modifications effective May 20, 1999.

Qualified XXII

Certain existing Contracts issued in connection with deferred compensation plans having Contract modifications effective May 20, 1999.

Qualified XXV

Group Contracts issued in connection with Aetna Government Custom Choice plans having Contract modifications effective October 2000 to lower mortality and expense fee.

Qualified XXVI

Group Contracts issued in connection with Aetna Government Custom Choice plans having Contract modifications effective October 2000 to lower mortality and expense fee.

Qualified XXVII

Group Contracts issued in connection with tax deferred annuity plans having Contract modifications effective February 2000 to lower mortality and expense fee.

Qualified XXVIII

Group Contracts issued in connection with optional retirement plans having Contract modifications effective February 2000 to lower mortality and expense fee.

Qualified XXIX

Individual Contracts issued in connection with tax-deferred annuity plans and individual retirement annuity plans since May 1, 1975, H.R. 10 Plans since November 1, 1975, group Contracts issued since October 1, 1978 in connection with tax-deferred annuity plans and group Contracts issued since May 1, 1979 in connection with deferred compensation plans adopted by state and local governments and H.R. 10 Plans.

Notes to Financial Statements

Qualified XXX

Individual Contracts issued in connection with tax-deferred annuity plans and individual retirement annuity plans since May 1, 1975, H.R. 10 Plans since November 1, 1975, group Contracts issued since October 1, 1978 in connection with tax-deferred annuity plans and group Contracts issued since May 1, 1979 in connection with deferred compensation plans adopted by state and local governments and H.R. 10 Plans.

Qualified XXXI

Group Contracts issued in connection with the San Bernadino 457F Plan at a zero basis point charge, effective in 2004.

Qualified XXXII

Individual Contracts issued in connection with the 1992/1994 Pension IRA at 125 basis points, effective in 2004.

Qualified XXXIII

Group Contracts issued in connection with Multiple Sponsored Retirement Options product at 0.40 and 0.65 basis points.

Notes to Financial Statements

9. Financial Highlights

A summary of unit values and units outstanding for variable annuity Contracts, expense ratios, excluding expenses of underlying funds, investment income ratios, and total return for the years ended December 31, 2005, 2004, 2003, 2002 and 2001, follows:

Notes to Financial Statements

		Investment								
	Units	Unit Fair Value	Net Assets	Income	Expense Ratio ^B	Total Return ^C				
Division	(000's)	(lowest to highest)	(000's)	Ratio ^A	(lowest to highest)	(lowest to highest)				

- A The Investment Income Ratio represents dividends received by the Division, excluding capital gains distributions, divided by the average net assets.

 The recognition of investment income is determined by the timing of the declaration of dividends by the underlying fund in which the Division invests.
- B The Expense Ratio considers only the expenses borne directly by the Account and is equal to the mortality and expense charge, plus the annual administrative charge and other contract charges, as defined in Note 3. Certain items in this table are presented as a range of minimum and maximum values; however, such information is calculated independently for each column in the table.
- C Total Return is calculated as the change in unit value for each Contract presented in the Statements of Assets and Liabilities. Certain items in this table are presented as a range of minimum and maximum values; however, such information is calculated independently for each column in the table.

Report of Independent Registered Public Accounting Firm

The Board of Directors
ING Life Insurance and Annuity Company

We have audited the accompanying consolidated balance sheets of ING Life Insurance and Annuity Company and subsidiary as of December 31, 2005 and 2004, and the related consolidated statements of operations, changes in shareholder's equity, and cash flows for each of the three years in the period ended December 31, 2005. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Company's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the consolidated financial position of ING Life Insurance and Annuity Company and subsidiary as of December 31, 2005 and 2004, and the results of their operations and their cash flows for each of the three years in the period ended December 31, 2005, in conformity with U.S. generally accepted accounting principles.

Notes to Consolidated Financial Statements

(Dollar amount in millions, unless otherwise stated)

1. Organization and Significant Accounting Policies

Basis of Presentation

ING Life Insurance and Annuity Company ("ILIAC") is a stock life insurance company domiciled in the state of Connecticut. ILIAC and its wholly-owned subsidiary (collectively, the "Company") are providers of financial products and services in the United States. ILIAC is authorized to conduct its insurance business in the District of Columbia and all states.

The consolidated financial statements include ILIAC and its wholly-owned subsidiary, ING Financial Advisers, LLC ("IFA"). ILIAC is a direct, wholly-owned subsidiary of Lion Connecticut Holdings Inc. ("Lion" or "Parent"), which is an indirect, wholly-owned subsidiary of ING Groep N.V. ("ING"). ING is a global financial services holding company based in The Netherlands, with American Depository Shares listed on the New York Stock Exchange under the symbol "ING."

On December 31, 2005, ILIAC's subsidiary, ING Insurance Company of America ("IICA"), merged with and into ILIAC. As of the merger date, IICA ceased to exist and ILIAC became the surviving corporation. The merger did not have an impact on ILIAC, as IICA was a wholly-owned subsidiary and already included in the consolidated financial statements for all periods presented.

Description of Business

The Company offers qualified and nonqualified annuity contracts that include a variety of funding and payout options for individuals and employer-sponsored retirement plans qualified under Internal Revenue Code Sections 401, 403, 408, and 457, as well as nonqualified deferred compensation plans. The Company's products are offered primarily to individuals, pension plans, small businesses, and employer-sponsored groups in the health care, government, education (collectively "not-for-profit" organizations), and corporate markets. The Company's products generally are distributed through pension professionals, independent agents and brokers, third party administrators, banks, dedicated career agents, and financial planners.

The Company offers deferred and immediate (payout annuities) annuity contracts. These products include programs offered to qualified plans and nonqualified deferred compensation plans that package administrative and record-keeping services along with a variety of investment options, including affiliated and nonaffiliated mutual funds, and variable and fixed investment options. In addition, the Company offers wrapper agreements entered into with retirement plans which contain certain benefit responsive guarantees (i.e. liquidity guarantees of principal and previously accrued interest for benefits paid under the terms of the plan) with respect to portfolios of plan-owned assets

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

(Dollar amount in millions, unless otherwise stated)

not invested with the Company. The Company also offers investment advisory services and pension plan administrative services.

The Company has one operating segment, ING U.S. Financial Services, which offers the products described above.

Recently Adopted Accounting Standards

The Meaning of Other-Than-Temporary Impairment and its Application to Certain Investments

In March 2004, the Emerging Issues Task Force ("EITF") reached a final consensus on EITF Issue No. 03-1 ("EITF-03-1"), "The Meaning of Other-Than-Temporary Impairment and Its Application to Certain Investments," requiring that a three-step impairment model be applied to securities within its scope. The three-step model is applied on a security-by-security basis as follows:

- Step 1: Determine whether an investment is impaired. An investment is impaired if the fair value of the investment is less than its cost basis.
- Step 2: Evaluate whether an impairment is other-than-temporary.
- Step 3: If the impairment is other-than-temporary, recognize an impairment loss equal to the difference between the investment's cost and its fair value.

On September 30, 2004, the Financial Accounting Standards Board ("FASB") issued FASB Staff Position ("FSP") No. EITF Issue 03-1-1 ("FSP EITF 03-1-1"), "Effective Date of Paragraphs 10-20 of EITF Issue No. 03-1, 'The Meaning of Other-Than-Temporary Impairment and Its Application to Certain Investments," which delayed the EITF Issue No. 03-1 original effective date of July 1, 2004 for steps two and three of the impairment model introduced.

On November 3, 2005, the FASB issued FSP Statement of Financial Accounting Standard ("FAS") No. 115-1, "The Meaning of Other-Than-Temporary Impairment and Its Application to Certain Investments" ("FSP FAS No. 115-1"). FSP FAS No. 115-1 replaces the impairment evaluation guidance of EITF 03-1.

FSP FAS No. 115-1 addresses the determination of when an investment is considered impaired, whether that impairment is other-than-temporary, and the measurement of an impairment loss. In addition, it includes considerations for accounting subsequent to the recognition of an other-than-temporary impairment and requires certain disclosures about unrealized losses that have not been recognized as other-than-temporarily impaired. FSP FAS No. 115-1 further clarifies that an impairment loss should be recognized no later than when the impairment is deemed other-than-temporary, even if a decision to sell an

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

(Dollar amount in millions, unless otherwise stated)

impaired security has not been made. FSP FAS No. 115-1 references existing guidance on other-than-temporary impairments.

FSP FAS No. 115-1 is effective for reporting periods beginning after December 15, 2005, and was implemented by the Company during the fourth quarter of 2005. The Company recognized impairment losses of \$5.7 for the year ended December 31, 2005, related to investments that the Company does not have the intent and ability to retain for a period of time sufficient to allow for recovery in fair value. The required disclosures are included in the Investments footnote.

Investor's Accounting for an Investment in a Limited Partnership When the Investor is the Sole General Partner and the Limited Partners Have Certain Rights

In June 2005, the EITF reached a consensus on EITF Issue 04-5, "Investor's Accounting for an Investment in a Limited Partnership When the Investor is the Sole General Partner and the Limited Partners Have Certain Rights" ("EITF 04-5"), which states that the general partner in a limited partnership should presume that it controls and, thus, should consolidate the limited partnership, unless the limited partners have either (a) substantive ability to dissolve the limited partnership or otherwise remove the general partner without cause or (b) substantive participating rights. EITF 04-5 applies to limited partnerships that are not variable interest entities under FASB Interpretation No. 46(R): "Consolidation of Variable Interest Entities" ("FIN 46(R)"). EITF 04-5 was effective immediately for all new limited partnerships formed and for existing limited partnerships for which partnership agreements are modified after June 29, 2005, and is effective for all other limited partnerships at the commencement of the first reporting period beginning after December 15, 2005.

EITF 04-5 had no impact on ILIAC as of December 31, 2005, as the Company's investments in limited partnerships are generally considered variable interest entities under FIN 46(R), and are accounted for using the cost or equity method of accounting since the Company is not the primary beneficiary. Investments in limited partnerships are included in Other investments on the Consolidated Balance Sheets.

Share-Based Payment

In December 2004, the FASB issued Statement of Financial Accounting Standards ("FAS") No. 123 (revised 2004), "Share-Based Payment" ("FAS No. 123R"), which requires all share-based payments to employees be recognized in the financial statements based upon the fair value. FAS No. 123R was effective at the beginning of the first annual period beginning after June 15, 2005 for registrants. FAS No. 123R provides two transition methods, modified-prospective and modified- retrospective.

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

(Dollar amount in millions, unless otherwise stated)

The modified-prospective method recognizes the grant-date fair value of compensation for new awards granted after the effective date and unvested awards beginning in the fiscal period in which the recognition provision are first applied. Prior periods are not restated. The modified-retrospective method permits entities to restate prior periods by recognizing the compensation cost based on amounts previously reported in the proforma footnote disclosure as required under FAS No. 123, "Accounting for Stock-Based Compensation" ("FAS No. 123").

The Company early adopted the provisions of FAS No. 123R on January 1, 2005, using the modified-prospective method. Under the modified-prospective method, compensation cost recognized in 2005 includes: (a) compensation cost for all share-based payments granted prior to, but not yet vested as of January 1, 2005, based on the grant date fair value estimated in accordance with the original provisions of FAS No. 123, and (b) compensation cost for all share-based payments granted subsequent to January 1, 2005, based on the grant-date fair value in accordance with the provisions of FAS No. 123R. Results for prior periods are not restated. Prior to January 1, 2005, the Company applied the intrinsic value-based provisions set forth in Accounting Principles Board ("APB") Opinion No. 25, "Accounting for Stock Issued to Employees" ("APB 25"), and related Interpretations, as permitted by FAS No.123. No stock based employee compensation cost was recognized in the Consolidated Statement of Operations during 2004, as all options granted during the year had an exercise price equal to the market value of the underlying common stock on the date of grant. All shares granted during 2005 and 2004 were those of ING, the Company's ultimate parent. As a result of adopting FAS No. 123R, the Company's net income for the year ended December 31, 2005, is \$2.0 lower than if it had continued to account for share-based payments under APB 25. The fair value of shares granted during 2005 was \$2.6 as of December 31, 2005, and will be expensed over a vesting period of 3 years. Prior to the adoption of FAS No. 123R, no modifications were made to outstanding options, and there were no significant changes of valuation methodologies as a result of the adoption of FAS No. 123R.

Accounting for Derivative Instruments and Hedging Activities

The Derivative Implementation Group ("DIG"), responsible for issuing guidance on behalf of the FASB for implementation of FAS No. 133, "Accounting for Derivative Instruments and Hedging Activities" ("FAS No. 133"), issued Statement No. 133 Implementation Issue No. B36, "Embedded Derivatives: Modified Coinsurance Arrangements and Debt Instruments That Incorporate Credit Risk Exposures That Are Unrelated or Only Partially Related to the Credit Worthiness of the Obligor under Those Instruments" ("DIG B36"). Under this interpretation, modified coinsurance and coinsurance with funds withheld reinsurance agreements, as well as other types of receivables and payables where interest is determined by reference to a pool of fixed maturity assets or a total return debt index, may be determined to contain embedded derivatives that are required to be bifurcated from the host instrument. The required date

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

(Dollar amount in millions, unless otherwise stated)

of adoption of DIG B36 for the Company was October 1, 2003. The adoption did not have an impact on the Company's financial position, results of operations, or cash flows.

Variable Interest Entities

In January 2003, the FASB issued FASB Interpretation No. 46, "Consolidation of Variable Interest Entities, an Interpretation of ARB No. 51" ("FIN 46"). In December 2003, the FASB modified FIN 46 to make certain technical revisions and address certain implementation issues that had arisen. FIN 46 provides a new framework for identifying variable interest entities ("VIEs") and determining when a company should include the assets, liabilities, noncontrolling interests, and results of activities of a VIE in its consolidated financial statements.

In general, a VIE is a corporation, partnership, limited-liability corporation, trust, or any other legal structure used to conduct activities or hold assets that either (1) has an insufficient amount of equity to carry out its principal activities without additional subordinated financial support, (2) has a group of equity owners that are unable to make significant decisions about its activities, or (3) has a group of equity owners that do not have the obligation to absorb losses or the right to receive returns generated by its operations.

FIN 46R requires a VIE to be consolidated if a party with an ownership, contractual, or other financial interest in the VIE (a variable interest holder) is obligated to absorb a majority of the risk of loss from the VIE's activities, is entitled to receive a majority of the VIE's residual returns (if no party absorbs a majority of the VIE's losses), or both. A variable interest holder that consolidates the VIE is called the primary beneficiary. Upon consolidation, the primary beneficiary generally must initially record all of the VIE's assets, liabilities, and noncontrolling interests at fair value and subsequently account for the VIE as if it were consolidated based on majority voting interest. FIN 46R also requires disclosures about VIEs that the variable interest holder is not required to consolidate but in which it has a significant variable interest.

The adoption of FIN 46R had no impact on the Company's financial statements. The Company held investments in VIEs in the form of private placement securities, structured securities, securitization transactions, and limited partnerships with an aggregate fair value of \$8.5 billion as of December 31, 2005 and 2004. These VIEs are held by the Company for investment purposes. Consolidation of these investments in the Company's financial statements is not required as the Company is not the primary beneficiary for any of these VIEs. Book value as of December 31, 2005 and 2004 of \$8.6 billion and \$8.4 billion, respectively, represents the maximum exposure to loss on the investments in VIEs. In addition, the Company may be exposed to the loss of asset management fees it receives for some of these structures.

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

(Dollar amount in millions, unless otherwise stated)

New Accounting Pronouncements

Accounting for Certain Hybrid Financial Instruments

In February 2006, the FASB issued FAS No. 155, "Accounting for Certain Hybrid Financial Instruments – an amendment of FASB Statements No. 133 and 140" ("FAS No. 155"), which permits the application of fair value accounting to certain hybrid financial instruments in their entirety if they contain embedded derivatives that would otherwise require bifurcation under FAS No. 133. Under this approach, changes in fair value would be recognized currently in earnings. In addition, FAS No. 155 does the following:

- Clarifies which interest-only strips and principal-only strips are not subject to derivative accounting under FAS No. 133;
- Requires that interests in securitized financial assets be analyzed to identify interests
 that are freestanding derivatives or that are hybrid instruments that contain embedded
 derivatives requiring bifurcation;
- Clarifies that concentrations of credit risk in the form of subordination are not embedded derivatives; and
- Allows a qualifying special-purpose entity to hold derivative financial instruments that pertain to beneficial interests, other than another derivative financial instrument.

FAS No. 155 is effective for all instruments acquired, issued, or subject to a remeasurement event, occurring after the beginning of the first fiscal year that commences after September 15, 2006. The Company is in the process of determining the impact of FAS No. 155.

Accounting by Insurance Enterprises for Deferred Acquisition Costs in Connection with Modifications or Exchanges of Insurance Contracts

In September 2005, the American Institute of Certified Public Accountants issued Statement of Position 05-1, "Accounting by Insurance Enterprises for Deferred Acquisition Costs in Connection With Modifications or Exchanges of Insurance Contracts" ("SOP 05-1"), which states that when an internal replacement transaction results in a substantially changed contract, the unamortized deferred acquisition costs, unearned revenue liabilities, and deferred sales inducement assets, related to the replaced contract should not be deferred in connection with the new contract. Contract modifications that meet various conditions defined by SOP 05-1 and result in a new contract that is substantially unchanged from the replaced contract, however, should be accounted for as a continuation of the replaced contract.

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

(Dollar amount in millions, unless otherwise stated)

SOP 05-1 defines an internal replacement as a modification in product benefits, features, rights, or coverage, that occurs by the exchange of a contract for a new contract, by amendment, endorsement, or rider, to a contract, or by the election of a feature or coverage within a contract. SOP 05-1 applies to internal replacements made primarily to contracts defined by FAS No. 60, "Accounting and Reporting by Insurance Enterprises" ("FAS No. 60"), as short-duration and long-duration insurance contracts, and by FAS No. 97, "Accounting and Reporting by Insurance Enterprises for Certain Long-Duration Contracts and for Realized Gains and Losses from the Sale of Investments" ("FAS No. 97"), as investment contracts.

SOP 05-1 is effective for internal replacements occurring in fiscal years beginning after December 15, 2006, with earlier adoption encouraged. The Company is in the process of determining the impact of adoption of SOP 05-1.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from reported results using those estimates.

Reclassifications

Certain reclassifications have been made to prior year financial information to conform to the current year classifications (see Reclassification and Changes to Prior Year Presentation footnote).

During 2005, the Company revised the financial statement presentation for derivatives and certain revenues related to annuity contracts (see Derivatives and Revenue Recognition below).

Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, money market instruments, and other debt issues with a maturity of 90 days or less when purchased.

Investments

All of the Company's fixed maturity and equity securities are currently designated as available-for-sale. Available-for-sale securities are reported at fair value and unrealized gains and losses on these securities are included directly in Shareholder's equity, after

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

(Dollar amount in millions, unless otherwise stated)

adjustment for related changes in experience-rated contract allocations, deferred policy acquisition costs ("DAC"), value of business acquired ("VOBA"), and deferred income taxes.

Other-Than-Temporary Impairments

The Company analyzes the general account investments to determine whether there has been an other-than-temporary decline in fair value below the amortized cost basis. Management considers the length of time and the extent to which fair value has been less than amortized cost, the issuer's financial condition and near-term prospects, future economic conditions and market forecasts, and the Company's intent and ability to retain the investment for a period of time sufficient to allow for recovery in fair value. If it is probable that all amounts due according to the contractual terms of a debt security will not be collected, an other-than-temporary impairment is considered to have occurred.

In addition, the Company invests in structured securities that meet the criteria of EITF Issue No. 99-20 "Recognition of Interest Income and Impairment on Purchased and Retained Beneficial Interests in Securitized Financial Assets" ("EITF 99-20"). Under EITF 99-20, a further determination of the required impairment is based on credit risk and the possibility of significant prepayment risk that restricts the Company's ability to recover the investment.

When a decline in fair value is determined to be other-than-temporary, the individual security is written down to fair value, and the loss is accounted for as a change in Net realized capital gains (losses).

Experience-Rated Products

Included in available-for-sale securities are investments that support experience-rated products. Experience-rated products are products where the customer, not the Company, assumes investment (including realized capital gains and losses) and other risks, subject to, among other things, minimum principal and interest guarantees. Unamortized realized gains and losses on the sale of and unrealized capital gains and losses on investments supporting these products are included in Future policy benefits and claims reserves on the Consolidated Balance Sheets. Net realized capital gains (losses) on all other investments are reflected in the Consolidated Statements of Operations. Unrealized capital gains and losses on all other investments are reflected in Accumulated other comprehensive income (loss) in Shareholder's equity, net of deferred acquisition costs and related income taxes.

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

(Dollar amount in millions, unless otherwise stated)

Purchases and Sales

Purchases and sales of fixed maturities and equity securities, excluding private placements, are recorded on the trade date. Purchases and sales of private placements and mortgage loans are recorded on the closing date.

Valuation

Fair values for fixed maturities are obtained from independent pricing services or broker-dealer quotations. Fair values for privately placed bonds are determined using a matrix-based model. The matrix-based model considers the level of risk-free interest rates, current corporate spreads, the credit quality of the issuer, and cash flow characteristics of the security. The fair values for actively traded equity securities are based on quoted market prices. For equity securities not actively traded, estimated fair values are based upon values of issues of comparable yield and quality or conversion value, where applicable.

Mortgage loans on real estate are reported at amortized cost, less impairment write-downs. If the value of any mortgage loan is determined to be impaired (i.e., when it is probable the Company will be unable to collect all amounts due according to the contractual terms of the loan agreement), the carrying value of the mortgage loan is reduced to the present value of expected cash flows from the loan, discounted at the loan's effective interest rate, or fair value of the collateral. If the loan is in foreclosure, the carrying value is reduced to the fair value of the underlying collateral, net of estimated costs to obtain and sell. The carrying value of the impaired loans is reduced by establishing a permanent write-down recorded in net realized capital gains. At December 31, 2005 and 2004, the Company had no allowance for mortgage loan credit losses.

Policy loans are carried at unpaid principal balances.

Short-term investments, consisting primarily of money market instruments and other fixed maturity issues purchased with an original maturity of 91 days to one year, are considered available-for-sale and are carried at fair value, which approximates amortized cost.

Derivative instruments are reported at fair value and are obtained internally from the derivative accounting system. The system uses key financial data, such as yield curves exchange rates, Standard & Poor's ("S&P") 500 Index prices, and London Inter Bank Offering Rates, which are obtained from third party sources and uploaded into the system. Embedded derivative instruments are reported at fair value based upon internally established valuations that are consistent with external valuation models or market quotations.

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

(Dollar amount in millions, unless otherwise stated)

Repurchase Agreements

The Company engages in dollar repurchase agreements ("dollar rolls") and repurchase agreements to increase the return on investments and improve liquidity. These transactions involve a sale of securities and an agreement to repurchase substantially the same securities as those sold. Company policies require a minimum of 95% of the fair value of securities pledged under dollar rolls and repurchase agreement transactions to be maintained as collateral. Cash collateral received is invested in fixed maturities, the carrying value of the securities pledged in dollar rolls and repurchase agreement transactions is included in Securities pledged on the Consolidated Balance Sheets. The repurchase obligation related to dollar rolls and repurchase agreements is included in Borrowed money on the Consolidated Balance Sheets.

The Company also engages in reverse repurchase agreements. Reverse repurchase agreements are included in cash and cash equivalent on the Balance Sheets.

Securities Lending

The Company engages in securities lending whereby certain securities from its portfolio are loaned to other institutions for short periods of time. Initial collateral, primarily cash, is required at a rate of 102% of the market value of the loaned domestic securities. The collateral is deposited by the borrower with a lending agent, and retained and invested by the lending agent according to the Company's guidelines to generate additional income. The market value of the loaned securities is monitored on a daily basis with additional collateral obtained or refunded as the market value of the loaned securities fluctuates.

Derivatives

The Company's use of derivatives is limited mainly to hedging purposes to reduce the Company's exposure to cash flow variability of assets and liabilities, interest rate risk, credit risk, and market risk. Generally, derivatives are not accounted for using hedge accounting treatment under FAS No. 133, as the Company has not historically sought hedge accounting treatment.

The Company enters into interest rate, equity market, credit market and currency contracts, including swaps, caps, floors, and options, to reduce and manage risks associated with changes in value, yield, price, cash flow, or exchange rates of assets or liabilities held or intended to be held, or to assume or reduce credit exposure associated with a referenced asset, index or pool. The Company also purchases options and futures on equity indexes to reduce and manage risks associated with its annuity products. Open derivative contracts are included in Other investments or Other liabilities, as appropriate, on the Consolidated Balance Sheets. Changes in the fair value of such derivatives are

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

(Dollar amount in millions, unless otherwise stated)

recorded in Net realized capital gains (losses) in the Consolidated Statements of Operations.

During the fourth quarter of 2005, the Company revised the financial statement presentation of derivatives. Previously, asset balances and liability balances on open derivative contracts were netted and recorded in Other investments on the Balance Sheet. The Company now reports derivatives with asset balances in Other investments and derivatives with liability balances in Other liabilities. In addition, changes in the fair value of certain derivatives were previously recorded in Net investment income in the Statements of Operations. The total change in fair value of the derivatives is now reported in Net realized capital gains (losses). These revisions resulted in an increase in Other investments and Other liabilities of \$29.5 and \$27.2 at December 31, 2004 and 2003, respectively, as well as a reclassification of \$(14.4) and \$(11.9) from Net investment income to Net realized capital gains and losses at December 31, 2004 and 2003, respectively.

The Company also had investments in certain fixed maturity instruments, and has issued certain retail annuity products, that contain embedded derivatives whose market value is at least partially determined by, among other things, levels of or changes in domestic and/or foreign interest rates (short- or long-term), exchange rates, prepayment rates, equity markets, or credit ratings/spreads.

Embedded derivatives within fixed maturity instruments are included in Fixed maturities on the Consolidated Balance Sheets, and changes in fair value are recorded in Net realized capital gains and losses in the Consolidated Statements of Operations.

Embedded derivatives within retail annuity products are included in Future policy benefits and claims reserves on the Consolidated Balance Sheets, and changes in the fair value are recorded in Interest credited and benefits to contractowners in the Consolidated Statements of Operations.

Deferred Policy Acquisition Costs and Value of Business Acquired

DAC represents policy acquisition costs that have been capitalized and are subject to amortization. Such costs consist principally of certain commissions, underwriting, contract issuance, and certain agency expenses, related to the production of new and renewal business.

VOBA represents the outstanding value of in force business capitalized in purchase accounting when the Company was acquired and is subject to amortization. The value is based on the present value of estimated net cash flows embedded in the Company's contracts.

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

(Dollar amount in millions, unless otherwise stated)

FAS No. 97 applies to universal life and investment-type products, such as fixed and variable deferred annuities. Under FAS No. 97, DAC and VOBA are amortized, with interest, over the life of the related contracts in relation to the present value of estimated future gross profits from investment, mortality, and expense margins, plus surrender charges.

For FAS No. 97 products, changes in assumptions can have a significant impact on DAC and VOBA balances and amortization rates. Several assumptions are considered significant in the estimation of future gross profits associated with variable deferred annuity products. One of the most significant assumptions involved in the estimation of future gross profits is the assumed return associated with the variable account performance. To reflect the volatility in the equity markets, this assumption involves a combination of near-term expectations and long-term assumptions regarding market performance. The overall return on the variable account is dependent on multiple factors, including the relative mix of the underlying sub-accounts among bond funds and equity funds, as well as equity sector weightings. Other significant assumptions include surrender and lapse rates, estimated interest spread, and estimated mortality.

Due to the relative size and sensitivity to minor changes in underlying assumptions of DAC and VOBA balances, the Company performs quarterly and annual analyses of DAC and VOBA for the annuity and life businesses, respectively. The DAC and VOBA balances are evaluated for recoverability.

At each evaluation date, actual historical gross profits are reflected and estimated future gross profits and related assumptions are evaluated for continued reasonableness. Any adjustment in estimated profit requires that the amortization rate be revised ("unlocking") retroactively to the date of the policy or contract issuance. The cumulative unlocking adjustment is recognized as a component of current period amortization. In general, sustained increases in investment, mortality, and expense margins, and thus estimated future profits, lower the rate of amortization. However, sustained decreases in investment, mortality, and expense margins, and thus estimated future profits, increase the rate of amortization.

Reserves

The Company records as liabilities reserves to meet the Company's future obligations under its variable annuity and fixed annuity products. Changes in, or deviations from, the assumptions used can significantly affect the Company's reserve levels and related future operations.

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

(Dollar amount in millions, unless otherwise stated)

Future policy benefits and claims reserves include reserves for deferred annuities and immediate annuities with and without life contingent payouts.

Reserves for individual and group deferred annuity investment contracts and individual immediate annuities without life contingent payouts are equal to cumulative deposits less charges and withdrawals, plus credited interest thereon. Reserves interest rates vary by product and ranged from 1.5% to 7.8% for the years ended 2005, 2004, and 2003. Certain reserves also include unrealized gains and losses related to investments and unamortized realized gains and losses on investments for experience-rated contracts. Reserves on experienced rated contracts reflect the rights of contractowners, plan participants, and the Company. Reserves for group immediate annuities without life contingency payouts are equal to the discount value of the payment at the implied breakeven rate.

Reserves for individual immediate annuities with life contingent payout benefits are computed on the basis of assumed interest discount rates, mortality, and expenses, including a margin for adverse deviations. Such assumptions generally vary by plan, annuity type, year of issue, and policy duration. For the years 2005, 2004, and 2003, reserve interest rates ranged from 4.9% to 5.2%.

The Company's domestic individual life insurance business was sold on October 1, 1998 via an indemnity reinsurance agreement. The Company includes an amount in Reinsurance recoverable on the Consolidated Balance Sheets, which equals the Company's total individual life reserves.

Unpaid claims and claim expenses for all lines of insurance include benefits for reported losses and estimates of benefits for losses incurred but not reported.

Certain variable annuity contracts offer guaranteed minimum death benefits ("GMDB"). The GMDB is provided in the event the customer's account value at death is below the guaranteed value and is included in reserves.

Revenue Recognition

For most annuity contracts, charges assessed against contractowner funds for the cost of insurance, surrenders, expenses, and other fees are recorded as revenue as charges are assessed. Other amounts received for these contracts are reflected as deposits and are not recorded as premiums or revenue. Related policy benefits are recorded in relation to the associated premiums or gross profit so that profits are recognized over the expected lives of the contracts. When annuity payments with life contingencies begin under contracts that were initially investment contracts, the accumulated balance in the account is treated as a single premium for the purchase of an annuity and reflected in both Premiums and

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

(Dollar amount in millions, unless otherwise stated)

Interest credited and other benefits to contractowners in the Consolidated Statements of Operations.

During 2005, the Company revised the Statement of Operations for the year ended December 31, 2003 to reflect the proper presentation of revenue related to annuity contracts. This revision resulted in a reclassification of \$46.7 from Net investment income to Interest credited and other benefits to contractowners.

Premiums on the Consolidated Statements of Operations primarily represent amounts received for immediate annuities with life contingencies.

Separate Accounts

Separate account assets and liabilities generally represent funds maintained to meet specific investment objectives of contractowners who bear the investment risk, subject, in limited cases, to certain minimum guaranteed rates. Investment income and investment gains and losses generally accrue directly to such contractowners. The assets of each account are legally segregated and are not subject to claims that arise out of any other business of the Company or its affiliates.

Separate account assets supporting variable options under variable annuity contracts are invested, as designated by the contractowner or participant under a contract in shares of mutual funds that are managed by the Company or its affiliates, or in other selected mutual funds not managed by the Company or its affiliates.

Separate account assets and liabilities are carried at fair value and shown as separate captions in the Consolidated Balance Sheets. Deposits, investment income, and net realized and unrealized capital gains and losses of the separate accounts, however, are not reflected in the Consolidated Statements of Operations (with the exception of realized and unrealized capital gains and losses on the assets supporting the guaranteed interest option). The Consolidated Statements of Cash Flows do not reflect investment activity of the separate accounts.

Assets and liabilities of separate account arrangements that do not meet the criteria for separate presentation in the Consolidated Balance Sheets (primarily the guaranteed interest option), and revenue and expenses related to such arrangements, are consolidated in the financial statements with the general account. At December 31, 2005 and 2004, unrealized gains of \$8.3 and \$7.3, respectively, after taxes, on assets supporting a guaranteed interest option are reflected in Shareholder's equity.

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

(Dollar amount in millions, unless otherwise stated)

Reinsurance

The Company utilizes indemnity reinsurance agreements to reduce its exposure to losses from its annuity insurance business. Reinsurance permits recovery of a portion of losses from reinsurers, although it does not discharge the Company's primary liability as the direct insurer of the risks. The Company evaluates the financial strength of potential reinsurers and continually monitors the financial strength and credit rating of its reinsurers. Only those reinsurance recoverable balances deemed probable of recovery are reflected as assets on the Company's Consolidated Balance Sheets.

Of the Reinsurance recoverable on the Consolidated Balance Sheets, \$2.8 billion and \$2.9 billion at December 31, 2005 and 2004, respectively, is related to the reinsurance recoverable from Lincoln National Corporation ("Lincoln") arising from the sale of the Company's domestic life insurance business in 1998 (see the Reinsurance footnote).

Income Taxes

The Company is taxed at regular corporate rates after adjusting income reported for financial statement purposes for certain items. Deferred income tax expenses/benefits result from changes during the year in cumulative temporary differences between the tax basis and book basis of assets and liabilities.

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

At December 31, 2005 and 2004, net unrealized (depreciation) appreciation of \$(19.0) and \$490.8, respectively, on total fixed maturities, including fixed maturities pledged to creditors, and equity securities, included \$(48.6) and \$357.5, respectively, related to experience-rated contracts, which were not reflected in Shareholder's equity but in Future policy benefits and claim reserves.

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

(Dollar amount in millions, unless otherwise stated)

Unrealized losses in fixed maturities at December 31, 2005, were primarily related to interest rate movement or spread widening and to mortgage and other asset-backed securities. Mortgage and other asset-backed securities include U.S. government backed securities, principal protected securities, and structured securities, which did not have an adverse change in cash flows. The following table summarizes the unrealized losses by duration and reason, along with the carrying amount of fixed maturities, including fixed maturities pledged to creditors in unrealized loss positions at December 31, 2005 and 2004.

		More than		
		Six Months		
	Less than	and less than	More than	
<u>2005</u>	 Six Months	 Twelve Months	 Twelve Months	 Total
Interest rate or spread widening	\$ 55.7	\$ 33.9	\$ 62.7	\$ 152.3
Mortgage and other asset-backed securities	 46.7	43.1	 56.0	 145.8
Total unrealized loss	\$ 102.4	\$ 77.0	\$ 118.7	\$ 298.1
Fair value	\$ 5,936.2	\$ 2,790.7	\$ 2,643.6	\$ 11,370.5
2004				
Interest rate or spread widening	\$ 9.5	\$ 16.3	\$ 15.6	\$ 41.4
Mortgage and other asset-backed securities	 28.3	18.4	29.6	 76.3
Total unrealized loss	\$ 37.8	\$ 34.7	\$ 45.2	\$ 117.7
Fair value	\$ 3,319.0	\$ 1,795.0	\$ 960.5	\$ 6,074.5

Of the unrealized losses aged more than twelve months, the average market value of the related fixed maturities is 96% of the average book value. In addition, this category includes 515 securities, which have an average quality rating of AA-. No other-than-temporary impairment loss was considered necessary for these fixed maturities as of December 31, 2005.

Overall, there has been an increase in unrealized losses from December 31, 2004 to December 31, 2005. This increase is largely caused by an increase in interest rates, which tends to have a negative market value impact on fixed maturity securities. In accordance with FSP FAS No. 115-1, the Company considers the negative market impact of the interest rate changes, in addition to credit related items, when performing other-than-temporary impairment testing. As a part of this testing, the Company determines whether or not it has the ability and intent to retain the investments for a period of time sufficient to allow for recovery in fair value.

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

(Dollar amount in millions, unless otherwise stated)

The amortized cost and fair value of total fixed maturities as of December 31, 2005, are shown below by contractual maturity. Actual maturities may differ from contractual maturities because securities may be restructured, called, or prepaid.

	Amortized Cost	Fair Value
Due to mature:		
One year or less	\$ 376.8	\$ 376.3
After one year through five years	3,731.8	3,702.1
After five years through ten years	4,644.3	4,648.5
After ten years	1,553.3	1,633.8
Mortgage-backed securities	6,552.8	6,490.2
Other asset-backed securities	1,151.3	1,137.2
Less: fixed maturities pledged	1,260.8	1,247.6
Fixed maturities, excluding fixed maturities pledged	\$ 16,749.5	\$ 16,740.5

The Company did not have any investments in a single issuer, other than obligations of the U.S. government, with a carrying value in excess of 10% of the Company's shareholder's equity at December 31, 2005 or 2004.

At December 31, 2005 and 2004, fixed maturities with fair values of \$11.0 and \$10.9, respectively, were on deposit as required by regulatory authorities.

The Company has various categories of commercial mortgage obligations ("CMOs") that are subject to different degrees of risk from changes in interest rates and, for CMOs that are not agency-backed, defaults. The principal risks inherent in holding CMOs are prepayment and extension risks related to dramatic decreases and increases in interest rates resulting in the prepayment of principal from the underlying mortgages, either earlier or later than originally anticipated. At December 31, 2005 and 2004, approximately 1.2% and 4.1%, respectively, of the Company's CMO holdings were invested in types of CMOs which are subject to more prepayment and extension risk than traditional CMOs, such as interest-only or principal-only strips.

Repurchase Agreements

The Company engages in dollar repurchase agreements ("dollar rolls") and repurchase agreements. At December 31, 2005 and 2004, the carrying value of the securities pledged in dollar rolls and repurchase agreement transactions was \$1,247.6 and \$1,274.3, respectively. The repurchase obligation related to dollar rolls and repurchase agreements totaled \$941.1 and \$1,057.4 at December 31, 2005 and 2004, respectively.

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

(Dollar amount in millions, unless otherwise stated)

The Company also engages in reverse repurchase agreements. At December 31, 2005, the carrying value of the securities in reverse repurchase agreements was \$32.8. No amounts were engaged in reverse repurchase agreements during the year ended December 31, 2004.

The primary risk associated with short-term collateralized borrowings is that the counterparty will be unable to perform under the terms of the contract. The Company's exposure is limited to the excess of the net replacement cost of the securities over the value of the short-term investments, an amount that was not material at December 31, 2005 and 2004. The Company believes the counterparties to the dollar rolls and repurchase agreements are financially responsible and that the counterparty risk is immaterial.

Other-Than-Temporary Impairments

The following table identifies the Company's other-than-temporary impairments by type for the years ended December 31, 2005, 2004, and 2003:

	 200	5	_	200	4	 2003	
	Impairment	No. of Securities		Impairment	No. of Securities	Impairment	No. of Securities
U.S. corporate	\$ 3.9	15	\$	-	-	\$ 6.2	4
Residential mortgage-							
backed	44.7	82		13.5	53	88.2	83
Foreign	0.3	1		-	-	-	-
U.S. Treasuries/Agencies	0.1	2		-	-	-	-
Equity securities	-	-		-	-	_ *	2
Limited partnerships	-	-		-	-	 2.0	1
Total	\$ 49.0	100	\$	13.5	53	\$ 96.4	90

⁽¹⁾ Primarily U.S. denominated

^{*} Less than \$0.1

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

(Dollar amount in millions, unless otherwise stated)

The above schedule includes \$5.7 in anticipated disposition write-downs related to investments that the Company does not have the intent and ability to retain for a period of time sufficient to allow for recovery in fair value, based upon the implementation of FSP FAS No. 115-1. The following table summarizes these write-downs recognized by type for the year ended December 31, 2005:

	 2	005	
			No. of
	Impairment		Securities
U.S. corporate	\$ 2.3		13
Residential mortgaged-backed	3.3		2
U.S. Treasuries/Agencies	0.1		2
Total	\$ 5.7	\$	17

The remaining fair value of the fixed maturities with other-than-temporary impairments at December 31, 2005 and 2004 was \$470.8 and \$125.0, respectively.

The Company may sell securities during the period in which fair value has declined below amortized cost for fixed income securities or cost for equity securities. In certain situations new factors such as negative developments and subsequent credit deterioration can subsequently change the Company's previous intent to continue holding a security.

Because of rising interest rates, continued asset-liability management strategies and ongoing comprehensive reviews of the Company's portfolios, changes were made in the fourth quarter of 2005 to the Company's strategic asset allocations. In addition, the Company also pursued yield enhancement strategies. These changes primarily resulted in anticipated disposition write-downs totaling \$5.7 of certain securities with unrealized loss positions due to a change in intent as to whether to hold these securities until recovery.

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

(Dollar amount in millions, unless otherwise stated)

Net Investment Income

Sources of Net investment income were as follows for the years ended December 31, 2005, 2004, and 2003:

	2005	2004	2003
Fixed maturities, available-for-sale	\$ 978.9	\$ 999.4	\$ 997.4
Equity securities, available-for-sale	9.7	7.1	9.9
Mortgage loans on real estate	73.0	56.0	42.7
Policy loans	30.0	8.1	9.0
Short-term investments and			
cash equivalents	2.7	2.4	1.8
Other	37.3	 9.6	 10.6
Gross investment income	1,131.6	1,082.6	1,071.4
Less: investment expenses	 95.9	 84.4	 90.5
Net investment income	\$ 1,035.7	\$ 998.2	\$ 980.9

Net Realized Capital Gains and Losses

Net realized capital gains (losses) are comprised of the difference between the carrying value of investments and proceeds from sale, maturity, and redemption, as well as losses incurred due to other-than-temporary impairment of investments and changes in fair value of derivatives. Net realized capital gains (losses) on investments for the years ended December 31, 2005, 2004, and 2003, were as follows:

	2005	2004	2003
Fixed maturities, available-for-sale	\$ 5.2	\$ 51.8	\$ 124.2
Equity securities, available-for-sale	12.4	9.9	3.4
Derivatives	13.7	(10.2)	(31.1)
Other	(0.3)	1.3	(2.0)
Less: allocation to experience-rated contracts	9.0	42.0	43.9
Pretax net realized capital gains	\$ 22.0	\$ 10.8	\$ 50.6
After-tax net realized capital gains	\$ 14.3	\$ 7.0	\$ 32.9

Net realized capital gains (losses) allocated to experience-rated contracts were deducted from net realized capital gains and an offsetting amount was reflected in Future policy benefits and claim reserves on the Consolidated Balance Sheets. Net unamortized realized gains (losses) allocated to experienced-rated contractowners were \$240.3, \$233.4, and \$213.7, at December 31, 2005, 2004, and 2003, respectively.

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

(Dollar amount in millions, unless otherwise stated)

Proceeds from the sale of fixed maturities and equity securities, available-for-sale, and the related gross gains and losses, excluding those related to experience-related contracts, were as follows for the years ended December 31, 2005, 2004, and 2003.

	 2005	2004	2003
Proceeds on sales	\$ 10,062.3	\$ 10,236.3	\$ 12,812.5
Gross gains	161.1	146.9	291.9
Gross losses	93.9	70.9	228.0

3. Financial Instruments

Estimated Fair Value

The following disclosures are made in accordance with the requirements of FAS No. 107, "Disclosures about Fair Value of Financial Instruments" ("FAS No. 107"). FAS No. 107 requires disclosure of fair value information about financial instruments, whether or not recognized in the balance sheet, for which it is practicable to estimate that value. In cases where quoted market prices are not available, fair values are based on estimates using present value or other valuation techniques. Those techniques are significantly affected by the assumptions used, including the discount rate and estimates of future cash flows. In that regard, the derived fair value estimates, in many cases, could not be realized in immediate settlement of the instrument.

FAS No. 107 excludes certain financial instruments, including insurance contracts, and all nonfinancial instruments from its disclosure requirements. Accordingly, the aggregate fair value amounts presented do not represent the underlying value of the Company.

The following valuation methods and assumptions were used by the Company in estimating the fair value of the following financial instruments:

Fixed maturities, available-for-sale: The fair values for the actively traded marketable bonds are determined based upon the quoted market prices or dealer quotes. The fair values for marketable bonds without an active market are obtained through several commercial pricing services which provide the estimated fair values. Fair values of privately placed bonds are determined using a matrix-based pricing model. The model considers the current level of risk-free interest rates, current corporate spreads, the credit quality of the issuer, and cash flow characteristics of the security. Also considered are factors such as the net worth of the borrower, the value of collateral, the capital structure of the borrower, the presence of guarantees, and the Company's evaluation of the borrower's ability to compete in their relevant market. Using this data, the model generates estimated market values which the Company considers reflective of the fair value of each privately placed bond.

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

(Dollar amount in millions, unless otherwise stated)

Equity securities, available-for-sale: Fair values of these securities are based upon quoted market price. For equity securities not actively traded, estimated fair values are based upon values of issues of comparable yield and quality or conversion price, where applicable.

Mortgage loans on real estate: The fair values for mortgage loans on real estate are estimated using discounted cash flow analyses and rates currently being offered in the marketplace for similar loans to borrowers with similar credit ratings. Loans with similar characteristics are aggregated for purposes of the calculations.

Cash and cash equivalents, Short-term investments under securities loan agreement, and Policy loans: The carrying amounts for these assets approximate the assets' fair values.

Assets held in separate accounts: Assets held in separate accounts are reported at the quoted fair values of the individual securities in the separate accounts.

Other financial instruments reported as assets: The carrying amounts for these financial instruments (primarily derivatives) approximates the fair values of the assets. Derivatives are carried at fair value on the Consolidated Balance Sheets.

Investment contract liabilities (included in Future policy benefits and claim reserves):

With a fixed maturity: Fair value is estimated by discounting cash flows at interest rates currently being offered by, or available to, the Company for similar contracts.

Without a fixed maturity: Fair value is estimated as the amount payable to the contractowners upon demand. However, the Company has the right under such contracts to delay payment of withdrawals, which may ultimately result in paying an amount different than that determined to be payable on demand.

Liabilities related to separate accounts: Liabilities related to separate accounts are reported at full account value in the Company's Consolidated Balance Sheets. Estimated fair values of separate account liabilities are equal to their carrying amount.

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

(Dollar amount in millions, unless otherwise stated)

The carrying values and estimated fair values of certain of the Company's financial instruments at December 31, 2005 and 2004, were as follows:

	2005						2004	l .
		Carrying		Fair		Carrying		Fair
		Value		Value		Value		Value
Assets:

Fair value estimates are made at a specific point in time, based on available market information and judgments about various financial instruments, such as estimates of timing and amounts of future cash flows. Such estimates do not reflect any premium or discount that could result from offering for sale at one time the Company's entire holdings of a particular financial instrument, nor do they consider the tax impact of the realization of unrealized gains or losses. In many cases, the fair value estimates cannot be substantiated by comparison to independent markets, nor can the disclosed value be realized in immediate settlement of the instruments. In evaluating the Company's management of interest rate, price, and liquidity risks, the fair values of all assets and liabilities should be taken into consideration, not only those presented above.

4. Deferred Policy Acquisition Costs and Value of Business Acquired

Activity for the years ended December 31, 2005, 2004, and 2003, within DAC, was as follows:

Balance at January 1, 2003	\$ 229.8
Deferrals of commissions and expenses	98.1
Amortization:	
Amortization	(34.3)
Interest accrued at 5% - 7%	18.8
Net amortization included in the Consolidated Statements of Operations	(15.5)
Change in unrealized gains and losses on available -for-sale securities	(4.4)
Balance at December 31, 2003	308.0
Deferrals of commissions and expenses	123.5
Amortization:	
Amortization	(43.5)
Interest accrued at 5% - 7%	 24.3
Net amortization included in the Consolidated Statements of Operations	(19.2)
Change in unrealized gains and losses on available -for-sale securities	 2.2
Balance at December 31, 2004	414.5
Deferrals of commissions and expenses	123.1
Amortization:	
Amortization	(59.6)
Interest accrued at 5% - 7%	30.7
Net amortization included in the Consolidated Statements of Operations	(28.9)
Change in unrealized gains and losses on available -for-sale securities	3.7
Balance at December 31, 2005	\$ 512.4

The estimated amount of DAC to be amortized, net of interest, is \$33.2, \$32.8, \$30.1, \$27.8, and \$26.7, for the years 2006, 2007, 2008, 2009, and 2010, respectively. Actual amortization incurred during these years may vary as assumptions are modified to incorporate actual results.

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

(Dollar amount in millions, unless otherwise stated)

Activity for the years ended December 31, 2005, 2004, and 2003, within VOBA, was as follows:

Balance at January 1, 2003	\$ 1,438.4
Deferrals of commissions and expenses	59.2
Amortization:	
Amortization	(183.2)
Interest accrued at 5% - 7%	92.2
Net amortization included in the Consolidated Statements of Operations	(91.0)
Change in unrealized gains and losses on available -for-sale securities	8.8
Balance at December 31, 2003	1,415.4
Deferrals of commissions and expenses	50.1
Amortization:	
Amortization	(200.5)
Interest accrued at 5% - 7%	92.3
Net amortization included in the Consolidated Statements of Operations	(108.2)
Change in unrealized gains and losses on available -for-sale securities	 7.9
Balance at December 31, 2004	1,365.2
Deferrals of commissions and expenses	49.3
Amortization:	
Amortization	(219.4)
Interest accrued at 5% - 7%	88.4
Net amortization included in the Consolidated Statements of Operations	(131.0)
Change in unrealized gains and losses on available -for-sale securities	10.9
Balance at December 31, 2005	\$ 1,294.4

The estimated amount of VOBA to be amortized, net of interest, is \$120.4, \$107.0, \$100.0, \$96.2, and \$92.9 for the years 2006, 2007, 2008, 2009, and 2010, respectively. Actual amortization incurred during these years may vary as assumptions are modified to incorporate actual results.

Analysis of DAC/VOBA

Amortization of DAC and VOBA increased in 2005 primarily due to increased gross profits, which were driven by higher fixed and variable margins because of higher asset volume, partially offset by higher expenses. The Company revised long-term separate account return and certain contractholder withdrawal behavior assumptions, as well as reflected current experience during 2005, resulting in a deceleration of amortization of DAC and VOBA of \$11.7.

During 2004, DAC and VOBA amortization increased principally due to higher actual gross profits, as a result of the margins earned on higher fixed and variable assets and fewer other-than-temporary impairments. The Company revised certain contractholder

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

(Dollar amount in millions, unless otherwise stated)

withdrawal behavior assumptions for its products during 2004, resulting in a deceleration of amortization of DAC and VOBA of \$5.7.

In 2003, the Company reset long-term assumptions for the separate account returns. The Company recorded a deceleration of amortization of \$3.7, primarily due to improved market performance compared to expected.

5. Dividend Restrictions and Shareholder's Equity

The Company's ability to pay dividends to its parent is subject to the prior approval of insurance regulatory authorities of the State of Connecticut for payment of any dividend, which, when combined with other dividends paid within the preceding twelve months, exceeds the greater of (1) ten percent (10%) of ILIAC's statutory surplus at the prior year end or (2) ILIAC's prior year statutory net gain from operations.

ILIAC paid a cash dividend of \$70.0 to Lion in 2004 and did not pay any dividends to Lion in 2003 and 2005. In March 2006, ILIAC paid a cash dividend of \$131.0 to Lion.

ILIAC did not receive capital contributions from Lion in 2005 and 2004, and received \$230.0 in capital contributions from Lion during 2003.

The Insurance Department of the State of Connecticut (the "Department") recognizes as net income and capital and surplus those amounts determined in conformity with statutory accounting practices prescribed or permitted by the Department, which differ in certain respects from accounting principles generally accepted in the United States. Statutory net income was \$221.6, \$217.2, and \$67.5, for the years ended December 31, 2005, 2004, and 2003, respectively. Statutory capital and surplus was \$1,539.1 and \$1,347.0 as of December 31, 2005 and 2004, respectively.

As of December 31, 2005, the Company did not utilize any statutory accounting practices that are not prescribed by state regulatory authorities that, individually or in the aggregate, materially affect statutory capital and surplus.

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

(Dollar amount in millions, unless otherwise stated)

6. Additional Insurance Benefits and Minimum Guarantees

The Company calculates an additional liability for certain GMDBs in order to recognize the expected value of death benefits in excess of the projected account balance over the accumulation period based on total expected assessments.

The Company regularly evaluates estimates used to adjust the additional liability balance, with a related charge or credit to benefit expense, if actual experience or other evidence suggests that earlier assumptions should be revised.

As of December 31, 2005, the separate account liability for guaranteed minimum benefits and the additional liability recognized related to minimum guarantees was \$3.7 billion and \$0.8, respectively. As of December 31, 2004, the separate account liability for guaranteed minimum benefits and the additional liability recognized related to minimum guarantees was \$4.4 billion and \$0.7, respectively.

The aggregate fair value of equity securities, including mutual funds, supporting separate accounts with additional insurance benefits and minimum investment return guarantees as of December 31, 2005 and 2004 was \$3.7 billion and \$4.4 billion, respectively.

7. Income Taxes

For taxable year 2005, ILIAC will file a consolidated federal income tax return with its (former) subsidiary, IICA. ILIAC's consolidated group filings with IICA for taxable year 2005 and prior taxable periods is governed by a federal tax allocation agreement with IICA whereby ILIAC charges its subsidiary for federal taxes it would have incurred were it not a member of the consolidated group and credits IICA for losses at the statutory federal tax rate.

Income tax expense (benefit) included in the financial statements are as follows for the years ended December 31, 2005, 2004, and 2003.

	 2005 2004			2003		
Current tax (benefit) expense:						
Federal	\$ (10.5)	\$	(3.8)	\$	37.9	
State	-		-		1.1	
Total current tax (benefit) expense	(10.5)		(3.8)		39.0	
Deferred tax expense:						
Federal	11.9		46.2		22.1	
Total deferred tax expense	11.9		46.2		22.1	
Total income tax expense	\$ 1.4	\$	42.4	\$	61.1	

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

(Dollar amount in millions, unless otherwise stated)

Income taxes were different from the amount computed by applying the federal income tax rate to income before income taxes for the following reasons for the years ended December 31, 2005, 2004, and 2003.

	 2005	2004		2004		 2003
Income before income taxes and cumulative						
effect of change in accounting principle	\$ 245.9	\$	241.7	\$ 215.7		
Tax rate	 35.0%		35%	 35%		
Income tax at federal statutory rate	86.1		84.6	75.5		
Tax effect of:						
State income tax, net of federal benefit	-		-	0.7		
Dividend received deduction	(25.8)		(9.6)	(14.0)		
IRS audit settlement	(58.2)		(33.0)	-		
Transfer of mutual fund shares	-		-	_		
Other	(0.7)		0.4	(1.1)		
Income tax expense	\$ 1.4	\$	42.4	\$ 61.1		

The tax effects of temporary differences that give rise to Deferred tax assets and Deferred tax liabilities at December 31, 2005 and 2004, are presented below:

	 2005	2004		
Deferred tax assets:				
Insurance reserves	\$ 275.5	\$	286.4	
Unrealized gains allocable to				
experience-rated contracts	17.0		125.1	
Investments	23.3		-	
Postemployment benefits	57.7		60.5	
Compensation	37.6		35.5	
Other	14.1		23.4	
Total gross assets	425.2		530.9	
Deferred tax liabilities:				
Value of business acquired	(453.0)		(477.8)	
Net unrealized capital gains	(31.8)		(161.3)	
Deferred policy acquisition costs	(123.6)		(91.3)	
Other	(0.1)		(9.8)	
Total gross liabilities	(608.5)		(740.2)	
Net deferred income tax liability	\$ (183.3)	\$	(209.3)	

Net unrealized capital gains and losses are presented as a component of Other comprehensive income (loss) in Shareholder's equity, net of deferred taxes.

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

(Dollar amount in millions, unless otherwise stated)

Under prior law, life insurance companies were allowed to defer from taxation a portion of income. The deferred income was accumulated in the Policyholders' Surplus Account and only becomes taxable under certain conditions, which management believes to be remote. Furthermore, the American Jobs Creation Act of 2004 allows certain tax-free distributions from the Policyholders' Surplus Account during 2005 and 2006. Therefore, based on currently available information, no federal income taxes have been provided on the Policyholders' Surplus Account accumulated balance of \$17.2.

Valuation allowances are provided when it is considered more likely than not that deferred tax assets will not be realized. No valuation allowance has been established at this time, as management believes the above conditions presently do not exist.

The Company establishes reserves for possible proposed adjustments by various taxing authorities. Management believes there are sufficient reserves provided for, or adequate defenses against any such adjustments.

The Internal Revenue Service ("IRS") has completed its examination of the Company's returns through tax year 2001. The current and prior period provisions reflect non-recurring favorable adjustments resulting from a reduction in the tax liability that no longer needs to be provided based on the results of the current IRS examination, monitoring the activities of the IRS with respect to certain issues with other taxpayers, and the merits of the positions. The IRS has commenced examination of the Company's returns for tax years 2002 and 2003. There are also various state audits in progress.

8. Benefit Plans

Defined Benefit Plan

ING North America Insurance Corporation ("ING North America") sponsors the ING Americas Retirement Plan (the "Retirement Plan"), effective as of December 31, 2001. Substantially all employees of ING North America and its subsidiaries and affiliates (excluding certain employees) are eligible to participate, including the Company's employees other than Company agents. The Retirement Plan is a tax-qualified defined benefit plan, the benefits of which are guaranteed (within certain specified legal limits) by the Pension Benefit Guaranty Corporation ("PBGC"). As of January 1, 2002, each participant in the Retirement Plan (except for certain specified employees) earns a benefit under a final average compensation formula. Subsequent to December 31, 2001, ING North America is responsible for all Retirement Plan liabilities. The costs allocated to the Company for its employees' participation in the Retirement Plan were \$21.4, \$19.0, and \$15.1, for 2005, 2004, and 2003, respectively, and are included in Operating expenses in the Statements of Operations.

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

(Dollar amount in millions, unless otherwise stated)

Defined Contribution Plan

ING North America sponsors the ING Americas Savings Plan and ESOP (the "Savings Plan"). Substantially all employees of ING North America and its subsidiaries and affiliates (excluding certain employees, including but not limited to Career Agents) are eligible to participate, including the Company's employees other than Company agents. Career Agents are certain, full-time insurance salesmen who have entered into a career agent agreement with the Company and certain other individuals who meet specified eligibility criteria. The Savings Plan is a tax-qualified profit sharing and stock bonus plan, which includes an employee stock ownership plan ("ESOP") component. Savings Plan benefits are not guaranteed by the PBGC. The Savings Plan allows eligible participants to defer into the Savings Plan a specified percentage of eligible compensation on a pre-tax basis. ING North America matches such pre-tax contributions, up to a maximum of 6% of eligible compensation. All matching contributions are subject to a 4year graded vesting schedule (although certain specified participants are subject to a 5year graded vesting schedule). All contributions made to the Savings Plan are subject to certain limits imposed by applicable law. Pre-tax charges to operations of the Company for the Savings Plan were \$8.5, \$8.0, and \$7.1, in 2005, 2004, and 2003, respectively, and are included in Operating expenses in the Statements of Operations.

Non-Qualified Retirement Plans

Through December 31, 2001, the Company, in conjunction with ING North America, offered certain eligible employees (other than Career Agents) a Supplemental Executive Retirement Plan and an Excess Plan (collectively, the "SERPs"). Benefit accruals under the SERPs ceased, effective as of December 31, 2001. Benefits under the SERPs are determined based on an eligible employee's years of service and average annual compensation for the highest five years during the last ten years of employment.

The Company, in conjunction with ING North America, sponsors the Pension Plan for Certain Producers of ING Life Insurance and Annuity Company (formerly the Pension Plan for Certain Producers of Aetna Life Insurance and Annuity Company) (the "Agents Non-Qualified Plan"). This plan covers certain full-time insurance salesmen who have entered into a career agent agreement with the Company and certain other individuals who meet the eligibility criteria specified in the plan ("Career Agents"). The Agents Non-Qualified Plan was terminated effective January 1, 2002. In connection with the termination, all benefit accruals ceased and all accrued benefits were frozen.

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

(Dollar amount in millions, unless otherwise stated)

The SERPs and Agents Non-Qualified Plan, are non-qualified defined benefit pension plans, which means all the SERPs benefits are payable from the general assets of the Company and Agents Non-Qualified Plan benefits are payable from the general assets of the Company and ING North America. These non-qualified defined benefit pension plans are not guaranteed by the PBGC.

Obligations and Funded Status

The following tables summarize the benefit obligations, fair value of plan assets, and funded status, for the SERPs and Agents Non-Qualified Plan, for the years ended December 31, 2005 and 2004.

	2005	2004
Change in Benefit Obligation:		
Defined benefit obligation, January 1	\$ 104.1	\$ 101.6
Service cost	-	-
Interest cost	6.0	5.9
Benefits paid	(9.7)	(16.2)
Plan amendment	-	0.3
Actuarial loss on obligation	6.4	12.5
Defined benefit obligation, December 31	\$ 106.8	\$ 104.1
Fair Value of Plan Assets:		
Fair value of plan assets, December 31	\$ 	\$
Funded Status:		
Funded status at December 31	\$ (106.8)	\$ (104.1)
Unrecognized past service cost	0.4	0.6
Unrecognized net loss	22.8	15.6
Net amount recognized	\$ (83.6)	\$ (87.9)

Amounts recognized in the Consolidated Balance Sheet consist of:

Accrued benefit cost	\$ (101.8)	\$ (105.2)
Intangible assets	0.4	0.6
Accumulated other comprehensive income	17.8	16.7
Net amount recognized	\$ (83.6)	\$ (87.9)

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

(Dollar amount in millions, unless otherwise stated)

At December 31, 2005 and 2004, the accumulated benefit obligation was \$106.8 and \$107.7, respectively.

Assumptions

The weighted-average assumptions used in the measurement of the December 31, 2005 and 2004 benefit obligation for the SERPs and Agents Non-Qualified Plan, were as follows:

	2005	2004
Discount rate at beginning of period	6.00%	6.25%
Rate of compensation increase	4.00%	4.00%

In determining the discount rate assumption, the Company utilizes current market information provided by its plan actuaries (particularly the Citigroup Pension Discount Curve), including a discounted cash flow analysis of the Company's pension obligation and general movements in the current market environment. The discount rate modeling process involves selecting a portfolio of high quality, noncallable bonds that will match the cash flows of ING Americas' Retirement Plan. Based upon all available information, it was determined that 5.50% was the appropriate discount rate as of December 31, 2005, to calculate the Company's accrued benefit liability. Accordingly, as prescribed by SFAS No. 87, "Employers' Accounting for Pensions", the 5.50% discount rate will also be used to determine the Company's 2006 pension expense. December 31 is the measurement date for the SERP's and Agents Non-Qualified Plan.

The weighted-average assumptions used in calculating the net pension cost were as follows:

	2005	2004	2003
Discount rate	6.00%	6.25%	6.75%
Rate of increase in compensation levels	4.00%	3.75%	3.75%

The weighted average assumptions used in calculating the net pension cost for 2005 were as indicated above (6.00% discount rate, 4.00% rate of compensation increase). Since the benefit plans of the Company are unfunded, an assumption for return on plan assets is not required.

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

(Dollar amount in millions, unless otherwise stated)

Net Periodic Benefit Costs

Net periodic benefit costs for the SERPs and Agents Non-Qualified Plan, for the years ended December 31, 2005, 2004, and 2003, were as follows:

	2005	2004	2003
Interest cost	\$ 6.0	\$ 5.9	\$ 6.9
Net actuarial loss recognized			
in the year	1.3	-	0.9
Unrecognized past service cost			
recognized in the year	0.2	0.2	0.2
The effect of any curtailment or settlement	 0.3	 0.1	
Net periodic benefit cost	\$ 7.8	\$ 6.2	\$ 8.0

Cashflows

There are no 2006 employer expected contributions. Future expected benefit payments related to the SERPs, and Agents Non-Qualified Plan, for the years ended December 31, 2006 through 2010, and thereafter through 2015, are estimated to be \$13.5, \$13.6, \$13.2, \$9.8, \$9.6, and \$30.2, respectively.

Other

On October 4, 2004, the President signed into law The Jobs Creation Act ("Jobs Act"). The Jobs Act affects nonqualified deferred compensation plans, such as the Agents Nonqualified Plan. ING North America will make changes to impacted nonqualified deferred compensation plans, as necessary to comply with the requirements of the Jobs Act.

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

(Dollar amount in millions, unless otherwise stated)

Other Benefit Plans

In addition, the Company, in conjunction with ING North America, sponsors the following benefit plans:

- The ING 401(k) Plan for ILIAC Agents, which allows participants to defer a specified percentage of eligible compensation on a pre-tax basis. The Company match equals 50% of a participant's pre-tax deferral contribution, with a maximum of 3% of the participant's pay.
- The Producers' Incentive Savings Plan, which allows participants to defer up to a specified portion of their eligible compensation on a pre-tax basis. The Company matches such pre-tax contributions at specified amounts.
- The Producers' Deferred Compensation Plan, which allows participants to defer up to a specified portion of their eligible compensation on a pre-tax basis.
- Certain health care and life insurance benefits for retired employees and their eligible dependents. The post retirement health care plan is contributory, with retiree contribution levels adjusted annually. The life insurance plan provides a flat amount of noncontributory coverage and optional contributory coverage.

The benefit charges allocated to the Company related to these plans for the years ended December 31, 2005, 2004, and 2003, were not significant.

9. Related Party Transactions

Operating Agreements

ILIAC has certain agreements whereby it incurs expenses with affiliated entities. The agreements are as follows:

- Investment Advisory agreement with ING Investment Management LLC ("IIM"), an affiliate, in which IIM provides asset management, administrative, and accounting services for ILIAC's general account. ILIAC records a fee, which is paid quarterly, based on the value of the general account AUM. For the years ended December 31, 2005, 2004, and 2003, expenses were incurred in the amounts of \$61.7, \$58.8, and \$53.8, respectively.
- Services agreement with ING North America for administrative, management, financial, and information technology services, dated January 1, 2001 and amended effective January 1, 2002. For the years ended December 31, 2005, 2004, and 2003, expenses were incurred in the amounts of \$138.5, \$132.9, and \$136.4, respectively.

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

(Dollar amount in millions, unless otherwise stated)

• Services agreement between ILIAC and its U.S. insurance company affiliates dated January 1, 2001, and amended effective January 1, 2002. For the years ended December 31, 2005, 2004, and 2003, net expenses related to the agreement were incurred in the amount of \$17.8, \$8.6, and \$19.2, respectively.

Management and service contracts and all cost sharing arrangements with other affiliated companies are allocated in accordance with the Company's expense and cost allocation methods.

Investment Advisory and Other Fees

ILIAC serves as investment advisor to certain variable funds used in Company products (collectively, the "Company Funds"). The Company Funds pay ILIAC, as investment advisor, a daily fee which, on an annual basis, ranged, depending on the Fund, from 0.5% to 1.0% of their average daily net assets. Each of the Company Funds managed by ILIAC are subadvised by investment advisors, in which case ILIAC pays a subadvisory fee to the investment advisors, which may include affiliates. ILIAC is also compensated by the separate accounts for bearing mortality and expense risks pertaining to variable life and annuity contracts. Under the insurance and annuity contracts, the separate accounts pay ILIAC a daily fee, which, on an annual basis is, depending on the product, up to 3.4% of their average daily net assets. The amount of compensation and fees received from affiliated mutual funds and separate accounts amounted to \$263.0, \$209.2, and \$201.4 (excludes fees paid to Aeltus Investment Management, Inc., now known as ING Investment Management Co.) in 2005, 2004, and 2003, respectively.

Financing Agreements

ILIAC maintains a reciprocal loan agreement with ING America Insurance Holdings, Inc. ("ING AIH"), an affiliate, to facilitate the handling of unanticipated short-term cash requirements that arise in the ordinary course of business. Under this agreement, which became effective in June 2001 and expires on April 1, 2011, either party can borrow up to 3% of ILIAC's statutory admitted assets as of the preceding December 31 from the other. Interest on any ILIAC borrowings is charged at the rate of ING AIH's cost of funds for the interest period plus 0.15%. Interest on any ING AIH borrowings is charged at a rate based on the prevailing interest rate of U.S. commercial paper available for purchase with a similar duration. Under this agreement, ILIAC incurred interest expense of \$0.7, \$0.2, and \$0.1, for the years ended December 31, 2005, 2004, and 2003, respectively, and earned interest income of \$1.0, \$1.3, and \$0.9, for the years ended December 31, 2005, 2004, and 2003, respectively. At December 31, 2005 and 2004, respectively, ILIAC had \$131.0 and \$25.0 receivable from ING AIH under this agreement.

(Dollar amount in millions, unless otherwise stated)

Note with Affiliate

On December 29, 2004, ING USA Annuity and Life Insurance Company ("ING USA") issued surplus notes in the aggregate principal amount of \$400.0 (the "Notes") scheduled to mature on December 29, 2034, to its affiliates, ILIAC, ReliaStar Life Insurance Company ("ReliaStar Life"), and Security Life of Denver International Limited ("SLDI"), in an offering that was exempt from the registration requirements of the Securities Act of 1933. ILIAC's \$175.0 notes receivable from ING USA bears interest at a rate of 6.26% per year. Any payment of principal and/or interest is subject to the prior approval of the Iowa Insurance Commissioner. Interest is scheduled to be paid semi-annually in arrears on June 29 and December 29 of each year, commencing on June 29, 2005. Interest income for the year ended December 31, 2005 was \$11.1 and minimal for the year ended December 31, 2004.

Tax Sharing Agreement

ILIAC has also entered into a state tax sharing agreement with ING AIH and each of the specific subsidiaries that are parties to the agreement. The state tax agreement applies to situations in which ING AIH and all or some of the subsidiaries join in the filing of a state or local franchise, income tax, or other tax return on a consolidated, combined, or unitary basis.

Capital Transactions

ILIAC paid a cash dividend of \$70.0 to Lion in 2004 and did not pay any cash dividends to Lion in 2003 and 2005. In March 2006, ILIAC paid a cash dividend of \$131.0 to Lion.

ILIAC did not receive capital contributions from Lion in 2005 and 2004, and received \$230.0 in capital contributions from Lion during 2003.

10. Financing Agreements

ILIAC maintains a \$100.0 uncommitted, perpetual revolving note facility with the Bank of New York ("BONY"). Interest on any of ILIAC's borrowing accrues at an annual rate equal to a rate quoted by BONY to ILIAC for the borrowing. Under this agreement, ILIAC incurred minimal interest expense for the years ended December 31, 2005, 2004, and 2003. At December 31, 2005 and 2004, ILIAC did not have any amounts outstanding under the revolving note facility.

ILIAC also maintains a \$75.0 uncommitted line-of-credit agreement with PNC Bank ("PNC"), effective December 19, 2005. Borrowings are guaranteed by ING AIH, with maximum aggregate borrowings outstanding at anytime to ING AIH and its affiliates of

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

(Dollar amount in millions, unless otherwise stated)

\$75.0. Interest on any of ILIAC's borrowing accrues at an annual rate equal to a rate quoted by PNC to ILIAC for the borrowing. Under this agreement, ILIAC incurred no interest expense for the year ended December 31, 2005. As December 31, 2005, ILIAC did not have any amounts outstanding under the line-of-credit agreement.

Prior to September 30, 2005, ILIAC also maintained a \$125.0 uncommitted revolving note facility with SunTrust Bank, Atlanta. Under the agreement, ILIAC incurred minimal interest expense for the years ended December 31, 2005, 2004, and 2003. At December 31, 2004, ILIAC had no outstanding balances under this facility.

Also see Financing Agreements in the Related Party Transactions footnote.

11. Reinsurance

At December 31, 2005, the Company had reinsurance treaties with 6 unaffiliated reinsurers and 1 affiliated reinsurer covering a significant portion of the mortality risks and guaranteed death benefits under its variable contracts. The Company remains liable to the extent its reinsurers do not meet their obligations under the reinsurance agreements.

On October 1, 1998, the Company sold its domestic individual life insurance business to Lincoln for \$1.0 billion in cash. The transaction is generally in the form of an indemnity reinsurance arrangement, under which Lincoln contractually assumed from the Company certain policyholder liabilities and obligations, although the Company remains directly obligated to contractowners.

Effective January 1, 1998, 90% of the mortality risk on substantially all individual universal life product business written from June 1, 1991 through October 31, 1997 was reinsured externally. Beginning November 1, 1997, 90% of new business written on these products was reinsured externally. Effective October 1, 1998 this agreement was assigned from the third party reinsurer to Lincoln.

The Company has assumed \$25.0 of premium revenue from Aetna Life, for the purchase and administration of a life contingent single premium variable payout annuity contract. In addition, the Company is also responsible for administering fixed annuity payments that are made to annuitants receiving variable payments. Reserves of \$17.8 and \$19.3 were maintained for this contract as of December 31, 2005 and 2004, respectively.

Reinsurance ceded in force for life mortality risks were \$24.2 and \$26.1 at December 31, 2005 and 2004, respectively. At December 31, 2005 and 2004, net receivables were comprised of the following:

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

(Dollar amount in millions, unless otherwise stated)

Claims recoverable from reinsurers	\$ 2,806.6 \$	2,903.0
Payable for reinsurance premiums	(1.7)	(0.9)
Reinsured amounts due to an		
unaffiliated reinsurer	(0.3)	0.2
Reserve credits	1.1	1.5
Other	(9.0)	(2.5)
Total	\$ 2,796.7	\$ 2,901.3

Included in the accompanying financial statements are net policy benefit recoveries of \$13.1, \$19.3, and \$22.5, for the years ended December 31, 2005, 2004, and 2003, respectively.

Premiums and Interest credited and other benefits to contractowners included the following premiums ceded and reinsurance recoveries for the years ended December 31, 2005, 2004, and 2003.

	2005	2004	2003
Premiums ceded under reinsurance	\$ 215.7	\$ 245.4	\$ 265.2
Reinsurance recoveries	350.5	375.9	366.7

12. Commitments and Contingent Liabilities

Leases

The Company leases its office space and certain other equipment under various operating leases, the latest term of which expires in 2011.

For the years ended December 31, 2005, 2004, and 2003, rent expense for leases was \$17.4, \$17.2, and \$18.1, respectively. The future net minimum payments under noncancelable leases for the years ended December 31, 2006 through 2009 are estimated to be \$17.0, \$15.6, \$2.6, and \$1.5, respectively, and \$0.7 thereafter. The Company pays substantially all expenses associated with its leased and subleased office properties. Expenses not paid directly by the Company are paid for by an affiliate and allocated back to the Company.

Commitments

Through the normal course of investment operations, the Company commits to either purchase or sell securities, commercial mortgage loans, or money market instruments at a specified future date and at a specified price or yield. The inability of counterparties to honor these commitments may result in either a higher or lower replacement cost. Also,

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

(Dollar amount in millions, unless otherwise stated)

there is likely to be a change in the value of the securities underlying the commitments. At December 31, 2005, the Company had off-balance sheet commitments to purchase investments equal to their fair value of \$516.7, \$398.0 of which was with related parties. At December 31, 2004, the Company had off-balance sheet commitments to purchase investments equal to their fair value of \$778.2, \$440.4 of which was with related parties. During 2005 and 2004, \$42.4 and \$19.8, respectively, was funded to related parties under off-balance sheet commitments.

Litigation

The Company is involved in threatened or pending lawsuits/arbitrations arising from the normal conduct of business. Due to the climate in insurance and business litigation/arbitration, suits against the Company sometimes include claims for substantial compensatory, consequential, or punitive damages and other types of relief. Moreover, certain claims are asserted as class actions, purporting to represent a group of similarly situated individuals. While it is not possible to forecast the outcome of such lawsuits/arbitrations, in light of existing insurance, reinsurance and established reserves, it is the opinion of management that the disposition of such lawsuits/arbitrations will not have a materially adverse effect on the Company's operations or financial position.

Other Regulatory Matters

Regulatory Matters

As with many financial services companies, the Company and its affiliates have received informal and formal requests for information from various state and federal governmental agencies and self-regulatory organizations in connection with inquiries and investigations of the products and practices of the financial services industry. In each case, the Company and its affiliates have been and are providing full cooperation.

Investment Product Regulatory Issues

Since 2002, there has been increased governmental and regulatory activity relating to mutual funds and variable insurance products. This activity has primarily focused on inappropriate trading of fund shares; revenue sharing and directed brokerage; compensation; sales practices, suitability, and supervision; arrangements with service providers; pricing; compliance and controls; adequacy of disclosure; and document retention.

In addition to responding to governmental and regulatory requests on fund trading issues, ING management, on its own initiative, conducted, through special counsel and a national accounting firm, an extensive internal review of mutual fund trading in ING

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

(Dollar amount in millions, unless otherwise stated)

insurance, retirement, and mutual fund products. The goal of this review was to identify any instances of inappropriate trading in those products by third parties or by ING investment professionals and other ING personnel.

The internal review identified several isolated arrangements allowing third parties to engage in frequent trading of mutual funds within the variable insurance and mutual fund products of certain affiliates of the Company, and identified other circumstances where frequent trading occurred despite measures taken by ING intended to combat market timing. Each of the arrangements has been terminated and disclosed to regulators, to the independent trustees of ING Funds (U.S.) and in Company reports previously filed with the Securities and Exchange Commission ("SEC") pursuant to the Securities Exchange Act of 1934, as amended.

In September 2005, an affiliate of the Company, ING Fund Distributors, LLC ("IFD") and one of its registered persons settled an administrative proceeding with the National Association of Securities Dealers ("NASD") in connection with frequent trading arrangements. IFD neither admitted nor denied the allegations or findings and consented to certain monetary and non-monetary sanctions. IFD's settlement of this administrative proceeding is not material to the Company.

Other regulators, including the SEC and the New York Attorney General, are also likely to take some action with respect to certain ING affiliates before concluding their investigations relating to fund trading. The potential outcome of such action is difficult to predict but could subject certain affiliates to adverse consequences, including, but not limited to, settlement payments, penalties, and other financial liability. It is not currently anticipated, however, that the actual outcome of any such action will have a material adverse effect on ING or ING's U.S.-based operations, including the Company.

ING has agreed to indemnify and hold harmless the ING Funds from all damages resulting from wrongful conduct by ING or its employees or from ING's internal investigation, any investigations conducted by any governmental or self-regulatory agencies, litigation or other formal proceedings, including any proceedings by the SEC. Management reported to the ING Funds Board that ING management believes that the total amount of any indemnification obligations will not be material to ING or ING's U.S.-based operations, including the Company.

Insurance and Other Regulatory Matters

The New York Attorney General and other federal and state regulators are also conducting broad inquiries and investigations involving the insurance industry. These initiatives currently focus on, among other things, compensation and other sales incentives; potential conflicts of interest; potential anti-competitive activity; reinsurance;

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

(Dollar amount in millions, unless otherwise stated)

marketing practices; specific product types (including group annuities and indexed annuities); and disclosure. It is likely that the scope of these industry investigations will further broaden before they conclude. The Company and certain of its U.S. affiliates have received formal and informal requests in connection with such investigations, and are cooperating fully with each request for information.

These initiatives may result in new legislation and regulation that could significantly affect the financial services industry, including businesses in which the Company is engaged.

In light of these and other developments, U.S. affiliates of ING, including the Company, periodically review whether modifications to their business practices are appropriate.

13. Accumulated Other Comprehensive Income

Shareholder's equity included the following components of Accumulated other comprehensive income as of December 31, 2005 and 2004.

	2005	2004	2003
Net unrealized capital gains (losses):			
Fixed maturities, available-for-sale	\$ (22.2)	\$ 482.1	\$ 615.1
Equity securities, available-for-sale	3.2	8.7	13.8
Derivatives	4.2	-	3.7
DAC/VOBA adjustment on			
available-for-sale securities	5.1	(9.5)	(19.6)
Sales inducements amortization adjustment			
on available-for-sale securities	0.1	(0.1)	-
Premium deficiency reserve adjustment	(23.6)	-	-
Other investments (primarily			
limited partnerships)	1.2	1.3	57.3
Less: allocation to experience-rated			
contracts	(48.6)	357.5	491.5
Subtotal	16.6	125.0	178.8
Less: deferred income taxes	10.3	41.2	62.8
Net unrealized capital gains	6.3	83.8	116.0
Minimum pension liability, net of tax	(11.6)	(16.7)	-
Accumulated other comprehensive (loss)	 		
income	\$ (5.3)	\$ 67.1	\$ 116.0

Net unrealized capital (losses) gains allocated to experience-rated contracts of \$(48.6) and \$357.5 at December 31, 2005 and 2004, respectively, are reflected on the

(A wholly-owned subsidiary of Lion Connecticut Holdings Inc.)

Notes to Consolidated Financial Statements

(Dollar amount in millions, unless otherwise stated)

Consolidated Balance Sheets in Future policy benefits and claims reserves and are not included in Shareholder's equity.

Changes in Accumulated other comprehensive income related to changes in net unrealized capital gains and losses on securities, including securities pledged and excluding those related to experience-rated contracts, were as follows for the years ended December 31, 2005, 2004, and 2003.

	 2005	2004	2003
Fixed maturities, available-for-sale	\$ (504.3)	\$ (133.0)	\$ (125.8)
Equity securities, available-for-sale	(5.5)	(5.1)	17.9
Derivatives	4.2	(3.7)	3.7
DAC/VOBA adjustment on available-for-sale securities	14.6	10.1	4.4
Sales inducements amortization adjustment			
available-for-sale securities	0.2	(0.1)	-
Premium deficiency reserve adjustment	(23.6)	-	-
Other	(0.1)	(56.0)	25.9
Less: allocation to experience-rated contracts	 (406.1)	(134.0)	(71.6)
Subtotal	(108.4)	(53.8)	(2.3)
Deferred income taxes	(30.9)	 (21.6)	 (0.8)
Net change in unrealized			
capital losses	\$ (77.5)	\$ (32.2)	\$ (1.5)

Changes in Accumulated other comprehensive income, net of DAC/VOBA and tax, related to changes in net unrealized gains and losses on securities, including securities pledged and excluding those related to experience-rated contracts, were as follows for the years ended December 31, 2005, 2004, and 2003:

	2005	2004	2003
Net unrealized holding losses arising			
during the year (1)	\$ (38.2)	\$ (1.8)	\$ (31.9)
Less: reclassification adjustment for gains			
(losses) and other items included in net income ⁽²⁾	 39.3	 30.4	 (30.4)
Net unrealized losses on securities	\$ (77.5)	\$ (32.2)	\$ (1.5)

⁽¹⁾ Pretax unrealized holding losses arising during the period were \$(53.4), \$(3.0), and \$(48.9), for the years ended December 31, 2005, 2004, and 2003, respectively.

⁽²⁾ Pretax reclassification adjustments for gains (losses) and other items included in net income were \$55.0, \$50.8, and \$(46.6), for the years ended December 31, 2005, 2004, and 2003, respectively.

14. Reclassifications and Changes to Prior Year Presentation

Statements of Cash Flows

During 2005, certain changes were made to the Statements of Cash Flows for the year ended December 31, 2003 to reflect the correct balances, primarily related to short-term loans. As the Company has determined these changes as immaterial, the Statements of Cash Flows for the year ended December 31, 2003 has not been labeled as restated. The following table summarizes the adjustments:

]	Previously				
<u>2004</u>		Reported	_	Adjustment	_	Revised
Net cash provided by operating activities	\$	1,021.7	\$	(22.4)	\$	999.3
Net cash used in investing activities		(543.2)		5.9		(537.3)
Net cash used in financing activities		(349.0)		16.4		(332.6)
2003						
Net cash provided by operating activities	\$	1,058.3	\$	55.9	\$	1,114.2
Net cash used in investing activities		(2,043.5)		(14.4)		(2,057.9)
Net cash used in financing activities		977.6		(41.4)		936.2
